

# True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powders. They are apt to spoil the food; they do endanger the health. All physicians will tell you that alum in food is poisonous.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.
