Reasons Why The Great Majestic You Should Buy

- 1st. It has the reputation of being the best range that money can buy.
 - 2d. It is not only the best reputation but IS the best range made, and we will prove this to you if you will let us.
 - 3d. It is constructed of malleable iron material you can't heat, and of chrome-plated iron, material that resists rust 300 per cent. greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus saves very little fuel to do perfect work.
 - 4th. The reservoir alone is worth the price of range over any other reservoir made. It holds 15 gallons of water; is heat like a tea kettle, with pocket against left hand lining, and is movable and set on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.
- Majestic ranges use less fuel; heat more water and heat it hotter; cost practically nothing for repairs; lasts three times as long; bakes better; easier to keep clean and gives better satisfaction than any other range on the market. I you know positively that the above statements are true, wouldn't you buy a Majestic at once?
- Come in Demonstration Week and We'll Prove It to You.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich. illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." A. McMillen.
