

**Our Weekly Market Letter.**

Kansas City, Mo., Monday, April 18, 1904—After the lower prices at the beginning of last week, account of big runs here and elsewhere, the market revived and advanced 15 or 20 cents Thursday and Friday. This put prices on best beef steers as good or a little better than close of previous week, but plain steers lost 10 cents. Cows and heifers sold well every day. A load of the very best heavy cows, weighing 1400 lbs., were picked up at an average cost of \$4.45 and choice heifers brought \$4.45 on Thursday. Stockers and feeders were quiet and a shade lower except best stockers, which remained steady. Export bulls were dull, but light butcher weights sold strong. Veal calves were steady at a lower range, best now bringing \$5.75. Supply today is 8000 head, which is not excessive, but a run of 40,000 at Chicago, with 15 to 20 cents lower price there caused a decline of 10 to 15 cents on steers here. Cows and heifers, also stockers and feeders are steady. Beef steers prices are about like last Tuesday, which was the low point last week. There appears to be plenty of buying orders, and the supply to-day was well cleaned up by noon.

Hog prices declined steadily last week, with small fluctuations. The loss was 5 to 10 cents, and to-day there is a further decline of 10 cents with \$5.00 as top price and bulk of sales at \$4.75 to \$4.95 weights below 200 lbs. sell at \$4.85 and down. Predictions of \$4.50 hogs by June first are frequently heard. Quality of hogs was not so good last week, more half fat light weights appeared, indicating a distaste in the country of feeding high priced corn.

Sheep and lambs gained 20 to 30 cents last week, as result of light runs at all markets, and ex-

cellent demands at consuming points in the East and in Europe. Supply to day is light at 3000 head, and market steady. Top lambs brought \$6.20 to-day, ewes sold last week at \$5.25 and wethers at \$5.50. Visible supply of ewes and wethers particularly is extremely limited for the next six weeks, and prices are almost sure to remain high.—J. A. Rickart, Live Stock Correspondent.

**Never so Good as Now.**

The above has reference to Campbell Bros. big shows now consolidated which will give two exhibitions at Falls City on Friday May 6th. Campbell Bros. have passed the point of competition and this season sees the grandest effort of their career. Their rise in the circus world has been phenomenal. They have been successful because they give the people what they want and are ever alert in securing features are entirely new and entail the efforts of 250 artists in the equestrian, gymnastic, acrobatic, and aerial line, together with twenty five clowns. Three-hundred horses are used and the performance of the trained animals is in itself marvelous. A gorgeous street parade will take place at 10 a. m. over the principal street. This is positively the only big show that will visit Falls City this season.

**The Horse Ran Away.**

Ed. Morgan and Paul Greenwald were driving north on Stone street Sunday morning, and when near the corner of First street, the horse scared at a bicycle and turned suddenly, overturning the buggy and throwing the occupants to the ground. Neither were seriously injured, although both were considerably shaken up and somewhat bruised. The horse ran east to the corner of W. W. Jenne's place where it was caught. The buggy was completely demolished.
