### Three Days Picnic.

For a wonder the elements were kind to us for the three days picnic and only once did it look as though rain would interfere with the program. Crowds began to come in early Tuesday morning and by the time set for the parade, the streets were lined with an enthusiastic and good natured crowd all bent on getting all the enjoyment out of the three days that could be got. After the parade the crowd repaired to the grounds where an excellent program which the committee had prepared was carried out. What is said of Tuesday can also be said of the remaining two days, although the threatening weather yesterday morning delayed the starting of the parade for about an hour, but the sky became clear and everything went off lovely. The ball games each day, accounts of which are given elsewhere, drew large crowds each afternoon. If we were to give a detailed account of the program and do it justice it would take too much space. Suffice to say that every number on the program was especially good. In fact this years picnic will go down in history as the biggest and best thing of its kind ever attempted in the county.

A contest between the different drill teams was held on Stone street late yesterday evening but we were compelled to go to press before we received the decision of the judges.

All the visitors were well taken care of and they returned to their homes well satisfied with the three days of entertainment fur-

nished them by the fraternal orders of Falls City.

It would be a very difficult matter to discriminate between the many excellent turn-outs in the flower parade. The first prize was awarded to the George Dietch buggy and anyone who says the little rat of a girl seated in the beautifully decorated cart, driving as independently as a queen upon her throne, will hesitate a long while before criticising the verdict of the Judges. Al Burchard in red and green had a beautiful carriage as also did Geo. Holt in white and heliotrope, Bess Davis and Lettie Cain in black and white, T. J. Gist's children with their shetland and cart in pink and Fred Beaulieu in red and black. In fact every display was very artistic and taken as a whole the parade was most successful. The committee on arrangements is deeply indebted to all of those who participated and desire to publicly return its thanks to all of those who assisted in making the display the great success it was.

### Shut Out

And Verdon didn't even catch a snap shot of the home plate. The only thing they could do was to rap the atmosphere instead of the ball. Their medicine man tried to burn the air, but instead he singed his brain. Everything was a dress parade until the fourth inning when the Colts chalked up three. Fode sauntered to first and Glines, Heck and Ruedge made wax out of the ball. A good one nailed by Sears in left field caused the visitors to lose their breath. A home run the onliest play of the season was slammed to the hollow by Poteet in the seventh inning. Paxton had quality as usual and all played ball. Score by innings.

Hall and Greenwald have ordered 500 folding school slates which they are going to give away to the school shoe trade till they are all gone. They will give one slate with each pair of school shoes (providing you ask for the slate.) The readers of the Tribune will find the best line of school shoes in Falls City at Hall & Greenwalds. The slates they are giving is an advertisement that they want to go into 500 homes of the county. It is a fine noiseless slate and worth having. Don't forget that you must ask for this slate if you get one and don't forget that they are given away free with each pair of school shoes at Hall & Greenwalds.

### Badly Injured.

On Wednesday the infant child of Rev. Smith crawled over the window casing at their home and fell to the platform at the rear of George Dietch's store. The injuries were very serious, the child sustaining several factured bones. Dr. Miner was called and at this writing we are glad to say the little one has improved slightly.

Rev. and Mrs. Elmer Ward Cole arrived in the city Monday from Hutchinson, Kas., to participate in the picnic, Rev. Cole being platform manager.
