For Shoes

SPRING footwear in the same styles shown by leading city stores, but at smaller prices is our boast, and we make the assertion good. Our experience in this line and "know how" in picking out good quality, stylish footwear to retail at close prices, is a direct benefit to people who buy shoes here, for they get superior value for their money. Why not see if we cannot please you better than anyone else? Our shoe man knows how to FIT shoes. That's as important as quality and style, for it means comfort, too.

Hosiery

will wear out, no matter how good, but some wears out a lot sooner than our kind. We buy from manufacturers who know how to put long wear into their hosiery without sacrificing appearance. In children's school hose we have an especially desirable line at 25 cents that saves darning. Try the "BLACK CAT" hose.

The editor made a business trip to Woodlake Tuesday and found a few people doing business there and but for the sand, the wind and the surrounding sand hills Woodlake wouldn't be a bad place to stay as there is something to eat, fresh water a plenty and the people are sociable and entertaining.

Now let everyone turn out and help to make a success of the editors' meeting to be held June 1st and we must show them that Valentine is a good place and that there are some good people here as well and we want a place to meet and a dollar a piece from those who are willing to contribute towards the entertainment of the editors.

J. E. Cochran came up to Valentine Tuesday evening and left next morning for Sioux City for a short business trip. Mr. Cochran is in favor of the telephone being built out from town connecting the ranches and will take stock in the company. Now it the other men who are interested in this proposed telephone line will get together it can be put up this fall.

Misses Emma Porath and her sister Lizzie departed Tuesday morning for Omaha where they expect to work during the summer. Miss Emma goes back to work in the family where she had previously had employment. They stop over a few days at Stanton to visit their sister Mrs. Henry Schleiter. The DEMOCRAT will follow them to their home and keep them informed of Cherry county happenings.

Wm. Ferdon is in favor of a telephone connection to the ranches and post offices through the south part of the county and will make his home in Valentine when his ranch can be reached with a telephone. The cost will be small compared with the good of this line for both the ranchmen who need occasionally to send to town for medical aid and those who can constantly be benefitted by it. Branch lines can be connected with this main line connecting different ranches to great advantage.

Miss Clara Rogers and Elsie V. Baxter of Fremont and Cara Carpenter of Valley were brought to Woodlake, by S. S. McClean from near Brownlee where they have been holding down claims during the past week, and took the passenger train Tuesday morning. Mr. McClean helped with carrying some of their belongings on board and seemed to have some hesitancy in saying good by to them. The train stopped down by the stock yards for him to get off. It takes more time than they allow while the train stops at Woodlake, to say good by to three fair maidens. We would suggest that Mr. McClean take advantage of the cruel train men next time by beginning his adieu before the train comes in. Sam takes it goodnaturedly and says they locked the door on him and he couldn't get out. Well, we would object to being locked up in a car under ordinary circumstances, but we are inclined to the opinion that one of the fair, just one girl, is enough to chain the ordinary young man, and Sam can't be blamed at all for there were three of them.

W. E. Cadv from the south part of the county is in town this week.

Miss Belle Kearney, the great lecturer will speak at the M. E. church Wednesday night, May 22 at 8 o'clock. Everyone should hear this famous and talented speaker. Admission free. A collection will be taken.

Mrs. E. McDonald, who runs a general merchandise store at Crookston, was in Valentine Friday attending to business matters. She informs us that she intends to move her hotel building down from Crookston some time this summer. This is a fine building being worth about \$2500 and will be situated on the corner of Catherine and Cherry streets. She will probably rent it.

On Sunday morning at eleven o'clock in the Methodist church, Miss Kearney, in a most ornate and graceful manner, held the attention of a large audience unwearyed for an hour in a lecture on the subject of W. C. T. U. She handled her subject in a masterly manner and exhibited rare erudition. We were fascinated and could have listened an hour longer to her.—The Weekly Examiner. (Aderdeen, Miss.)

If you don't want to buy some good fence posts, come and examine our HIGH GRADE COFFEES.

15-tf W. A. Pettycrew. tf

Miss Kearney personally is a beautiful southern woman, full of magnetism and enthusiasm and carries her audience with her all through her address.—Daily Enclinal. (California, May 6, 1897.)

Belle Kearney every one knows, and here in Missouri she is so thoroughly liked and respected that she adds prestige to the organization.—National Suffrage Bulletin. (New York May, 1897.)

The lecture of Miss Kearney of Mississippi at Unity church last night was very fine, being as a live coal of truth on the altar of progress. Miss Kearney is a forceable speaker.—Daily News. (California, October, 1897.)

Strayed from my pasture 3 miles west of Sparks, one black horse five years old, lame in right front foot and has shoe. Branded 15 on left shoulder. Had halter on when last seen. 15-tf
