#### TELEGRAM IS SENT TO NORRIS

Text of Message Sent to Congressman by Lincoln Meeting.

Washington, July 1.--(Special Telegram to the Bee.)--The interview given out by Franklin A. Shotwell of Omaha, secretary of the Progressive Republican league of Nebraska, in which he predicts that Nebraska will line up for the renomination of President Taft, has stirred up a tempest among those of the league who do not at all agree with Mr. Shotwell. In fact, the consensus of opinion at a meeting held in Lincoln last night repudiates the right of Mr. Shotwell to serve as the mouthpiece for the league.

Representative George W. Norris this morning received the following dispatch, signed by E. E. Carroll, president, and D. C. Van Dusen, vice president of the Nebraska Progressive league:

"At a meeting at Lincoln tonight of the executive committee, officers and members of the Progressive Republican league of Nebraska, it was the unanimous expression that Franklin A. Shotwell was not authorized to speak for the league and that his Washington interviews as published in the papers do not represent the views of the league and are not approved by its officers or members. Please give this publicity."

Representative Norris had no comment whatever to make as to the Nebraska situation as indicated by the Shotwell interview, stating he had been away from the state for some months now and really had no real or sound information as to just how public sentiment as to preferences as to the nominee of the next national republican convention may be crystallizing.

Mr. Shotwell seems to have over-shot the mark.

Our good friend Potts of the Holdrege Citizen is a poor guesser. The Tribune simply missed from the Holdrege newspapers the big ads of The Nelson Clothing Co. and The F. Johnson Co., and sought to know somewhat of the whereforeness of the whyness.

It is no difficult part of a Western Nebraskan's education to "know enough" to "go in out of the rain."

Charlie Harman of Holdrege continues his old business of building castles in the air: This time it is an air-dome. You can't keep a good man down.

The Stockville Faber is inclined to believe that the people of Curtis "have over-estimated the importance of the agricultural school, . . . and that it will strain some of them appreciably to raise the amounts they promised with but slight expectation of having to pay." In which bootleg are you carrying that bowie, Glen?

Louis Longnecker and family went from Sunday school and took dinner at Mr. Waddell's.

It only needs swarms of grasshoppers to make one think that 1874-76 were lived over again. On the upland for days lately thermometers registered from 106 to 109. In 1873 the hot winds blew continuously for two weeks. History is repeating itself.

**Kidney Diseases Are Curable** under certain conditions. The right medicine must be taken before the disease has progressed too far. Mr. Perry A. Pitman, Dale, Tex., says: "I was down in bed for four months with kidney and bladder trouble and gall stones. One bottle of Foley's Kidney Remedy cured me well and sound." Ask for it. A. McMillen.

#### Honest Medicines Versus Fakes.

President Taft's recent message, suggesting an amendment to the Pure Food and Drugs law in its relation to prepared medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the dis-

eases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds, and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious. For sale by A. McMillen.
