On Wednesday Frank Tuttle and Elva Tuttle were up before Judge Cleaver on charge of Tom Brinegar for creating disturbance at his home in this city. The Tuttle came to town on Tuesday and Frank sold a horse for \$60, and then they began to fill up with bug juice, so that by night they were pretty far along. At this time they were put into their wagon and supposed to be started for home, but about supper time they turned up at Brinegars, and made such a row that they were landed in the cooler. After selling their horse in the morning Frank Tuttle had bought a lot of groceries, from proceeds of sale of horse, and he then unhitched his team and tied them to the back of the wagon, within reach of two bags of flour, which the horses soon lunched on. Judge Cleaver gave each of them a fine of \$14.80 and when this had been paid by Frank there was nothing left from the sale of the horse. It is said Frank Tuttle has a wife and six children. A sad life they must lead with such a worthless father to provide for them. It has not been long since this same Elva Tuttle was up before Judge Cleaver for threatening to kill Homer Yoder at Salem, but Yoder failed to prosecute and he was turned loose on payment of costs by his father. Elmer Tuttle, another brother has likewise been up lately before Judge Cleaver on a charge of assault with intent to kill George Goolsby at Verdon and was committed to jail to await the action of the District Court. Another brother named Edward, has also been fined by Judge Cleaver for getting drunk. This is a disgraceful record for any one family to make and unless they mend their ways some of them will break into the penitentiary.

The Best Mattress

For health and comfort is a Felt Mattress. Everybody knows it, hence the extortionate prices asked in every magazine you read.

But if they only knew that this \$8.50 Sanitary Felt Mattress is positively unexcelled in any point they would have no other.

It's made from guaranteed corded sanitario felt by the largest manufacturer in Cincinnati, Ohio, the great cotton market town. It weighs 45 pounds, will not absorb moisture, will make over like a hair mattress and is as soft as down.

A Flowery Bed of Ease.

Not half the people who read this add have a bed worth sleeping on, yet they spend every week for foolish things more than the price of a good bed. You spend one-third your time there. Why deprive yourself unconsciously one moment of comfort by sleeping on a poor bed when so great a portion of your life is spent in that way. Of all friends a mattress is the most personal. See to it that it is cleanly, sanitary and comfortable.

MEYERS' HARDWARE

One of our sportive young men learned to his cost it is best not to fool with the Police Judge. One of these men had been fined \$9.80 for creating a disturbance at the ball game, when he told the Judge he would "get even with him." The words were scarcely out of his mouth before his fine to \$14.80, with the intimation he would raise it another \$5, if there was any more back talk.
