That there is a big difference in Oranges? You know there is in apples. Take a New York or Michigan apple—it's juicy and fine flavored, while the Missouri apples are flat and more or less tasteless. Same way with Oranges. The Redland orange is about perfect, while that grown in other districts is like a Missouri apple. We have bought fifty boxes of the finest Redlands and are going to have

If anybody tries to make you believe that a "Karpen Couch" is superior to all others, just call at Johnson's Furniture Store and examine one of them standing side by side with "better ones." Notice the difference between an "honest couch" made in Nebraska by Nebraska citizens, and a "shell" made in Chicago by "kids," and palmed off onto unsuspecting customers under a worthless guarantee.

We do not sell "ours" with a "guarantee attached," but will make you a present of the finest one we have in the house if you can show one of any other make that is "made as well—made as honestly"—as those we are selling.

**FRIDAY FACTS.**  
Mrs. Morris Mayor is entertaining the ladies of the Kaffe Klatch this afternoon.

There will be a special meeting of the West Side hose company tonight in the city hall. There is important business

to transact and every member is requested to attend.

The West Side Whist club enjoyed a pleasant evening at the home of Mr. and Mrs. W. H. Bucholz.

Paul Zutz, a brother of Cashier E. W. Zutz of the Norfolk National bank, is reported to be very sick with appendicitis at his farm home near Hoskins.

Ir H. T. Holden has purchased the Geo. L. Iles property at the corner of Norfolk avenue and Thirteenth street. He will improve and occupy it at once.

There was no quorum at the regular meeting of the city council last night and an adjournment was taken until the evening of the 30th, when the new administration will be installed and the old retired.

Joe Morrow and bride arrived last night on the Union Pacific from Rocky Ford, Col., and are visiting at the home of Mr. Morrow's parents, Mr. and Mrs. T. J. Morrow, where a reception will be tendered them tonight.

The Nebraska Latter Day Saints, or Mormans, are to meet in conference at Omaha tomorrow and Sunday to discuss the advancement of the work in Nebraska. Twenty missionaries of that church are now at work in various parts of the state.

On account of the bankers' meeting the meeting of the Music Students' club will be postponed until Tuesday evening, at the home of Mrs. Gibson on Thirteenth street. Members of the club are requested to bring with them the music belonging to the club.

Lola [Caulfield] celebrated her fifth birthday Wednesday at her home on North Ninth street. Refreshments were served and the little tots passed the time most enjoyably with games and other amusements. Lola received a good many gifts from her little guests.

Harry Matran, who has been assistant in the depot at Wisner, has been promoted to the position heretofore held by H. Hilburn in the freight department of the Creighton depot. Mr. Hilburn has been promoted to the place made vacant by the resignation of A. G. Hageman, who expects to leave for Oregon soon and make his home in that state.

The card party given by the D. of H. lodge at the Railway hall last evening was a decided success both socially and financially. Very nice refreshments were served, after which prizes were given, Miss Nora Burnett receiving ladies' first prize, Mr. Rolland gentleman's first prize, Mrs. John Spellman ladies' booby prize and Mr. Guy Livingstone gentleman's booby prize.

The News presents its readers with an eight-page paper this evening, containing a write-up of the progressive business men of the city. Readers will find it profitable to give these articles special attention as they contain many new and valuable ideas regarding the business interests of the city. Their author, G. H. Chrisman, has been here for more than a week and has entertainingly told what he has learned of Norfolk business activity in this issue.

It is customary to regard a change of weather from one extreme to the other between two days as something extraordinary but during the past few days the contrast furnished by an hour has not been uncommon. One moment the sun will be shining bright and warm and the next an infant blizzard with an abundance of snow will prevail. This morning opened with a snow storm but at this writing the weather is very summer-like. It need not be wondered at if before this item is read winter will again prevail. Nebraska weather seems to be outdoing itself to furnish variety.

Stock owners of Norfolk are finding it almost impossible to secure hay for their animals. The home product seems to be exhausted and many feeders are compelled to use the baled hay shipped in from other points. The price is now \$10 per ton and tending higher, some predicting that it will be \$20 a ton before a new crop is harvested. Straw for feed is in active demand and the price of this is being carried upward with hay. This condition is not the result of a light crop, as there was at least an average one last year and it appeared that there was hay enough stacked up in the country to supply the demand for years. The demand for hay is, however, constantly increasing and each year sees more of it consumed.

The Euterpean Fraternity recital by the pupils of Mrs. Cora A. Beels called forth a fair-sized audience at the Auditorium last evening. This fraternity is an organization among the young folks to study music in connection with the other arts, and the recital was part lecture and part music. The stage was decorated with plants, and pictures of eminent musicians. The talk on descriptive music by Mrs. Ora S. Beels extended through the entire program and each number was introduced with a short description and history. The standard of the program was high and the free playing of the performers was marked. The talks and recitations that interspersed the musical numbers were much appreciated and were in hearty accord. Each number received liberal applause and the one known as "The Lullaby" was especially well received. Oscar Schavland, played "The Robins Return" so satisfactorily that he was given a hearty encore. Other numbers were highly appreciated but these two were the especial favorites. This enter-

tainment should not be confused with Mrs. Beels' musical commencement which will take place May 23.

**Laughed Their Sides Sore.**  
From the Los Angeles Herald of Dec. 17.—"The Star Boarder," at the opera house last night proved a star attraction. The costumes were clean, new and bright, and the specialties were ringing applause makers. From the time the company appeared in the opening chorus till the curtain was rung down there was a quick succession of brilliant specialties that bristled with smart sayings, dances and captivating songs. The show in its entirety was as good a fun producer as has been here in years. Chas. H. Boyle, the leading comedian, has enough fun in his make-up to please the audience himself, but when to his nonsense is added the oddities of his chorus of pretty girls and the performances of his strong support, "The Star Boarder," is a farce comedy in all that the name implies. Auditorium, Saturday, April 20.

"The Star Boarder,"  
"The Star Boarder" which will be the attraction at the Auditorium Saturday, April 20, is a musical farce comedy in three acts. The piece is intended for laughing purposes only and serves as a vehicle for the introduction of Coas. Boyle and his clever company of fun producers. Mr. Boyle in the leading role is decidedly funny, his province is low comedy and character sketching. He is assisted by a company of twenty ladies and gentlemen all thoroughly capable—the singing portion of the show is said to be very fine. The costumes displayed by the ladies will be a treat for our theatre goers as Mr. Boyle does not allow anything of a cheap nature to be brought into "The Star Boarder" assortment of wardrobe.
