Did you ever go to school on the opening day? It is worth while. Little boys and girls on their first school day, such little boys and girls as Teddy Schmucker, Fred Brecht's little girl, the little Kentner girl, Geo. Dietsch's little girl, Joe and Jack Reavis, Elizabeth Gist and a host of little Americans who have grown old enough to come to the parting of the way and have found a new road. One of America's greatest institutions is the free school. If you want to see it at its best go to the primary department under the charge of Miss McDonald one of the best teachers in the west, and see these children start on the journey which ends at the grave. Surely it is worth while, this teaching of men and women to work.

Rev. Elmer Ward Cole visited in this city last Wednesday and in the evening he preached in the Christian church to an audience that filled the house to overflowing. His many friends were more than delighted to have this opportunity to listen to such a sermon from Mr. Cole and anxiously hope for a speedy return.

### Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When Pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by A. G. Wanner.
