### Is This Pain Enough?

If you have a nagging cough and are losing flesh, go to a drug store and get a bottle of Shiloh's Consumption Cure. Take two-thirds of it, and then, if you are not benefited, return the bottle to the druggist, and he will return your money. Isn't that fair? No one could ask more. 25c, 50c and \$1.00 a bottle.

The Boers are asking for peace, but slaughtered Bethuen's force Tuesday, very few escaping. The Boers are fighting for liberty and fight hard.

Nothing has ever been produced to equal or compare with Tabler's Buckeye Pile Ointment as a curative and healing application for piles, fissures, blind and bleeding, external or internal, and itching and bleeding of the rectum. The relief is immediate and cure infallible. Price, 50c in bottle, tubes 75c. Quigley & Chapman, druggists.

The Boer women are of Spartan courage, being opposed to any talk of surrender and asking President Kruger to arm them and let them go out on the firing line. Such is the love of liberty and home.

## Dr. Shiloh's Cough and Consumption Cure

This is beyond question the most successful Cough Medicine ever known to science; a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough, we earnestly ask you to try it. In United States and Canada 25c, 50c, and \$1.00, and in England 1s, 2s, 3s, 4s, 6d, and 1s.

#### The Lecture.

Prof. Chaffee talked Sunday evening on the parable of the prodigal son. He spoke of how it was generally true that the youngest son was most favored by the parents as it was in this case, and of the propriety of going direct to one who could right a grievance, as did the elder son in going to the father when the fatted calf was ordered to be killed and the best robe put upon the returning wanderer who came not as he went away but with his fortune gone. He had learned bad habits and his physical being was much impaired. A very nice point was brought out here as the old man answered the eldest son's complaint, "All that I have is thine" as a reward for his faithfulness while a great demonstration was made to entertain the wanderer who must be welcomed back. Yet the faith and confidence rested in the son who had been faithful, economized his wealth and strength and had not contracted disease or bad habits. The impression given here was to live right because a wrong life must be righted to promote our happiness, and if we do not enjoy right living as a heaven on earth, we'll never have heaven at all. Nature is defined as having three parts and being very complex. No man being fully rounded up without the three, viz: Physical, intellectual and moral development.

"I will tear down my barns and build greater" is so apt to be the case with the majority of us, and while we cannot feed our souls corn, we can use the corn to lighten the burdens of the human race, educate our children and help God to build his world. There is nothing harder than to build up personal virtues nor is there anything more to be a limited than true personal virtues. A Christian life is worthy our best efforts and things that are hard are the most worth while. They are appreciated because of their value, not because of the amount of effort they cost. It is our work that makes us, or lack of work decides the position we occupy. In school the teacher we liked best was the one who taught that we must work.

God worked six days and rested on the seventh is generally accepted now instead of that he made the world in six days, as it probably took him millions of years to build his world, and then made it in the rough as it is not done yet. We are helping him to make his world every day but not the material world—the moral and intellectual world.

The close of this term of court will make this a better town, a better country, as wrongs will be righted, mistakes corrected and justice done. It is the people's day of correction and judgment. Every day in the week is holy. Each day can be used for carrying out God's will. Everything we do should have a religious covering, but not a solemn one. Our work is most unsatisfactory at the best, but there is satisfaction in remaining true to our trust that we might hear that welcome strain, "My son thou art always with me and all that I have is thine."

The defendant came in with a written application to adjourn the Thompson case until the next term of court on account of the sickness of Judge Kinkaid.
