

HAD TO GIVE UP.
Suffered Agonies from Kidney Disorders Until Cured by Doan's Kidney Pills.

George W. Renoff, of 1953 North 11th St., Philadelphia, Pa., a man of good reputation and standing,

writes: "Five years ago I was suffering so with my back and kidneys that I often had to lay off. The kidney secretions were unnatural, my legs and stomach were swollen, and I had no appetite. When doctors failed to help me I began using Doan's Kidney Pills and improved until my back was strong and my appetite returned. During the four years since I stopped using them I have enjoyed excellent health. The cure was permanent."

Tibetan Earth Dwellers.

Earth dwellers are common in Tibet. Strangely clad men and women, who since childhood have rarely looked upon the sun, are found living in roomy clay apartments in a mode as stringent as any monastic order. They are supplied with food and other necessities by their children, who alone leave the caverns; and much of their time is occupied in extending their curious residences.

First Bomb Outrage.

The first "bomb outrage" was committed on Christmas eve, 1800, by Saint-Nejant, who wished to remove Napoleon, then first consul, in the interest of the Royalists. Napoleon escaped, but among his escort and the bystanders there were about 130 casualties.

Value of Laughter.

"If we realized the power of good cheer and the habit of laughter to retard the progress of age and to stay the hand which writes the wrinkles of care and anxiety on the face, we should have discovered the famed fountain of youth—the elixir of life.

Man and Wife.

Buxton, N. Dak., Sept. 12 (Special).—Mr. B. L. Skrivseth of this place has been added to the steadily growing following that Dodd's Kidney Pills have in this part of the country.

Mr. Skrivseth gives two reasons for his faith in the Great American Kidney Cure. The first is that they cured his wife and the second is that they cured himself.

"I must say," says Mr. Skrivseth, "that Dodd's Kidney Pills are the best remedy for Kidney Trouble I ever knew. My wife had Kidney Disease for years and she tried all kinds of medicine from doctors but it did not help her any. An advertisement led her to try Dodd's Kidney Pills. The first box helped her so much that she took eight boxes more and now she is cured.

"I also took three boxes myself and they made me feel better and stronger in every way."

Dodd's Kidney Pills have never yet failed to cure any kidney disease from Backache to Rheumatism, Diabetes or Bright's Disease.

MOTOR BOATS IN RACE.

New Form of Sport That Promises to Be Popular.

For the great motor-boat race from Calais to Dover it was a beautiful day, with the Channel in her quietest and laziest mood. When the signal gun went off with a pop the whole of the petrol, paraffin, and alcohol racers started for Dover for all they were worth. The drivers were mostly wrapped in shining oilskins, and you could see little of them beyond their heads. One energetic Frenchman, who drove a little cruiser, was attired in a very fashionable bathing suit. He regretted

it afterwards. With the salt seas washing over him during the whole trip he was chilled to the marrow and soaked to his second skin long before he reached Dover. The French boat Mercedes IV. (Vedrine) won, with the English Napier Minor (Napier) second, and Princess Elizabeth (Delahaye), German, third. The Mercedes won by about two miles, and did the distance in 65 minutes. That there is a great future for the motor boat there is no denying.

HALF PLUM, HALF CHERRY.

South Dakota Man Has Strange Tree That Yields Delicious Fruit.

James Warke of Miller, S. D., has a cluster of compass cherry trees—a cross between a wild plum and the common cherry—that are the talk of the town. In size they are between the plum and cherry, also in season of ripening, the color dark red, the flavor and taste being a delicious combination of cherry and plum. The trees yield enormously. They will no doubt become the popular fruit of this section, as they answer the purpose of cherries and fill the bill of plums.

Mr. Warke went west of Pierre a year ago, discovering on an island in the Missouri river a family that had an orchard of fine marketable apples large tame plums, tame grapes, peaches, apricots, immense melons etc. He was so surprised to find that South Dakota would produce fruit that resembled in size and flavor the kind raised in California and Georgia, that he brought back samples to show his friends. Mr. Warke was doubted, but he finally convinced the Millerites of the truth of his find. Since that discovery he has not hesitated to introduce here, plant and experiment with the different fruits, knowing that he can grow them successfully.

Miss Haggood tells how she escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes and ovaritis), which is a most distressing and painful ailment, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—Miss IRENE HARGOOD, 1022 Sandwich St. Windsor, Ont.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from neglect.
