## RED WILLOW.

Louis Longnecker returned from Excelsior Springs the first of last week, much benefited, and while not cured, says he feels like a different person.

Lewis Elmer's children had measles in a light form and are now well again.

Mr. and Mrs. Sexson spent a social hour or two at Louis Longnecker's Friday evening.

Mrs. Henry Powell and Mrs. Tom Haley, of Indianola, called on several friends the latter part of last week.

Bad colds, with resultant aches and pains, make a good many feel pretty "dull."

The November storm, looked for by old settlers, because this month is just like that of 1871, has not materialized as yet.

Lewis Elmer and family are much pleased to live in the country.

Mr. Otto Faul, Milwaukee, Wis., says Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." A. McMillen.

No progressive family should overlook the special arrangement with The Weekly Inter Ocean and Farmer, whereby \$1.25 pays for one year's subscription to it and this paper.

## One Magazine and One Newspaper

are indispensable to every person of intelligence.

The "one magazine" is CURRENT LITERATURE, because it alone sweeps the whole field of human thought and action in both hemispheres.

It contains a monthly review of the world's news; quotations from and comments on the press of the world; numerous graphic cartoons and other illustrations; photographs and biographic sketches of the conspicuous personalities of the month; the most recent advances in science and discovery; the noteworthy events in religion, literature and art; critical reviews of the best fiction, dramatic and musical works; a page of the best humor and a condensation of the leading plays of the month.

It gathers impartially from every field of human thought and activity those facts which are best worth knowing and gives the reader a clear, well defined and illuminating view of what the whole world is doing.

## A LIBERAL OFFER.

**We Guarantee to Cure Dyspepsia. If We Fail the Medicine Costs Nothing.**

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising of their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by the indigestible food. This perfect combination of these ingredients makes a remedy for the relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store.

## Truly Answered.

Boats trading in the Medway in former years rejoiced in rather curious names, and the following was only one of the many amusing incidents resulting from this:

A boat named What's That to You! passing a lockyard at nighttime was hailed as usual by the coast guardsman.

"Boat ahoy! Your captain's name?"

"Captain X."

"And what are you laden with?"

"Coals."

"Where bound for?"

"Chatham."

"Ship's name?"

"What's That to You?"

"I asked you the name of the ship."

"What's That to You?"

"You shall be reported for your insolence!" roared the coast guardsman. Again he put the question, and, receiving the same reply, the boat was commanded to remain where she was.

In the morning two boats were seen keeping guard. The officials, as they boarded the vessel with full authority to seize the offenders, observed for the first time the name painted in large letters. Amid the laughter and jeers of the crew of the What's That to You! they pulled moodily away.—London Telegraph.

## Political Passions of 1844.

There were elements of picturesqueness and drama in the politics of the before the war time which are lacking nowadays. Marion Harland tells in her autobiography of a Whig rally which makes the political meetings of today seem tame, cut and dried affairs. It was in 1844, the year of Clay's defeat, and feeling ran high. At that particular time John Tyler was perhaps the most unpopular man in the Union. In the progress of his review of national affairs the orator at last came to the hated name. Instantly arose the majestic figure of Captain Cook—the local eccentric, clad in the scarlet English hunting coat he invariably wore. "The Lord have mercy upon the nation!" he cried, his voice solemn with wrath and sonority with the mint juleps for which the Bell was noted. "Fellow citizens, I always cry to high heaven for mercy upon this country when John Tyler's name is mentioned! Amen and amen!"

## Distilled Gold.

The investigations of a French chemist show that gold in the electric furnace boils freely at a temperature of 2,400 degrees C. In two or three minutes, it is said, from 100 to 150 grams of gold pass into the state of vapor. In condensing upon a cold body this golden vapor forms filiform masses and cubic crystals. At its temperature of ebullition gold dissolves a little carbon, which at the time of resolidification is deposited in the form of graphite. In an alloy of gold and copper, copper distills first. In an alloy of gold and tin, the tin distills more abundantly than the gold, and when a large quantity of these mixed vapors is taken the tin burns on contact with the oxygen of the air, forming oxide of tin, colored purple by a fine dust of condensed gold. This is one method of preparing the color known as "purple of Cassius."—Harper's Weekly.

## Japanese Children.

The Japanese child is exceedingly shy and retiring before its elders, and girls are taught to practice this more than boys. In the morning as soon as they are up the children go to their parents in turn, bow their heads to the ground and say "Good morning" or "How is your honorable health?" Before a meal they lift the chopsticks to their foreheads and bow in thanks, whether their parents are present or not, for the meal set before them. Before going out to school or elsewhere and on returning they must kneel before the mother and bow. When father or mother go out the children must go to the porch, kneel down and say "Deign to go forth" or "Honorable return," as the case may be. As soon as infants can bow their heads the nurses train them in these respectful salutations.—Exchange.

## The Effects.

"I have come to you, my friend, for comfort. My best girl has treated me very badly. I was trying to explain something to her, but she gave me such sharp looks they cut me to the heart; she withered me with her scorn, crushed me with her coldness and stabbed me with her keen edged tongue."

"See here, man, you oughtn't to come to me for comfort. What you need is to go to a hospital for treatment."—Baltimore American.

## Did They "Hack" Them.

"In the olden days they had no watches, you know," said the father. "And how did they tell the time?" asked the son. "By sundials." "Well, father," said the young man, feeling of his watchless chain, "how much could a fellow get on a sundial do you suppose?"—Yonkers Statesman.

## Consistent Mrs. Biggle.

Della—Mrs. Biggle is passionately fond of cream, isn't she? Stella—Oh, my, yes! She's such a crank on cream she's going to have her husband cremated.—Boston Herald.

## Certainly Helpful.

Optimist—Ah! It is cherishing our illusions that keeps us young.  
Pessimist—Yes, but only if we cling to the illusion that we are still young.

## It is a maxim that no man was ever enslaved by influence while he was fit to be free.—Johnson.

## ONLY ONE "BEST."

**McCook People Give Credit Where Credit is Due.**

People of McCook who suffer with sick kidneys and bad backs want a kidney remedy that can be depended upon. The best is Doan's Kidney Pills, a medicine for the kidneys only, made from pure roots and herbs, and the only one that is backed by cures in McCook. Here's McCook testimony.

Mrs. M. Carmony, 310 E. Fifth st., McCook, Neb., says: "Our experience with Doan's Kidney Pills has convinced us that they are the best kidney medicine to be had. A member of our family suffered a great deal from inactive kidneys. This person's back pained him all the time and often the misery was almost unbearable. Doan's Kidneys Pills brought relief as soon as they were taken and continued use drove away the trouble."

Money carried on the person is not safe. Money loaned without good security is not safe. Money placed in speculation is not safe. Money deposited in the First National Bank is absolutely safe and will earn 4% annual interest for you.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Good Words from Iowa.

Mr. and Mrs. J. W. Wimer are spending the winter among Iowa relatives and friends. In a recent letter Mr. W. pays a tribute to the productiveness of the Iowa farm with the following figures:

Corn averaging 65 bushels to the acre; oats from 30 to 50; wheat from 20 to 40. Hay, he states, was put in fine shape—no rain—and was an extra crop. Potatoes a good crop. No fruit of any kind.

He adds just a word concerning weather: Weather ideal. Roads good. No rain—but a slight fall of snow on the 4th of November.

They are having a fine time. Expect to leave for Nebraska, about February 1st, stopping in Omaha, Plattsmouth and Lincoln on their way to McCook.
