

CONGRESSMAN BOTKIN

The Well-Known Kansas Statesman, Cured of Catarrh of the Stomach by Pe-ru-na.

AFTER TWENTY-FIVE YEARS' SUFFERING.

More Evidence of Interest to the Millions of Catarrh Sufferers in the United States.

HON. J. D. BOTKIN, CONGRESSMAN-AT-LARGE FROM KANSAS.

In a recent letter to Dr. Hartman, Congressman Botkin, of Winfield, Kan., whose fame is a national one, says of Peruna:

My Dear Doctor:—It gives me pleasure to certify to the excellent curative qualities of your medicines—Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure. Peruna is surely a wonderful remedy for catarrhal affections.—J. D. Botkin, Congressman-at-Large.

CONGRESSMAN BOTKIN is one of the most influential and best known men in the State of Kansas. Whatever he may say on any subject will be accepted by the people as the truth. So famous a remedy as Peruna could not have well escaped the attention of so famous a man. He not only has heard of the remedy, but he has used it and was relieved of an affliction of twenty-five years' standing. Peruna is the one internal remedy that cures chronic catarrh. It cures catarrh wherever located. This is a fact that the people are rapidly finding out, but there are still a large multitude who need to know it.

Mr. Frank Richter, of Winona, Minn., says in a letter to The Peruna Medicine Company:

"As a remedy for catarrh I take pleasure in recommending Peruna for catarrh of the stomach. I know what it is to be afflicted with this awful disease and consider it my duty to say a word in behalf of the remedy which gave me such relief. Peruna cured me, and I know it will cure any one else who suffers from this disease. It gives me great pleasure to testify to the curative effects of this medicine. Peruna is a well tested and frequently used remedy, and for catarrh of the stomach it is unsurpassed.

"My catarrh was principally located in my head and stomach. I tried many remedies without success. I tried several doctors but they were unable to cure me. I read of Peruna in the papers and five bottles cured me."—Frank Richter.

The gastric juice is secreted by the mucous follicles of the stomach. When this juice is normal it digests (dissolves) the food without producing any disturbance whatever. If, however, the gastric juice is not normal, digestion causes many disagreeable symptoms. This condition is known as indigestion.

Peruna will cure this. Mrs. Selina Tanner, Athens, O., writes: "I cannot find words to express my thanks for your kind advice. I never once thought I had catarrh of the stomach. I commenced taking Peruna as you directed. My stomach continued to hurt me for about two weeks after I began the medicine and then it stopped. I now have a good appetite and I was nearly starved."

Mrs. Selina Tanner.

—Mrs. Selina Tanner. Mr. L. O. Marble, of Geneva, Neb., writes:

"I do believe that my catarrh is entirely cured. I have not had any trouble with my stomach for a long time. I am as well as one of my age could expect (seventy years). I have had the catarrh ever since I was a young man, and have doctored for it for years and got very little better, but thanks to you and your Peruna and Manalin I believe I am well of it. I can eat anything now and it doesn't hurt me, and Peruna is the only thing I have ever found that will cure the catarrh. I believe it is the only cure for catarrh, and I hope every one troubled with catarrh will try Peruna and be cured."—L. O. Marble.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, president of the Hartman Sanitarium, Columbus, O.

HOUSE—Owing to the absence of the republican members in caucus on the 28th it was 11 o'clock before the house convened. Save for the reports of standing committees there was no business transacted before the joint session except under the heads of resolutions. The following resolution was adopted: "Resolved, By the house of representatives of the state of Nebraska, that we look with disfavor upon the attempt of Great Britain to destroy the republics of South Africa, and the cruel warfare being carried on which is about to exterminate the sturdy race; and that we acknowledge our sympathy for the Boers who are fighting to maintain their homes and to perpetuate a free government. That we deplore Great Britain's action in choosing war rather than arbitration, and frown upon her tendency to extend her dominion in South Africa by force of arms, thus violating the last treaty agreement with the Transvaal republic." House roll 220, by Loomis, providing that Nebraska mutual insurance companies must have \$5,000,000 at risk before being permitted to do business outside the state, and that mutual insurance companies of other states must have \$5,000,000 at risk before being admitted to do business in Nebraska, was defeated by a vote of 27 yeas to 43 nays. Senate file No. 3, by Young, curative, was passed. Senate file 102, to authorize the practice of osteopathy, was passed after a prolonged call of the house, by a vote of 54 yeas to 31 nays.

Levying county licenses on peddlers. Requiring each ball of binder twine offered for sale to be stamped with name of manufacturers and number of feet per pound. Providing for a state registry of brands and marks. After recess senate file No. 103, by Currie, relating to the government of the Boys' Reform school at Kearney, was read for the third time and passed. Loomis of Dodge moved that senate files 3, 4, 5, 6, 7, 8, 9, 10, 12, 13, 18, all curative bills, and 202, be advanced to third reading. Ream of Custer amended to include senate files 184, 34, 72 and 121. The motion as amended prevailed. Tanner moved that senate file 102, the osteopathy bill, be also advanced to third reading. Dr. Andrews objected to the motion and demanded that the bill be considered in committee of the whole. If the motion were insisted on, he declared, he would resort to dilatory tactics and keep the house here until tomorrow night. Tanner withdrew his motion and Lane moved that the house go into committee of the whole to immediately consider the bill. The motion prevailed and Uhl of Douglas was called to the chair. After discussion the bill was recommended for passage. The vote for senator resulted: Allen, 48; Baldrige, 2; Crouse, 7; Currie, 7; Hinshaw, 7; Hitchcock, 44; Jessen, 5; Lyman, 21; Meiklejohn,

24; Rosewater, 29; Thompson, D. E. 57; Thompson, W. H., 6.

The bill provides for the voting of a straight ticket by one cross mark opposite the party name at the head of the ballot. It permits each candidate to have printed, opposite his name, the names of all parties nominating him and provides for the group system of voting where two or more candidates are to be elected to the same office. Election officers are to be chosen from lists submitted by the county or city committees and service is made compulsory on the part of those chosen. The bill is a compromise measure, drafted by Representatives Wilkinson and Sprecher. It was passed by a vote of 86 yeas to no nays. At the night session the appropriation bill for current expenses was considered in committee of the whole, item by item, amended and recommended for passage.

SENATE—The senate on the 28th passed Representative Loomis' bill, house roll No. 56, providing that all

executions shall take place inside the penitentiary and that the warden shall be state executioner. The following were also passed: Appropriating \$50,000 for the erection of a fire-proof wing at the Hastings asylum. Providing that the aggregate school tax in cities of the first class having over 25,000 inhabitants shall not exceed 20 mills a year. Amending the law relating to publication and method of submitting proposed amendments to the state constitution. It provides that a majority voting on the proposition shall be sufficient to carry it. It is to amend section 1 of article 15 of the constitution. The senate then resolved itself into committee of the whole with Senator Ransom in the chair to consider the salary appropriation bill, house roll No. 436. Without finishing the bill the senate adjourned.

SENATE—After a struggle of two hours the senate on the 27th cut the appropriation of \$75,000 for a new wing for the insane hospital at Hastings to \$50,000. SENATE—The senate on the 26th, by a vote of 23 to 7, passed on third reading house roll 20, the bill of the late Representative Brown of Otoe county, creating free traveling libraries. Senator Young's reapportionment bill was defeated. These measures were passed: Senate file 311, by Harlan, introduced by request of the governor. It amends errors in senate file 74, by Harlan, incorporating cities of the first class having a population of less than 25,000 and more than 5,000. House roll 156, by Evans, providing that assessors shall return all leasehold estates in all lands belonging to the state leased to any person, less value of the improvements. At the afternoon session Senator Steele's judicial reapportionment bill, as amended, was declared passed by a constitutional majority. Senator Van Boskirk's legislative reapportionment bill, senate file 76, was also passed on third reading by a strict party vote—18 to 13. The amendment to the constitution proposed by Senator Baldrige, increasing the number of judges of the supreme court from three to six, senate file 109, was lost for lack of a three-fifths vote. Representative Fowler's bill, house roll 117, proposing the form for proposing amendments to the constitution, was recommitted on motion of Senator Currie when it came up for consideration.

SENATE—The senate on the 25th spent an hour in discussing the report of its special committee recommending adjournment Thursday. It was finally adopted. Senate file No. 114, by Currie, raising salaries of comptroller, police judge, clerk and prosecutor of Omaha. Emergency clause attached. The vote was unanimous. A lively discussion developed over consideration of house roll No. 20, a bill for the creation of travelling libraries. It was recommended for passage. Governor Dietrich, displeased because of the house's action in killing his special bill proposing to put the clerk of the supreme court on a fixed salary, sent a special message, together with another bill on the same subject, to the senate this morning.

Massage With Electricity.
The latest method of using electricity in massage is indirect. The current is not applied directly to the persons it is supposed to benefit, but to the person administering the massage. Through her nimble finger tips it passes into the subject, who in this way is supposed to receive much greater benefit from it. Certainly the most successful. Massage, without electricity, say the apostles of the new theory, and electricity without massage, would neither of them be half so efficacious. Combined they work wonders. In facial massage results are particularly notable.

INDIAN MISSIONARY'S STORY.
Years of Toilsome Ministry Among the Choctaws.
Little York, Ind., April 1.—(Special).—Twenty-five years ago the Rev. C. H. Thompson left Indiana. For a time he preached in Arkansas, afterwards entering on the regular missionary work among the Choctaw Indians. For five years he lived and labored among the full bloods of the western prairies, until on April 5th, 1885, having lost his wife, he left the circuit on which he had preached so long, and commenced traveling missionary work among the Indians of the various tribes scattered in the west.

This irregular work involved a great deal of travel over the prairies. The drinking of so much alkali water, brought on kidney troubles which terminated in Diabetes. Finally, while laboring among the Creek Indians at Wagoner, Indian Territory, this noble man was stricken down completely. A Chicago specialist was summoned, and after a careful examination declared that there was not the slightest chance of his recovery. Besides the prescriptions of the doctors he tried many other medicines, but all to no avail. He says:

"I had concluded that my days were drawing to a close, when I picked up an almanac telling of the cures of Diabetes by the use of Dodd's Kidney Pills. I sent for two boxes. I gained strength and spirits from the time I commenced to use them, and so I sent for more. I am now completely cured, and have not the slightest symptom of my old trouble.
"I am 68 years of age. I tell everybody of the wonders Dodd's Kidney Pills have done for me. I can certainly endorse them heartily, and vouch that they are all that is claimed for them. They have certainly been a God-send to me."
Dodd's Kidney Pills are the only Remedy that has ever cured Bright's Disease, Diabetes or Dropsy and they never fail.
