The Farmers Mutual Telephone promoters have been hard at work this week and three meetings were held. A meeting was called for Tuesday at Fort Hazel to organize the first company. It is a good thing push it along.

Retiring farmer, if you are contemplating leaving the farm, don't make a mistake by going to some little village and putting your money into the kind of a home you deserve. If you should make this mistake, when you come to want to sell, you could not sell it for what the lumber cost, and you have no advantages in these villages. Come to Falls City, the capital of one of the richest counties in the state, with its fine schools and churches of the highest grades and denominations; where there is a high class of lectures and entertainments going on all the time, and where property of all kinds is advancing until there is not a farmer that came to this city and bought property, but who has made money, by so doing and you can do the same by buying this elegant home. It consists of an eight room house, built out of the best of material; boxed with good ship-lap; papered and sided with a good grade of lap siding; on a good foundation built of fine, large pitched face stone; back and front porches; good large cistern and two fine wells of water; a good cave arched with stone and with house built over it and connected with the back porch; good barn with hay mow; chicken house; smoke house; wood and coal house, all nearly new. Plenty of small fruit, strawberries, blackberries and raspberries, and a fine budded peach orchard. Fine shade and ornamental trees and nice blue grass lawn. Located on 5½ acres of good, smooth land, fenced and cross-fenced; part in good tame grass pasture with well in same. In northeast part of the city; fine neighborhood; within two blocks of the high school, and as the town is building rapidly north, this tract can be sold out in lots and blocks at a big profit, for we will sell this cheap as it must be sold by March first. Can make terms if desired. Now, if you want this 5½ acre tract with all the above improvements, cheap, write or call us over 'phone No. 168.

Whitaker Bros.

Falls City, Nebraska

A Rat Show.

A successful rat show was held at Cheltenham, England, recently. There were 60 exhibits of black, gold, gray, white, piebald and tan rats. They are not yet part of the live stock of the farm, but as dormice were fattened by the ancient Romans a British farm journal thinks there is just a chance that rats might be bred for table use.
