

SANTA FE RESTORES RATES

Takes First Step Toward Terminating Freight Slashing.

WITHDRAWS ITS CUT SCHEDULE.

Chicago Great Western Still is the Disturbing Factor, but Other Roads All Seem Likely to Enter Into an Agreement Without Difficulty.

Chicago, July 12.—The Atchison, Topeka and Santa Fe Railway company yesterday officially announced that the cut rates scheduled to go into effect on the Chicago-Missouri river division of its system had been withdrawn. Regular rates were restored and notices to this effect were telegraphed to the principal agents in the territory affected. This is the first definite move to end the western freight rate war, which has been a fierce one while it lasted. The rating disturbance threatened the earnings of 26 roads, and brought forth strong remonstrance from eastern financial and banking interests. At the meeting of the western trunk line committee today it is expected an agreement to maintain rates will be made and a working plan for a physical division of traffic at all competitive points laid out.

The only road in doubt is the Chicago Great Western and the indications are that it will continue to operate on an independent basis. The road, according to traffic officials, is entitled to 2 per cent of all business at full rates, while it asks 8 per cent. Just now it is getting 16 per cent of the business at cut rates.

KANSAS CORN A FAILURE.

Reports Received at Topeka Indicate Less Than Half a Crop.

Topeka, Kan., July 12.—The wind has been a trifle fresher than usual, blowing at the rate of 20 miles an hour, yet it was so dry that it had a blighting effect on the crops and corn is in much worse condition than yesterday. Reports received here indicate that in no county in the state are the crops damaged less than 50 per cent. In many counties much more than 50 per cent would be necessary to cover the estimated damage. Bourbon, Allen, Franklin and Miami counties report almost a total loss of the corn crop. Alfalfa is being the only product standing the dry period well. It is generally conceded that this is the worst drought since 1860 in Kansas, but it will not entail nearly so much suffering as in past years.

MERCURY DROPS TO 101.

Hot Winds the Worst Feature of the Heat in Nebraska.

Lincoln, July 12.—The maximum temperature for Lincoln and the southern half of Nebraska dropped two degrees yesterday, to 101. The hot winds continue, however, and the drought is still on. At Beaver City yesterday was the 19th successive day that the temperature has been 100 degrees or over. Fear of a water famine exists in many towns. At St. Paul the Burlington depot was burned because there was no water to fight the flames. Near Plattsmouth sparks from the engine ignited a stock car and 24 horses were burned to death. Near Nebraska City sparks fell in a wheat field and the entire crop in shock was burned.

Record Weather in St. Louis.

St. Louis, July 12.—The mercury in the weather bureau office began its upward journey early yesterday and at 5 o'clock in the afternoon became stationary at the 104 mark. This equals Wednesday's record and is the highest point reached in 20 years, with one exception. On the streets it was several degrees hotter, and as the humidity was much more pronounced than for several days the heat was well nigh intolerable. One death and a dozen prostrations were reported.

Jackson Instructs for Cummins.

Des Moines, July 12.—The Jackson county Republican convention instructed for Cummins for governor. The Howard county convention instructed for Trewin as first choice and Cummins second choice. The Monona county Republican convention named an unregistered delegation to the state convention.

Omaha Girl Ends Her Life.

Omaha, July 12.—Nellie Doody, a waitress, posted strips of paper over the keyholes of the doors in her room at the Midland hotel and then turned on the gas. She was dead when found. She left two letters which indicate disappointment in love affairs and disagreement with her mother.

On the Grave of His Wife.

Nebraska City, Neb., July 12.—Christopher Anderson, an old resident of this city, who moved to Lincoln about two years ago, shot himself yesterday upon the grave of his wife in Wyuka cemetery in this city. The physician states that the man can live but a few hours.

Run on Cleveland Bank.

Cleveland, July 12.—The United Banking and Savings company kept its doors open nearly all night in order to permit anxious depositors to withdraw their money. All demands were promptly met and the officials of the bank declared they were prepared for any emergency.

Third Day of Extreme Heat.

Des Moines, July 12.—For the third successive day the maximum yesterday was 101, breaking the record for continued extreme heat since the establishment of the weather office here in 1872. The hot wind has moderated.

HEAVY DYNAMITE EXPLOSION.

Two Workmen Torn Into Fragments and Many Buildings Damaged.

Denver, July 12.—A magazine of dynamite located near the Grant smelter exploded yesterday morning, killing two men and injuring several others. The dead are: Domenico Muto and Tony West. These two men were in the magazine getting a supply of dynamite to use for blasting when the explosion occurred. They were blown to pieces and the fragments of their bodies strewn over the prairie for hundreds of yards. Other men working in the vicinity were thrown to the ground and stunned. The shock was felt a mile away. All the windows in the neighborhood were smashed and the windows in the Union Stock Yards bank, fully a quarter of a mile away, were shattered. The damage is estimated at \$5,000.

PET FROG AND DYNAMITE.

They Figure in Peculiar Accident at Albany, Mo., July 12.—An accident, in which three children, a pet frog and some dynamite figured, resulted in one death, two persons seriously injured and part of a dwelling demolished. The three children of George McCurry, a prominent contractor, found dynamite in the cellar of their home and thinking it was putty, fed it to their pet frog. The pieces of dynamite resembled insects and the frog ate them. A large hot chest fell on the frog and exploded the dynamite, which had been eaten. A chisel pierced the temple of the youngest child and killed him. Another child and Mrs. McCurry in the kitchen above were seriously hurt and that part of the house was wrecked.

Dr. Geo. Ewing, a practicing physician of Smith's Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure. "For years I have been bothered with kidney troubles and rheumatism of the joints. I used everything known to the profession without relief, until I was induced to use Foley's Kidney Cure. After using three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles, for I can honestly state I have prescribed it in hundreds of cases with perfect success." A. H. Kiesau.

Thos. W. Carter of Ashboro, N. C., had kidney trouble and one bottle of Foley's Kidney Cure effected a perfect cure, and he says there is no remedy that will compare with it. A. H. Kiesau.

A Good Thing.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German Physician, and is acknowledged to be one of the most fortunate discoveries in Medicines. It quickly cures Coughs, Colds and all Lung troubles of the severest nature, removing, as it does the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, while its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Kiesau Drug Co.

White Man Turned Yellow.

Great constipation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was yellow jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful stomach and liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all stomach, liver and kidney troubles. Only 50c. Sold by A. H. Kiesau, Druggist.

Notice of Special Election.

Notice is hereby given that on Monday, the 29th day of July, 1901, between the hours of 8 o'clock a. m. and 6 o'clock p. m. a special election will be held in the several wards of the city of Norfolk in Madison county, Nebraska, for the purpose of voting on the following proposition: Shall the city of Norfolk, in Madison county, and state of Nebraska, issue its coupon interest-bearing bonds to the extent of five per cent of the assessed valuation of the taxable property of said city to wit, to the amount of sixteen thousand, six hundred dollars (\$16,000) bearing interest to exceed six (6) per cent interest payable semi-annually and maturing in 30 years from the date of said bonds, but all or any portion thereof payable at any time after the expiration of ten years at the option of said city? and shall the city officers of said city cause to be levied annually a tax sufficient for the payment of the interest on the said bonds as the same become due and for a sinking fund sufficient to pay the principal of said bonds at their maturity.

Principal and interest payable at the fiscal agency of the State of Nebraska in the city of New York and state of New York.

Said bonds to be issued for the purpose of establishing, extending and maintaining a lighting system by means of electricity, the power house thereof to be located on lots 5 and 6, in block one of Machmuller's addition to the city of Norfolk, Nebraska, the same being the lots upon which is now located the power house and pumping station of the water-works plant now owned and operated by said city and to be operated in connection with said water-works plant as far as the same can be done practically and economically.

The ballots to be used at said election shall be written or printed as follows: Shall the city of Norfolk issue its bonds for the purpose of establishing, extending and maintaining a lighting

Rheumatism

Rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin, as it often does, it produces some form of skin eruption—some itching disease like Eczema or Tetter—but when these little tubes or sweat glands are suddenly closed by exposure to cold and sudden chilling of the body, then the poisons thrown off by the blood, finding no outlet, settle in membranes, muscles, tissues and nerves. These parts become greatly inflamed, feverish and hot; dagger-like, maddening pains follow in quick succession, the muscles become extremely tender, the nerves break down and the sufferer is soon reduced to a state of helplessness and misery. This acid poison penetrates the joints and seems to dry out the natural oils, and the legs, arms and fingers become so stiff and sore that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while their use may give temporary ease, cannot be called cures, for the disease returns with every change of the weather.

"Three years ago I had a severe attack of a grippe, which left me almost a physical wreck. To add to my wretched condition, a severe form of Rheumatism developed. I tried all the physicians in our city, but none of them could do me any permanent good. I used all the rheumatic cures I could hear of, but received no benefit. After beginning S. S. S. I was relieved of the pains and have gained in flesh and strength and my general health is better than for years. I consider S. S. S. the greatest blood medicine in the world, and heartily recommend it to any one seeking relief from the tortures of Rheumatism." B. F. GREGORY, Union, S. C.

S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some forms, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you wish an information or advice. We would be glad to mail you a book free; if you charge nothing whatever for medical advice.
