Miss Carrie Boyd of Rulo has been elected primary teacher of the Verdon schools for the ensuing year.

Prof. Geo. E. Martin, is spending part of his vacation in Oklahoma.

The summer session of the State Normal school closed last Wednesday. 42 students from Richardson county attended this session.

The schools of Richardson County require 150 teachers. As far as the County Superintendent is able to tell at this time, 80 teachers have contracted.

It is gratifying to know that thus far this year our school boards have shown a willingness to pay better wages. It makes no difference in what line of work a person may be engaged, how well he may love his work or how conscientious he may be, all thinking people will admit that there is at least a slight tendency to work commensurately with the pay. Often the teacher who is most successful in the school room can make more money in some other line of work. Hence, if we are going to keep our best teachers, we must keep the pay abreast of the times. Of course, we all admit the truth of the old saying, that "A good teacher is cheap at any price, and a poor one is dear at any price."
