

Current Press Comments.**Seeing is Believing.**

From observation taken along the route on a recent overland trip to Falls City, we are thoroughly convinced that some of the most beautiful farms in the United States lie in Richardson county.—Verdon Vedette.

Equalization.

Our Richardson county democratic friends who are kicking on the iniquitous revenue law, need not weep entirely without hope. If the republican assessor under the republican law has "done them wrong" they may easily take the matter before the democratic board of equalization and all their griefs may be turned to joy, even if they do lose some ammunition for the coming campaign.—Humboldt Leader.

Shadow Never Grows Less.

After all the burly form of Grover Cleveland casts a dark shadow over all the democratic aspirants for the presidential nomination. His shadow is always in the back ground, huge, gloomy and ominous.—York Times.

Exhibit Assured.

Nebraska failed to construct an elaborate state building at the World's fair, but Mr. Bryan has seen to it that the state will have an exhibit in St. Louis early in July.—Washington Post.

Odious Comparison.

Colonel Watterson has the art of making comparisons that are highly disagreeable to all concerned. He says there is very little difference between Roosevelt and Cleveland.—Kansas City Journal.

Provocation.

It is provoking that what a fellow is most interested in he can't make a living at.—Hastings Tribune.

By Way of Excuse.

Many a man has charged the good Lord with being responsible for some unfortunate condition that was brought about by nothing in the world but the cussedness or weakness of the man himself. People who blame the Lord for their troubles usually do so as an excuse for themselves.—Beatrice Express.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scrapped and polished and put back, or they may be removed entirely; bones are spliced, pipes take the place of diseased sections of veins antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by the old

treatment. Chamberlains Pain Balm acts on the same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by A. G. Wanner.

Annual Sorosis.

During the year there have been held one annual and seventeen regular meetings of Sorosis with an average attendance of seventeen members. There were thirty-four subjects assigned to be written upon to which there were twenty-five responses. We have had a loss of four members, three new ones were added making a present membership of thirty-two.

Memorial Exercises.

The A. O. U. Wand Degree of Honor will hold their annual memorial services in the Methodist church on next Sunday, June 16, at 10:45 a. m. All members are earnestly requested to meet at the Workman hall at 10:15 and march to the church in a body. Rev. Alexander will have charge of the services and everybody is invited to attend.

Were Well Pleased.

Speaking of the recent visit of members of St. Thomas church to Hiawatha, the World published at that place says:

"The choir made quite a favorable impression on Hiawatha people and quite a crowd was present for the service. Father Smith of Falls City held a very successful mission in St. John's church. The services on Sunday were grand and all who heard the Reverend Father were greatly pleased. We hope he will again visit Hiawatha.

In Memoriam.

Last Sunday morning the Knights of Pythias observed their annual memorial day and in the morning a number of the members of the order went to Steele cemetery where appropriate exercises were held, and the graves of the departed knights strewn with flowers.

In the afternoon the members of Nemaha Valley No. 36, I. O. O. F., held like exercises and the graves of deceased Odd Fellows were beautified with floral offerings. The A. O. U. W. and D. of H. will hold memorial exercises next Sunday.

New Bell Tower.

During the past year many of our people had wondered why the bell at St. Ursula's academy was no longer rung. Its deep tones as they sounded both at

matins and at vespers were missed by very many. The reason for its ceasing lay in the fact that the bell was too heavy for the tower that supported it and the building was being damaged by the vibration. Louis Plege has just finished erecting a forty-foot steel tower on the academy campus and in this tower the bell will be suspended.

The Mikado's Gigantic Guard.

The Koreans are a big race, and the upper class have European features and fair complexion. Min has a secretary who resembles in stature, fair hair and straight features the late Emperor Frederick. The six-foot-high servants of the emperor of Japan, who attend at state receptions in liveries borrowed from those of the Emperor Napoleons domestics, are Koreans. If the Japanese secure what they are now after they will have Korean drum-majors in their army and maybe a Korean palace corps like the Cent Garde at the Tuileries. The Japanese must seem pigmies among Prince Min's compatriots.—London Truth.

Boston's 400.

I can remember when it was jocosely said of some families of Massachusetts that they claimed to have had, in the time of Noah's deluge, a boat to themselves; and I can recall, on the other hand, when a social aspirant in Boston asked, "Who belong to the really old families, grandmamma?" and when that relative shook her weary head and said, "Mostly no one, my dear."—Thomas Wentworth Higginson, in Atlantic.
