

**THE LIVE STOCK MARKET.**

Latest Quotations from South Omaha and Kansas City.

**SOUTH OMAHA.**

**CATTLE**—There was a fair run of cattle and the demand from packers being in good shape the market ruled active and full steady all around on anything at all desirable. The bulk of the receipts were again composed of beef steers, about seventy-five cars being included in the offerings. Packers started out early and paid good, firm prices for the more desirable bunches. The common kinds, however, were rather neglected and in some cases sellers found it difficult to get steady prices. There were only about fifteen cars of cows and heifers on sale, and as buyers all wanted a few it did not take them long to clear the pens. The market could best be described by calling it active and steady to strong. There were not many stockers and feeders offered and the demand for them was a little better, so that anything desirable was picked up early at good, strong prices. Stock calves were ready sellers and the prices on that class of stock have improved considerably this week.

**HOGS**—There was a heavy run of hogs and as other points reported a drop in prices the market here opened 7 1/2@10c lower. The bulk of the early sales went at from \$3.25 to \$3.50, with the choicer lots selling from \$3.75 to \$4.00. The hogs began moving toward the scales at an early hour, and it was not long before the bulk had changed hands. The lightweights, however, were very slow sale and bids ranged from \$3.25 down to \$3.75.

**SHEEP**—There was a heavy run, but the big bulk of the receipts was composed of Colorado lambs, about 45 cars being included in the receipts. Packers did not seem to be at all anxious for supplies this morning, and as a result the market was very slow, and up to a late hour but little stuff had changed hands. What did sell brought just about steady prices with yesterday, the \$5 lambs of yesterday bringing the same price today. Sheep were also about steady but slow.

**KANSAS CITY.**

**CATTLE**—Native and Texas steers, steady to 10c higher; cows and heifers, stockers and feeders; steady; native beef steers, \$4.75@5.50, mostly \$5.00@5.40; stockers and feeders, \$4.25@5.25; western beef steers, \$4.50@5.42 1/2; Texans and Indians, \$4.20@5.00; cows, \$3.50@4.45; heifers, \$4.00@4.85; canners, \$2.50@3.25; bulls, \$3.40@4.00; stock bulls, \$3.00@3.00; calves, \$3.00@4.25.

**HOGS**—Market 2 1/2@5c lower; top, \$6.65; bulk of sales, \$5.85@6.00; heavy, \$5.50@6.05; mixed packers, \$5.85@5.95; light, \$5.50@5.87 1/2; pigs, \$4.40@5.45.

**SHEEP AND LAMBS**—Sheep, steady; lambs, 5c lower; western lambs, \$4.50@5.00; western wethers, \$4.00@5.25; western yearlings, \$4.65@4.90; ewes, \$4.25@4.50; culls, \$3.00@4.00; spring lambs, \$5.50@7.00.

**GOOD EFFECT IS EXPECTED.**

Aguinaldo's Address Will Have Proper Influence on Filipinos.

WASHINGTON, April 20.—It is believed by the administration that the manifesto of Aguinaldo will have a decidedly good effect in the Philippines and in this country. It will take some time for its dissemination among the Filipinos, but it is expected to be of considerable service and to make more rapid the change in the situation which set in some time ago and has become quite marked of late.

Especially gratification is felt at the unreserved tone of the document and the full acceptance it indicates of American rule. This, it is felt, will bring to the support of the government many Filipinos who, wishing peace, have hesitated to assist the Taft commission. In this country it is expected to reduce the criticism of the administration and to cause less discussion of the general policy of the war: the islands and more consideration of the important matter of the best administration to be evolved for their government. It is to this work that the Taft commission is now bending all its energies.

Aguinaldo, now that he has accepted American sovereignty, probably will be given more liberty than he has enjoyed hitherto. His services will be used as far as possible in the pacification of the islands. The extent, however, to which he will be permitted his freedom is for General MacArthur to determine, with the assistance of the Taft commission, for the aim of the home government here will be to rest largely upon the views held by its representatives in the island.

**Regatta Date is Selected.**

COUNCIL BLUFFS, Ia., April 22.—The executive committee of the Iowa State Regatta association met here and decided to hold the annual regatta of the association in this city July 23 and 24. The members of the committee are: R. A. Belding, Burlington; E. A. Blood, Sioux City; W. H. McCullough, Cedar Rapids; D. D. Myers, jr., Dubuque; E. C. Currier, Sioux City.

**Frick's New Scheme.**

PHILADELPHIA, April 18.—It is stated on what appears to be good authority that an immense steel gorging plant will be built at Billingsport, N. J., on the Delaware river. Henry C. Frick and his friends are said to be interested in the new enterprise.

**In Arkansas River Suit.**

DENVER, April 20.—Attorney General Post will leave for Washington about April 27 to combat in the United States supreme court the petition of the state of Kansas for leave to file a suit in equity against the state of Colorado with regard to the use of the waters of the Arkansas river. If the petition of the state of Kansas for leave to file the suit is granted then a number of leading attorneys will assist in hearing the case.

**EQUAL TO THE OCCASION.**

Arizona Sheriff Proved Himself Qualified for His Office.

From the earliest times the office of the sheriff of Maricopa county has been the lodgeroom of the Amalgamated Association of Prevaricators until an honorary membership and an ability to shine in it came to be regarded as a necessary qualification for sheriff only a little less important than the ability to get enough votes at the convention and the polls, says the Arizona Republican. Sheriffs have usually been represented by proxy in the meeting of the association and the proxy has always been some deputy, generally Charlie Slankard, who as a prevaricator has always successfully held his own against all comers. There was some apprehension that Sheriff Stout would not fill the bill. He was supposed to be too matter of fact. Billy Moer and Billy Williams were not believed to be any more able liars than the sheriff, and Captain Hi McDonald, as an outside deputy could not be expected to attend meetings of the association. Still, in a pinch there was the ever-reliable Slankard to fall back upon. But Sheriff Stout yesterday proved that he didn't need any deputy prevaricator. An old settler who had lived in the valley longer than anybody was telling at the sheriff's office yesterday of the driest season the valley had ever experienced. There had been nothing like it before and nothing since. None of his hearers had ever seen anything so dry. He couldn't tell them how dry it was so they would comprehend. Sheriff Stout was reminded of one very dry summer within his residence in the valley. He had just embarked in the cattle business and had a herd of yearling calves. There was a little water on his ranch, but no feed within ten miles. Every morning he used to turn the calves out so they could go to the nearest range where there was some grass, but no water. He accordingly hung a canteen filled with water around the neck of each calf. One day he went out to the range to see the condition of the grass which, he thought, must be getting short. When he got there the calves were feeding quietly on the bank of a dry water course. All at once they were stampeded and wildly scattered in every direction, bellowing with fear. The sheriff went to see what was the cause of the commotion and found it to be a huge catfish which had climbed up the bank and got into a fight with the calves over the water in the canteens.

**RIVER BOATS IN RUSSIA.**

Strange Looking Craft That Ply the Waters of the Muscovite Empire.

Everywhere up the Volga and its hundred tributaries ascend the iron barges of the Caspian sea oil fleet, while through the canals to St. Petersburg alone pass annually, during the 215 days of free navigation, thousands of steamers and barges bearing millions of tons of freight. Every known means of locomotion is used, from men who, like oxen, tramp the tow paths, hauling the smaller barges, to powerful tugs that creep along by means of an endless chain laid in the bed of the canals and minor rivers, dragging after them at snail pace great caravans of heavy barges. From the greater streams immense craft nearly 400 feet long, fifteen feet in depth, carrying 6,000 tons of freight, drift down to the Caspian, where they are broken to pieces to be used as firewood on the steamers going up stream. In all there are 8,000 miles of navigable waterways in the valley of the Volga, or, if the streams which float the giant rafts that form so large a part of the traffic of the rivers are included, the mileage is increased to nearly 15,000, or as much as that of the valley of the Mississippi. Fifty thousand rafts are floated down the Volga annually, many of them 100 feet long by seven thick, and this gives but a faint idea of the real traffic of the river, for in addition there are 10,000,000 tons of produce passing up and down the river during the open season. Much of this centers at Nijni Novgorod. To this famous market steamers and barges come from all parts of Russia, bringing goods to be sold at the great annual fair, over \$200,000,000 worth of merchandise changing hands in a few weeks; 30,000 craft, including rafts, are required for this traffic; they come from as far north as Archangel, as far east as the Urals, from Astrakhan in the south, St. Petersburg and Moscow to the west, while great caravans of ships of the desert arrive daily from all parts of Asia.

**Hetty Green's Humor.**

Mrs. Hetty Green is not without a streak of humor, though perhaps it is a trifle saturnine. Recently an over-dressed woman, while in conversation with Mrs. Green, commented at unnecessary length on feminine apparel. "Oh, well," said Mrs. Hetty, "wealthy people can afford to dress poorly, you know. The poor and vulgar must wear fine clothing, if only for purposes of disguise."

**Wife Left Too Often.**

Frederick Rhodes has applied for a divorce in Akron, O. In his petition he declares that his wife has left him twenty-seven times, and that he has at last grown tired of such foolishness. The last time Mrs. Rhodes deserted him she said she had gone for good.

Astronomers figure out that the diameter of the earth at the equator varies 3,048 feet, so that our planet is not only flattened at the poles, but slightly squeezed in the middle.

**Stamp Counterfeiter's Baffled.**

"For more than a year past," says the Philadelphia Record, "the treasury department has been defrauded of thousands of dollars by the washing of canceled revenue stamps. Those engaged in the business have secured canceled stamps of all denominations, washed them clean, regummed them and sold them. Now, however, the treasury chemists have found an olive gray ink for the stamp itself which will fade away if any attempt shall be made to wash out the cancellation mark. Unfortunately, it has proved impossible to blend this fugitive ink with any chemical producing an agreeable color, and beauty has, therefore, been sacrificed to safety. The design of the battleship Maine will be retained."

Take Garfield Tea for constipation; it has this to recommend it: it is made from health-giving herbs and it surely cures.

**Australia's Capital.**

There is every probability that early in next year the site of the Australian federal capital will be decided and competitive plans for laying it out invited. The idea is that it should be one of the finest cities of its kind in the world, enjoying a salubrious climate and possessing beautiful surroundings. Only the public buildings will be constructed at the cost of the commonwealth, all others being left to private enterprise.

If everyone knew how good a remedy was Hamlin's Wizard Oil its sales would double in a day.

The less veracity a man has of his own the more he admires it in other people.

\$148 will buy new Upright piano on easy payments. Write for catalogue, Schmoller & Mueller, 1313 Farnam street, Omaha.

When a woman denies an accusation and wants to prove her innocence she cries.

V. Bennett, 801 N. Y. Life Bldg., Omaha, Neb. Special excursions to Western Canada during March and April.

**BISHOP HANDY SAYS**

"I Cheerfully Recommend Peruna to All Who Want a Good Tonic and a Safe Cure for Catarrh."

Prominent members of the clergy are giving Peruna their unqualified endorsement. These men find Peruna especially adapted to preserve them from catarrh of the vocal organs which has always been the bane of public speakers, and general catarrhal debility incident to the sedentary life of the clergyman. Among the recent utterances of noted clergymen on the curative virtues of Peruna is the following one from Bishop James A. Handy, D. D., of Baltimore:

"I take great pleasure in acknowledging the curative effects of Peruna. At the solicitation of a friend I used your remedy and cheerfully recommend your Peruna to all who want a good Tonic and a safe cure for catarrh."—James A. Handy.

**OTHER NOTABLE CURES. A Husband Escaped the Pangs of Catarrh of the Lungs.**

Most Cases of Incipient Consumption Are Catarrh.

Edward Stevens.

Mrs. Edward Stevens of Carthage, N. Y., writes as follows: "I now take pleasure in notifying you that my husband has entirely recovered from catarrh. He is a well man today, thanks to you and Peruna. He took six bottles of your medicine as directed, and it proved to be just the thing for him. His appetite is good and every thing he eats seems to agree with him. His cough has left him and he is gaining in flesh, and seems to be well every way. I hope others will try your medicine and receive the benefits that we have."—Mrs. Edward Stevens.

When the catarrh reaches the throat it is called tonsillitis, or laryngitis. Catarrh of the bronchial tubes is called bronchitis; catarrh of the lungs, consumption. Any internal remedy that will cure catarrh in one location will cure it in any other location. This is

why Peruna has become so justly famous in the cure of catarrhal diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate; it cures.

Mrs. Frederick Williams, President of the South Side Ladies' Aid Society of Chicago, Ill., writes the following words of praise for Peruna from 973 Cuyler ave., Chicago, Ill.:

"My home is never without Peruna, for I have found during the past six years that there is no remedy that will at once alleviate suffering and actually cure, as Peruna does. Four bottles completely cured me of catarrh of the head of several years' standing, and if my husband feels badly, or either of us catch cold, we at once take Peruna, and in a day or two it has thrown the sickness out of the system."—Mrs. Frederick Williams.

Mrs. W. A. Allison, of 759 Sheffield avenue, Chicago, Ill., is the Assistant Matron of the People's Hospital.

"I have had frequent opportunities to observe the wonderful curative effects of Peruna especially on persons suffering with a congested condition of the head, lungs, and stomach, generally called catarrh. It alleviates pain and soreness, increases the appetite and so tones up the entire system that the patient quickly regains strength and health."—Mrs. W. A. Allison.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Thompson's Eye Water. Afflicted with sore eyes, use! A PEEP at her mysteries. Effects of sporting life. 20 illustrations. 96 page book post paid 10c. Jacob Berk, Denver, Colo.

**Can't Sleep?**

Did you ever have that feeling of oppression, like a weight on your chest, or a load of cobblestones in your stomach, keeping you awake nights with a horrible sensation of anxiety, or tossing restlessly in terrible dreams, that make the cold perspiration break out all over you? That's insomnia, or sleeplessness, and some unfortunate suffer with it night after night, until their reason is in danger and they are on the edge of going mad. The cause of this fearful ailment is in the stomach and bowels, and a Cascaret taken at night will soon bring relief and give the sufferer sweet, refreshing sleep. Always insist on getting CASCARETS!

air 't' thim hobobob troocks!—Puck.

"I have been using CASCARETS for insomnia, with which I have been afflicted for over twenty years, and I can say that Cascarets have given me more relief than any other remedy I have ever tried. I shall certainly recommend them to my friends as being all they are represented." THOS. GILLARD, Elgin, Ill.

The Coldest. "Believe me, that was the coldest weather."
