The park commissioners of New York City have abolished pay chairs and those who now go to the parks may rest themselves without paying for the privilege. The people of New York are getting generous and soon the talk of taxing the air a person breathes there will have subsided.

Governor Savage is of the opinion that the South Omaha bull fights are perfectly innocent and harmless amusement and says that he would not be afraid to become a bull fighter himself with such animals in the arena. All they need is someone to brush the flies away and they become perfectly docile. He fears that the management of the affair are the most abused animals because there has been a large wound in their receipts, separating the receipts from the expenditures in a manner that would require some skilled work to repair. The governor's opinion will scarcely serve to correct the management's difficulty. The people who would attend desire something blood-curdling and cruel.

The Norlin case at Minden is a peculiar one in many particulars, not the least of which is the promptness with which justice was meted out to the defaulter. In less than 24 hours after his arrest he was given a preliminary hearing, bound over to district court, a special term of the court was called and the prisoner was tried, convicted and sentenced to six years in the penitentiary and to pay a fine of \$5,400, the amount of the embezzlement charged against him. It is regarded as probably the most speedy disposition of a criminal case in the history of Nebraska courts. The prisoner was evidently intent on evading the responsibility of his crime or, if he proved unsuccessful, establishing a record for peculiarities without precedent in the criminal history of the state. The failure of his plans and the consequent confession was taken by the court as a signal for an effort on its part to do some record breaking and the opportunity was quickly seized upon and brought to a successful termination. If there are other peculiarities or record-smashings concealed in the case the people will not be surprised to see them develop speedily. Norlin has undoubtedly, ere this, entered upon his term of penal servitude.

The Lincoln Independent in a recent issue proceeds to show that the republicans of Douglas county are hopelessly in the toils of the octopus and for proof recites the fact that the packing house property in South Omaha, controlled by the meat trust, has been assessed at 45 per cent of its value and remarks that "The people should be truly grateful—it is a wonder that the Mark Hanna followers got up courage enough to assess them at all." This makes a very beautiful and interesting story that should have made many votes for the fusionists had not the Omaha Bee got into the yard and upset the kettle in the following manner: "The official organ of Nebraska populism is evidently not aware of the fact that three out of the five members of the board of Douglas county commissioners are populists. From a party standpoint the fusion reformers are responsible for the failure to equalize the tax according to the letter and spirit of the law. It makes a great deal of difference, however, whose ox is gored. In the language of the bogus reform organ: 'The people should be truly grateful.' Indeed it is a wonder that the Bryanite county board got up sufficient courage to assess the corporations at any figure."

Pure Gold.
John A. Taylor in Social Service says: "If you should ask me what is pure gold I should say: The man who in these times of financial debauchery puts eighteen karats of honor into every bargain which he makes, and brings out of the maelstrom of wild contention his good name untarnished, is 'pure gold.'"
"The strange young man who comes to a great city and pursues his way from poverty to competence, keeping his conscience and his body pure, is 'pure gold.'"
"The president who, holding the destinies of seventy millions of people in his control, postpones to the last moment the dread arbitrament of war, then keeps the honor of the state unscathed until its successful completion, and seeking well-earned repose, with the approving plaudits of multitudes, forsakes the sweet music of applause for the quiet chamber of the woman who in his unfruitful days pledged him her sacred troth, is 'pure gold.'"
"The physician who leaves his comfortable home at night for the poorer quarters of the city, receiving for his compensation only the glad satisfaction of relieving misery, is 'pure gold.'"

DEATH LIST IS GROWING.

Alton Wreck Results in Nineteen Deaths.

FIVE OTHERS FATALLY HURT.

Over a Score Still in Kansas City Hospitals—Most of the Victims Were Epworth League Excursionists En Route to San Francisco.

Kansas City, July 12.—Of the 24 persons injured in the Alton wreck, who are still in Kansas City hospitals, two are not likely to live through the day and three others are fatally hurt. A revised list of the 19 dead follows: Mrs. J. B. Adsit, Hoopston, Ills.; Mrs. Hulda Hayslip, Chenoa, Ills.; Mrs. S. A. D. Harry, Hoopston, Ills.; Rev. D. W. Hooker, Syracuse; Mabel Ross, Kentland, Ind.; Mrs. Lorena Gilman, Goodland, Ind.; Mrs. S. L. Ray, Wilmington, Ills.; Mrs. Elizabeth Dixon, Wilmington; Mrs. Frances Walker, Brooklyn; Mrs. Rhoda J. Curtis, Simpson, Kan.; Sidney Jones, Chicago; Daniel Donnelly, fireman; Daniel McAnna, conductor freight train; P. J. Anderson, engineer freight train; Frank Briggs, engineer passenger train; I. S. Rogers, express messenger, Chicago; two unknown men, burned and mangled beyond recognition.

Leslie S. Colburn of Paw Paw, Mich., and Miss Lottie L. Still of Hornellsville, N. Y., are not expected to live through the day. Mr. Colburn was scalded on the face and arms and his right leg and arm broken. He is at St. Joseph's hospital. Miss Still's arms, face and shoulders were badly scalded and she is unconscious most of the time. She is at University hospital.

The following are fatally injured: Mrs. Anna Morrison, Valparaiso, Ind., head and arms scalded; Miss Ora E. Tollman, daughter of Mrs. Morrison, Valparaiso, face and arms scalded; Mrs. C. W. Snyder, Jasper, Ills., aged 44, face, arms and shoulders burned; Miss Julia M. Hayslip, Chenoa, Ills., arm and face scalded, inhaled steam.

The case of Mr. Hayslip of Chenoa, Ills., is extremely pitiful. Although badly burned and in a serious condition, the enormity of his affliction made it necessary for him to leave the hospital. His wife, Mrs. Hulda Hayslip, died at the University hospital, and his daughter, Miss Julia Hayslip, is now in a dying condition at St. Joseph's hospital. He will take the body of his wife home and return for his daughter.

The hospital attendants report that the less seriously injured patients are improving rapidly.

Most of the injured were Epworth League excursionists en route to San Francisco, and were in the tourist car, in which the greatest havoc was wrought. Most of the uninjured and slightly injured leaguers have proceeded on their journey.

WRECK IN PENNSYLVANIA.

Freight Train Falls Through Bridge, Killing Ten Men.

Conneaut, O., July 12.—Just after 11 o'clock yesterday three cars of the local freight went through the Nickel Plate bridge at Springfield, Pa. The bridge gang was at work on the bridge and the ten men killed are mostly workmen. The accident occurred just after passenger train No. 3 had pulled through. The local, after the passing of the passenger train, pushed three cars heavily laden out on the structure to unload stone for the masons working beneath on the large stone foundation. The work of unloading had hardly begun, when, without warning, the whole structure bearing the three laden cars fell with laborers fell with an awful crash into the valley. So sudden was the affair that only one man, a mason named George Smith, had a chance to leap in time to save himself from injury.

The dead: Conductor Phil A. Moore, Buffalo; J. Seaboss, Cleveland; George Swartz, workman, Springfield; Homer Beckwith, foreman, Conneaut; five Italians, names unknown; West Randall, Springfield.

Cut by Breaking Glass.

Kokomo, Ind., July 12.—Breaking glass at the plate glass works here inflicted frightful injuries on five of the ten men who were carrying the sheet upright from the annealing oven to the grinding table. The injured are: Herman Meyer, Anthony McHale, August Gruele, William Abney and Peter Van Rying. The plate, which weighed 2,200 pounds, broke and came showering down on the heads and shoulders of the workmen. The victims' scalps were badly cut and the flesh was literally scraped from the bones of their shoulders and arms. All five will lose their arms, if not their lives.

Cattle Growers' Committee.

Denver, July 12.—President Lusk of the American Cattle Growers' association has appointed the following committee to draft a bill to provide for the leasing of the public range: John P. Irish of California, M. K. Parsons of Utah, Bartlett Richards of Nebraska, Henry M. Porter of Colorado and A. B. Robertson of Texas. The committee will meet in Denver next September.

Slain in Their Sleep.

Greenville, Miss., July 12.—Two persons were killed and another was seriously wounded at Erwin. John Serio and his son, Vincent Serio, were killed, while Salvador Liberto was dangerously wounded. The three had been living near Glen Allen, but on account of some trouble were ordered to leave the community by the citizens. The men went to Erwin, a few

miles distant from Glen Allen, and decided to locate. While they were asleep the three were riddled with bullets, two being killed outright, while the third was seriously shot.

Mrs. Hilton Loses Her Case.
Salt Lake, July 12.—Judge Hall of the district court yesterday rendered his decision in the celebrated Hilton-Park case, the court holding that the ceremony of "sealing" performed in 1878 was purely a religious ceremony affecting the lives of Mrs. Hilton and Dr. Park only in the hereafter and was not a marriage ceremony known to or recognized by the laws of Utah. Mrs. Hilton, claiming by this ceremony to be a widow of Dr. Park, had sued for part of the estate.

WARNERVILLE.
Our farmers are harvesting the rye crop.

Warnerville people celebrated in Madison the Fourth.

Charlie Lodge shipped in a carload of lumber last week and will build a large addition to his house.

Miss Gerlie Miller came up from Omaha Saturday to visit her grandparents, Mr. and Mrs. O. D. Manson.

At the meeting of the new school board in district No. 25, Monday, A. H. Cropper was appointed treasurer to fill vacancy.

At the annual meeting in school district No. 75, Ez. Roulett was elected moderator. A six-months school was voted, and a 20-mills tax was levied.

FOR SALE—Well improved ranch with 80 head graded cattle two miles from Buffalo Gap, S. D.

G. R. SEILER.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & Co., Toledo, O.

Sold by druggists, 75 cents. Hall's Family Pills are the best.

STATEMENT OF THE CONDITION OF THE NORFOLK BUILDING AND LOAN Association

Of Norfolk, Nebraska, on the 29th day of June, 1901.
