

LOCAL AND PERSONAL.

Rev. Pougion enjoyed the privilege of addressing two large audiences in the Christian church last Sunday. In the morning he used for his subject—"Life", telling about the difference in the meaning of the word under the Old and New dispensations. In the evening he addressed a very large crowd, using for his subject—"Jesus and The Harlot." He told his hearers that they should be like Christ was when the accusers were arrainging this woman; Christ was so indifferent as to their accusations that He wrote in the sand while they presented their story. As a people we are too prone to listen to scandal; and not only listen to it, but actually help in spreading it. We pray to the Father of Mercies to be merciful to us, while we are as cruel as 'tis possible to be, to those whose actions do not meet with our approbation. Services as usual next Sunday; the evening service will begin at 7:30 instead of 8 o'clock. All these services are free, and you are cordially invited to attend them.

A. G. Wanner sells everything needed in the school room.

At the regular meeting of the Baptist church an unusual spirit of hopefulness prevailed. Reports from all committees were read which show the church to be in better shape at the beginning of the fall work than it has ever been before in its history. Provision was made for the raising of a floating debt, one new member to be received at the Communion service next Sunday. The usual services will be held. Dr. Selinger, who addressed three large bodies of representative Baptists in Lincoln and Crab Orchard last week will preach next Sunday. Providence permitting the church will enter upon a protracted meeting a week from next Monday. Dr. Selinger to preach daily assisted by Mrs. Selinger, who like him has had extended experience in missionary work. All are invited to all of our services.

"I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend, Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I
