Make Somebody Happy with a KODAK

Home memories that are cherished most are those of the great home day—Christmas. Better than mere memory, though, is the pictured story of the family reunion, the happy children, the gay young folks, the grown-up boys and girls back home again. The pictures taken with the Christmas Kodak will give pleasure the whole year round and for all the years to come.

Let us show you the simple Kodak way which makes picture-taking so much fun. We have Kodaks at \$5, others up to \$65.

George Hiller committed suicide at Hot Springs on Dec. 4. Worry over the loss of \$16,000 in a stone quarry is the reason given for him taking his own life. J. G. Stetter went to Hot Springs Tuesday to attend the funeral which was held on Wednesday, the Odd Fellows conducting the services.

The farmers of this vicinity greatly appreciate the work the commissioners are having done on big Sandy near the county seat. A few loads of straw and waste material help to improve this part of a long road especially for the tired teams.

An automobile passed through this locality on the 5th of the month going eastward and a number of people estimate its speed at from 55 to 60 miles per hour. It could be heard for a distance of four miles. A number of teams were scared and people were dodging in here and there to stop their teams from running away. Harrison Morrisson's team became unmanageable and were headed in back of Pleasant Valley school house almost scared to death. The correspondent like many others does not favor this kind of driving in our locality and auto men will have to exercise a little more judgement or whole stacks of little trouble are awaiting them.
