THERE'LL BE A HOT TIME

In the old town when we get our stock moved into our own quarters again, and no mistake At present we are not in position to display our goods very well, but everything we have

IS GOING AT RIDICULOUSLY LOW PRICES

And will continue going antil all our present stock is cleaned up. The fire in our store last

week was a serious thing for us, but it will be a blessing to the bargain hunters. Remember, everything goes.

held Saturday, Oct. 2. Members of visit ing friends a few days. county central committee should be elected at primaries and candidates for precinct offices nominated.

No proxies will be admitted to the Convention. ROBERT GOOD, Chairman. M. CHRISTENSEN, Secretary.

The subject of postal savings banks is at the present time engressing the attention of all the leading thinkers of the United States, and it is very probable that the next congress will pass a bill providing for these banks. Following will be found a few interesting facts in connection with this matter:

All the leading nations of the world, with the exception of two or three, have postal savings banks, and all have better facili ties for the accommodation of savings depositors than has the ity a week ago Sunday. United State is. While savings deposits in this co untry have shown a grad ual increase i juring the last quarter of a century, the savings deposits and number of de positors in countries having postal savi ings banks has grown by leaps and be unds. In the United States 80 per c ent of the savings banks and savings de posits are in the New England state s and New York. Throughout the west and south, except in the great centers of population, it is impossible i 'or private enterprise to furnish saving & facilities sufficient to meet the needs of the people. Besides, the deposit or of small means frequently is not a ble to pick out from private banks those; that are safe, and consequently will trust none, whereas, all could have confictence in an institution controlled by the national govern-
