A Few Facts For Cattle Dealers.

It has been repeatedly demonstrated in the past that

SIOUX CITY

Stands at top as a market for Range Feeders

You can satisfy yourself as to the truth of that starement by comparing the saies at Sioux City, last year, with those at any other competitive market. You can also ask your neighbors who have sold cattle at Sioux City. This year Sioux City is in the field for fat cattle as well as feeders. The great beef slaughtering plant of the Cudahy Packing Co. is ready for business.....

The capacity of the Stock Yards has been greatly increased and you will find excellent facilities for handling your business.

No charges, except for feed ordered if your cattle are not sold on our market

While the Republican was telling about defalcations in this state and the consequent loss to tax-payers, it should have stated that after giving credit for all sums recovered the republicans still owe the tax-payers \$1,136,344. No wonder the people don't want any more of the g. o. p. in this state.

Since the incumbency of Auditor Cornell every cent that has come into the office for abstracts and for certifying to copying of records has been placed on the books and turned into the state treasury, as it should be, but there is not a line or a scratch of the pen in the records to show that the republicans ever did anything but shove all such fees down into their own pockets with never so much as "by your leave" to the state.

The democrats in congress forced the president to quit talking and go to war. Now the silly cuckoos want democrats defeated as an endorsement of the administration's war record. That's gall for you. And if the democrats are defeated it will be said to be endorsing the president before he was forced to begin the war, or what the democrats compelled him to do. If that isn't mixing issues what is?-Delphos (O) Courant (rep).

We have yet to find a man who is opposed to John Shore for representative because he believes John is not qualified for the place. He is known far and-wide as an honest, upright and conscientious man, a man of ability, commanding presence and sound business sense. He very probably would not make an eloquent speech, but in a straight forward, businesslke and commanding manner he can present his side of a case in such a way that all the eloquence of a Bryan would find it hard to change the effect of his words. That is the kind of a man we want in A vote for Mutz and Shore is a vote the legislature—not a man of wind, but
