**A Great Closing Meeting.**

Arrangements are making for a rousing Norris meeting in this city, next Monday evening, when the congressman will close his campaign at his home town with the greatest meeting of the campaign in the Temple theatre.

Friday morning, the congressman will be one of an automobile party of six or seven cars to take a run down the Beaver valley. Various Republican candidates on the local ticket will be in this party.

**This Explains.**

On halloween the boys played havoc on the South Side. Among other things, the meanest thing they did was to meddle with the irrigation ditch and laterals. They placed a board and Russian thistles above a culvert, causing the entire head of water to flow into the public road, making it almost impassable for automobiles and heavily loaded wagons.

Communicated.

**GREAT FARMER'S INSTITUTE.**

Very Large Attendance Despite the Unfavorable Weather and by Far the Largest and Most Numerous Exhibit Ever Made in a County Institute.

The Tribune takes more than passing pleasure in pronouncing the Farmers' Institute and Children's Contests held in McCook, last Thursday, as a splendid and gratifying success.

Despite the weather there was a large attendance, showing the deep and wide-reaching interest the people of the county have in this affair.

The entries totaled two or three times more than have ever been made in these contests in the past, so that it was practically impossible to give prizes in each and every instance.

The exhibit made was a source of constant wonderment to all who saw, and they crowded the house all day long.

The formal program of the day was as follows:

**Afternoon Session.**

Piano Duet, Misses Helen Nilsson and Hope Bull, Marion.

"Conservation," Dr. G. E. Condra, University of Nebraska.

Song, Nellie Schwab, McCook.

"How to Make Profits from a Few Cows," Prof. John Bower, Lincoln.

Song, Girls' Glee Club, McCook High School.

"Domestic Science for the Girls," Miss Nellie Maxwell, Neenah, Wis. (This lecture will be illustrated.)

**Evening Session.**

"The Heart of Old Hickory," Miss Gertrude Morrissey.

"Some Suggestions about Home Nursing," Miss Maxwell.

Song, Girls' Glee Club, McCook High School.

"Conservation," Dr. Condra.

Vocal Duet, Misses Alice Townley and Phyllis Sargent, Indianola.

"Opportunities for Nebraska Boys," Prof. Bower.

The addresses of Dr. Condra, both afternoon and evening, were very instructive and illuminating, couched in understandable language and favoring the people's side of the question as advanced by Theodore Roosevelt. He exhibited a map of Nebraska; defined the subject as applying to this state,—its soil, climate, altitude, precipitation, etc.

State Inspector Gregory added to the sessions.

Messrs. Bolles and Hiersekorn were captains of industry in preparing for the affair and in making the agricultural exhibit. They are both entitled to much credit.

Mrs. S. D. Bolles, Jr., showed especial aptitude and skill in arranging the display of grasses and in arranging and preparing banners, etc.

The teachers of the Indianola, Danbury and Marion schools were all present.

The McCook public schools were closed to give the pupils an opportunity to take in the exhibit.

And Miss Bettcher, county superintendent, must take her share of credit, for hard work done and success accomplished.

**"Under Southern Skies."**

The above production at the Temple, Monday evening, was one of the best-received plays of the season. It was well-played—sort of an all-star cast, but with Miss Dorothy Lee as Lelia Crofton distinctly in the ascendant. There was a splendid audience present, and there was every needed evidence that they appreciated and enjoyed the company's offering of that delightful southern play.

**Voile Skirts \$6.00, \$7.50, \$10.00**

at The Thompson D. G. Co.'s. Large line of Panama, Serge, Batiste, Mohair and Voile Skirts and Cloth Skirts from \$2.50 to \$10.00. Alterations free. The Thompson D. G. Co. Utmost value.

**NEW DEPARTURE.**

**American Beet Sugar Company Will Silo, Rushing in All Beets.**

The American Beet Sugar Company has issued open orders to its many growers for immediate delivery of their crop of beets, and in a few days it will be siloing from 12,000 to 14,000 tons at its main delivery stations of Overton, Dar and Hershey.

This is a new departure on the part of the company in handling the beet crop, and if it is a success, as the company has every reason to believe it will be, it will eliminate the necessity of the farmer having to do this work and will also enable him to harvest his entire crop as fast as possible, starting just after Oct. 5 each year, thereby taking no chances what ever in losing his crop by freezing or by the roads being so bad that hauling would be impossible, which is more or less in the months of November and December.

In this way the harvest of the beet crop will compare favorably with that of any other crop that is grown, besides giving the grower the proceeds from his beets at least two months earlier than if he were siloing them himself.

It is hoped that this mode of siloing will be a success, and if it is will no doubt influence a large number of farmers to grow sugar beets who are not growing them at the present time.—Grand Island Daily Independent, Oct. 26, 1910.

**The "Man on the Box" Coming.**

Managers McConnell & Pennell have booked for an engagement at the Temple theatre during the month of Nov. the Trousdale Bros.' big production of "The Man on the Box." This play is not unknown to the theatre-goers of our city as the book has had a very large sale. It is one of Harold McGrath's greatest books and has been cleverly dramatized by Grace Livingston Furness. The Trousdale Bros. carry an entire scenic production and a very strong acting company.

**Mary Mitchell Dead.**

A telegram, this morning, announces the death of Mary, daughter of Mr. and Mrs. E. J. Mitchell of Deshler, Nebraska. The burial will take place at Indianola, tomorrow (Friday) Mary was ten years of age. She had been sick for a few weeks but the cause of death is not definitely known.

Sympathy of many Red Willow county friends will go out to the bereaved parents and sister in fullest measure.

**How to Forestall Disease.**

In nearly every case where serious disease attacks, the first hint is given in a marked variation of the temperature.

If you have a clinical (fever) thermometer in the home you can at once detect the presence of danger and by taking prompt steps may save a long siege of sickness. Every home especially where there are children, should have a good clinical thermometer. We have good dependable ones from \$1 up.

L. W. McCONNELL, Druggist.

**Boys' Overcoats**

at \$1.75 to \$5.00. Men's Overcoats \$7.50 to \$12.50. Men's great big blanket-lined Ulsters \$4.50. Men's Clothing from \$7.50 to \$20.00 a suit. Boys' 3-piece Suits \$3.50 to \$7.50. Boys' Knickerbocker Suits \$1.75 to \$5.00. The Thompson D. G. Co. One price, plain figures, cash only.

**Card of Thanks.**

During the long illness of our husband and father we were the objects of much sympathy and assistance, which was continued until his recent death. We are grateful to all the friends and neighbors for the same.

Mrs. Ira Harrison and family.

**WANTED.**

A woman to run the laundry at the Commercial hotel. A married woman with no children can easily do it and do her own work at home also. Good pay and a short day's work.

**SENIORS ENTERTAIN FACULTY**

**And the Foot Ball Team at the High School Building.**

On Saturday evening the senior class gave a halloween party to the foot-ball team and faculty at the High School building. Everything in connection with the entertainment was done in regular halloween style. The assembly room, halls and laboratory were decorated with pumpkins, black cats, witches and corn. In one corner of the assembly room a very pretty piece of decoration was worked out in the high school colors, scarlet and cream and foot-balls. As the guests came they were met in front of the portico by witches and ghosts and silently conducted up through the dark halls, lighted with pumpkins to the large assembly room where they were served with free lunch and had their fortunes told. In the center of the room was a large witch's kettle the room was a large witch's kettle soon as all had gone through preliminary introductions, each one present was required to do some special stunt in an extemporaneous manner. This part of the entertainment was productive of much fun and amusement and everyone present had to bob for apples and even the more sedate and dignified members of the faculty seemed to enjoy this part of the program very much.

The laboratory of the high school was very daintily decorated in scarlet and cream, and lighted with pumpkins and scarlet lights. A dainty course of refreshments was served consisting of sandwiches, coffee, ice cream and cake. The plates and tables were decorated with black cats and witches. During this part of the entertainment various members of the foot-ball team and faculty were called upon to give impromptu toasts. All of these toasts were along the lighter vein and much enjoyed by those present. After refreshments had been served all of the company gathered around the witch's kettle with all the lights turned out and each one present was called to tell a ghost story. Along in the small hours of the morning about the time when witches and ghost usually appear, the company disbanded. Much credit is due the senior class for the splendid entertainment and a good time was thoroughly enjoyed by all there.

**Driving Park Association.**

The stockholders of the McCook Driving Park Association will hold a meeting in the McCook Commercial club rooms, Wednesday, November 9th, for the purpose of closing up some business affairs of the association.

The advisability of merging the association into the broader and more comprehensive organization of a district fair will be considered at this meeting also.

A full turnout of stockholders is desired as the meeting is one of more than common moment.

**This is the Month to Paint.**

Fall is a good time to paint, because the weather conditions are better than in the spring and drying is slower and more perfect. If the present coat shows the least sign of flaking, one coat now will save it and make a material saving.

It is certain that if we furnish the paint the cost will be as low as consistent with a good job and the paint will be guaranteed to be satisfactory.

**Indianola Loses to McCook by Big Score.**

Despite the wind and dust storm last Thursday a good sized crowd went over to the East Ward grounds to see the game of foot-ball between McCook and Indianola High Schools. McCook won the toss and took the north goal giving the kick off to Indianola. Within two minutes after the game started without a fumble the McCook team pushed Indianola over the goal line for the touch down. While the teams of the two schools were about even in weight, it was soon evident that they were not equally matched in skill. During the remainder of the first half the ball was at no time in McCook's territory. With forward passes which Archer had worked out for this game, the score was run up to 32 to 0 at the end of the first half. Two of the Indianola players being slightly injured, their team gave up the game and refused to play it out. It is hard to tell what the score might have been had the game been finished. The two boys slightly injured in this game both played through the game at Culbertson, two days afterward, where Indianola defeated Culbertson with a score of 22 to 3.

**Colorado, the Ancient.**

Vastly interesting and entertaining was the lecture in Masonic hall, Tuesday evening, by R. D. Graham of Colorado Springs, Colorado, on the subject of "Colorado, the Ancient, or Egypt of America." The lecturer appeared under the auspices of McCook lodge, and they invited many guests to enjoy this rare treat. The lecture dealt particularly with the cliff dwellings and dwellers of southwestern Colorado, a topic bulging and bursting with speculative interest and possibilities.

**Halloween Barn Dance.**

The ladies of the Sacred Heart guild made a great hit in their "barn dance" at the armory, last Friday evening. They were greeted by a large participation, and the affair came off with both social eclat and financial profit. The costumes were varied and "works of art."

**Turner-Spencer.**

Tuesday, November 1st, 1910, at 8 p. m., at the home of the bride's parents Mr. and Mrs. S. M. Spencer of South McCook, Mr. Samuel D. Turner and Miss Nellie E. Spencer, both of our city, were united in marriage, Rev. Lester E. Lewis, pastor of the Methodist church, officiating.

A number of relatives and friends had gathered for the most joyous occasion, and, after wishing the bride and groom a happy voyage through life all were invited to the dining-room, where the table was found to be loaded with good things, to which the guests did ample justice.

Mr. and Mrs. Turner will reside in McCook.

The bride was an esteemed member of The Tribune force for years, and has the personal good wishes of us all. The groom is a fireman on the Burlington, and stands well with his employers.
