

READY FOR YOUR INSPECTION

This season will again mark a distinct, well defined advance in our methods, assortment and values. At the inception of our career in Falls City we fully realized that in this day there can be no standing still. The merchant must be progressive, alert, up-to-date. We have increased our variety for spring and offer an array of genuine money savers that will continue to make our place the center of trade in Richardson County.

Ladies Ready to Wear

This means no longer a few cheap, poorly made and illy designed garments. We show today in stock 300 Ladies Dress Skirts at from \$2.50 to \$20 and about 100 Ladies' Cloth Suits. We are making this department a place where a lady may buy an entire outfit, suitable for any

occasion from a wedding to a funeral, already to wear with no worry, no fitting, no delay. It is a real pleasure to us to show these garments—Come in. From these you may get useful suggestions in your dressmaking at home.

Chase & Sanborn's Coffees

We have taken the agency for the coffees of this celebrated firm and recommend them to be in every respect of superlative merit. For many years the most critical coffee drinkers all over the United States have preferred their blends and the most progressive merchants have regarded them as drawing cards in their stores. We will be pleased to furnish you samples of any of the grades **Free**.
