Snuff Boxes With Histories.

In the days when a snuff box was considered a necessary attribute to the perquisites of a beau—or a belle—much ingenuity was brought to bear upon the manufacture of these dainty trifles. The results were often very novel. Those with a taste for the morbid, could buy snuff boxes made from the wood of scaffolds, chairs that murderers had sat upon or parts of their houses.

SAFEST FOOD

In Any Time of Trouble Is Grape-Nuts.

Food to rebuild the strength and that is pre-digested must be selected when one is convalescent. At this time there is nothing so valuable as Grape-Nuts, for the reason that this food is all nourishment and is also all digestible nourishment. A woman who used it says:

"Some time ago I was very ill with typhoid fever, so ill everyone thought I would die, even myself. It left me so weak I could not properly digest food of any kind and I also had much bowel trouble which left me a weak, helpless wreck.

"I needed nourishment as badly as anyone could, but none of the tonics helped me until I finally tried Grape-Nuts food morning and evening. This not only supplied food that I thought delicious as could be, but it also made me perfectly well and strong again so I can do all my housework, sleep well, can eat anything without any trace of bowel trouble and for that reason alone Grape-Nuts food is worth its weight in gold." Name given by Postum Co., Battle Creek, Mich.

Typhoid fever, like some other diseases, attacks the bowels and frequently sets up bleeding and makes them for months incapable of digesting the starches and therefore pre-digested Grape-Nuts is invaluable; for the well-known reason that in Grape-Nuts all the starches have been transformed into grape sugar. This means that the first stage of digestion has been mechanically accomplished in Grape-Nuts food at the factories and therefore anyone, no matter how weak the stomach, can handle it and grow strong, for all the nourishment is still there.

There's a sound reason and 10 days' trial proves.
