

QUICK RESULTS.

W. J. Hill, of Concord, N. C., Justice of the Peace, says: "Doan's Kidney Pills proved a very efficient remedy in my case. I used them for disordered kidneys and backache, from which I had experienced a great deal of trouble and pain. The kidney secretions were very irregular, dark colored and full of sediment. The pills cleared it all up and I have not had an ache in my back since taking the last dose. My health generally is improved a great deal."

Perhaps He Couldn't.

"While lunching a few days ago with a friend," said Paul A. Bonwit, "I mentioned that I understood a mutual friend was not drinking any more, to which he replied: 'No; maybe Jack isn't drinking any more; but I guess he is drinking about as much as he ever did.'"—New York Times.

Too Much for Duck's Digestion.

Recently one of the St. James' park (London, Eng.) lake keepers found a duck lying on the bank dead. It was discovered that the bird had swallowed a penny toy clock and a small rubber ball, evidently thrown into the water by children.

Japanese Belief in Dreams.

A fanciful race, the Japanese people set great store by dreams. The native astrologer is usually very busy in the early part of the year delineating the meaning of the many visions brought to him for solution, and foretelling events to come. If you dream that you are struck by lightning, it means you will grow suddenly rich; but to dream of frost means a feast; of wind, it denotes that sickness is coming.

Living on Flirtation.

While there is no doubt that men understand the art of flirtation a great deal better than women, it is doubtful whether they get quite as much enjoyment out of it as the latter do. A man may, and generally does, get excellent sport for his pains, but he cannot live, as so many women do, on flirtation. A man flirts when he has no more exciting occupation.—**Ladies' Field.**

Insects and Snakes as Food.

In Arizona Indian children may be seen catching ants and eating them and in Mexico the honey ant is eagerly sought after by the natives, who eat the well-rounded, currant-like abdomen. In South America the large lizard, the iguano, is a delicacy, not to speak of the larger snakes, which in taste are like chicken. The ordinary rattlesnake, it is said, is very good eating if one can overcome the inborn prejudice.

Mrs. Fairbanks tells how neglect of warning symptoms will soon prostrate a woman. She thinks woman's safeguard is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Ignorance and neglect are the cause of untold female suffering, not only with the laws of health but with the chance of a cure. I did not heed the warnings of headaches, organic pains, and general weariness, until I was well nigh prostrated. I knew I had to do something. Happily I did the right thing. I took **Lydia E. Pinkham's Vegetable Compound** faithfully, according to directions, and was rewarded in a few weeks to find that my aches and pains disappeared, and I again felt the glow of health through my body. Since I have been well I have been more careful, I have also advised a number of my sick friends to take **Lydia E. Pinkham's Vegetable Compound**, and they have never had reason to be sorry. Yours very truly, **Mrs. MAY FAIRBANKS**, 216 South 7th St., Minneapolis, Minn."
