had better be looked after. Proper attention by a dentist is necessary, but there is often an interval when something must be used to relieve the pain or ache. Toothache has a trick of starting in the evening frequently and there should be a remedy at hand which will relieve.

Reaxall Toothache Stopper is an effective remedy. We know of nothing better and its cost is too small for any one to be deprived of it when needed. Price 10 cents.

THE NEWLY WEDS DRAW

An Immense Crowd at the Temple and Pleased Many.

The Temple theatre was filled to quite its capacity, last evening, on the return appearance of the Newly Weds and Their Baby.

The company as to cast was practically entirely new, save Adolph, the waiter, whose efforts in German comedy make up a large share of the amusement of the play.

The story of last year may be dittoed for last evening's performance, in general. The vocal efforts, chorus and solo, were very fair. The costumes handsome and the scenery effective, while there was comedy galore from the getaway to the finish.

The broilers, pointers, etc., were of pretty much the conventional sort, long and thin and scrawny, short and fat and jolly, overdressed and undressed as usual but with all the goods in the shop with them, and in the main satisfactory.

And they entertained and amused one of the greatest audiences of the season.

Musical comedies are proven "drawers," and last night's efforts of the Newlyweds was in the success class.

Out of club guests were: Mr. and Mrs. A. McMillen, Mr. and Mrs. Walter Stokes, Miss Claire Thursty and Mr. Fred Archer.

Temple Stockholders Meet

The annual meeting of the stockholders of the Masonic Temple Craft association was held in the McCook Commercial club rooms, Monday afternoon at 2:30 o'clock.

The committee on proxies reported a majority representation of the stock of the association.

The stockholders then proceeded to selection of three members of the board of directors. The three retiring members of the board, Messrs. C. L. Fahnestock, C. B. Gray and Lon Cone, were reelected without opposition.

It was moved and sustained that the president of the board of directors appoint a committee to audit the books of the association for the year 1911.

The annual reports of the secretary and treasurer were read and filed.

The stockholders returned the members of the board of directors and the managers of the theatre, Messrs. F. A. Pennell and L. W. McConnell thanks for their conduct of the business of the association and of the theatre during the past year.

The meeting of the stockholders having been completed, an adjournment was moved and carried.

The board of directors immediately went into session and reorganized. The old officers, Dr. C. L. Fahnestock, president; M. O. McClure, vice-president; Lon Cone, secretary; C. B. Gray, treasurer; were unanimously reelected.

The members of the board of directors are: C. L. Fahnestock, M. O. McClure, Lon Cone, C. B. Gray, F. M. Kimmel, H. P. Sutton, P. Walsh, A. Barnett, L. W. McConnell.

Despite the reduced business in the theatre department, the association showed a fair business condition for the year closed, December 20th, 1911.

1912 City Taxes To Be Lower

It will no doubt be welcome news to taxpayers in the city to learn that the mayor and city council are well on in the effort to refund or exchange the \$50,000 of McCook city water bonds, bearing 6 per cent interest, into bonds of lower denomination and interest.

The present bonds are in \$5,000 denomination and call for 6 per cent interest. The new plan makes the denomination \$500 and the rate of interest 5 per cent or lower, and a small premium is hoped for.

In order to avoid the expensive sinking fund proposition, the new bonds will have no optional period, and owing to this and their small denomination, the city hopes to dispose of them readily on good terms. Five of the \$500 bonds will be retired each year, and it is expected to pay all or a large part of these bonds from the annual profits of the municipal water plant.

It is hoped that these different measures of this administration will result in material reductions in the taxes paid in 1912

New Band Uniforms are Here

The new uniforms ordered some time since for the McCook band have arrived, and the boys are well pleased with their new togs. Black broadcloth is the material, with a narrow silk white stripe all around on the edges, which gives a unique and striking effect to the simplicity of the plain black.

The band has been reorganized and engaged in practice and rehearsal work for some time, and the people of McCook will be more than anxious to hear this popular musical organization, and to see their new glad clothes upon their first public appearance.

New Year Resolutions

At the end of 1911 are you better off financially than a year ago? If you are not, are you going to be better off at the end of 1912? Have you ever stopped to consider how foolish it is to work hard year after year and then just come out "even"?

Let your New Year resolution be to cut out some of the useless expenditures and to save a stipulated sum each month. And then deposit it with this good bank for safe keeping.
