Wiseacres, who have studied the political situation, think the republican ticket in 1900 will read McKinley and Roosevelt, the democratic ticket, Bryan and Schley.

The Hastings Record very truthfully says: "Newspaper publishers very often deserve more credit for stamina in leaving some news items out of their paper than they do for putting others in."

Dr. John Watson, who a few years ago awoke and found himself famous by writing, "Beside the Bonnie Brier Bush," lectured in Lincoln last evening. He is on his way to the Pacific coast.

Since January over 100,000 wage earners in the great manufacturing of the county have had their wages raised. When the laboring man begins to get more for his work, prosperity for all classes has begun.

Hon. John Sherman has arrived at Washington, but it is evident from the dispatches that he is in a very precarious condition. His work is done. He may linger some weeks or even months, but his death will not be unexpected at any time.

Dispatches from Washington today convey the startling intelligence that there is grave danger of complications with Germany growing out of the Samoan difficulties. We shall have no war with Germany. The Emperor understands too clearly what Dewey and the other American officers are capable of doing, aided by "the men behind the guns."

Mrs. Theodore Birney in the mothers' congress which met at Washington, D. C., recently, in a very thoughtful address struck the keynote of the situation, when she said, "In the home lies the only solution of the problems which confront the world today."

There is much discussion of late, among those who have investigated the conditions and studied the facts, regarding the future bread and meat supply of the world. C. Wood Davis, who is considered quite an authority on such matters, claims that since the year 1884 there has not been an acre added to the world's aggregate bread bearing lands except such as can be used only temporarily.

An astronomical fact now as formerly causing no little perplexity to some is that the sun's motion—which unquestionably and indisputably is extremely quick—does not change the relative position of the solar system to the fixed stars and the constellations more than it actually does.

The investigations of astronomers have nevertheless established one thing as certain—namely, that the sun moves through space at a great speed—estimated by some scientists at 16 miles a second—carrying all the planets, satellites and other comical bodies along with it.

Even under the supposition of so great a rate as 16 miles, in one second, this relative position of the sun to the

fixed stars would, astronomers declare, be hardly perceptible in a century, on account of the almost inconceivable distance of the latter—the conclusion being, therefore, that many thousands of years must pass before the sun's proper motion in space can change the configuration of the star groups.

EAGAN SAYS HE FORGOT. Rectifies His Former Statement Regarding the Time Limit Clause.

WASHINGTON, March 30.—The military court appointed to inquire into General Miles' charges concerning the beef supplied to the army during the Spanish war had former Commissioner General Eagan before it yesterday on recall and also heard the testimony of Rear Admiral Stewart and Paymaster Colby of the navy and Major Black and Captain Pomeroy, volunteer officers.

General Eagan's testimony was not startling. He stated that Messrs. Armour & Co. had put in a bid to supply beef to be preserved by a process of their own, but that he had not considered it. He also modified a former statement to the effect that the 24-hour clause in the beef contract had crept therein as a clerical error, saying that the multitude of matters which had demanded his attention at the time he had forgotten its insertion.

Major Black and Captain Pomeroy gave the details concerning the condition of the beef brought to Porto Rico on the steamer Manitoba. Captain Pomeroy stated that of 21,000 pounds received for at Ponce, 6,000 pounds had been condemned. They also detailed the objections made by the men to the canned roast beef.

Major Black told of a conversation with General Eagan in regard to the refrigerator beef, in which he quoted the latter as saying, with an oath, that he would have compelled the men to take the beef.

HARRISONVILLE, Mo., March 30.—E. Bates Soper, who is to be hanged today, was yesterday allowed to go upon the scaffold and test it. He tried the trap and offered suggestions to the sheriff.

More Rioting at Kingston. KINGSTON, Jamaica, March 30.—Another riot among sailors of the United States fleet ashore on leave, occurred here last night, during which the men fought a number of water police and civilians, resulting in the combatants receiving plenty of contusions.

A Hank of Hair. Chickens are sold by the piece in Buenos Ayres. They are dressed before being offered for sale, the only feathers left upon them being those of the tail.

The same custom prevails in China as to dogs, where a bit of the dog's hair is always left on the end of the tail, even when the animal is cooked. But this is because the Chinese consider the flesh of black dogs the best and most certain to put a brave spirit into the body of the eater.

Animals That Know Roads. The Welsh mountain sheep have obtained legal recognition of their ability to distinguish boundaries and their own roads through their pastures. One flock of sheep found a trespassing flock and the court decided that the sheep were worth a half crown more than others because they knew their roads and boundaries.

Explosive. An ambitious young writer having asked, "What magazine will give me the highest position quickest?" was told, "A powder magazine, if you contribute a fiery article."

The oldest medical recipe is said by a French medical journal to be that of a hair tonic for an Egyptian queen. It is dated 400 B. C., and directs that dogs' paws and asses' hoofs be boiled with dates in oil.

Warnerville. Al. Lovell is sick with the measles. Born, last week, to Mr. and Mrs. Nate Rowlett, a daughter.

Geo. Wheeler shot one wolf last week and trapped another. Rev. Main of Norfolk, preached in the hall last Sunday afternoon.

W. P. Rowlett sold 1,000 bushels of corn this week to the sheep ranch. Mrs. J. L. Lovejoy of Chadron, is visiting her brother, Neil McBeath and family.

Bud Robbins has moved onto the Wood's farm two miles west of the station. Mr. Pribenow went down to South Omaha, Tuesday, with two carloads of fat cattle.

Dr. Bert Reed came up from Missouri Valley, Wednesday, and drove out to Maple Grove. Owen Bros. of Norfolk shipped two carloads of baled hay to Julesburg, Col., the first of the week.

Neil McBeath has bought and taken possession of Mrs. J. L. Lovejoy's house and farm lots in the north part of town.

The Madison Creamery Co., now have their plant at this place in running order and will commence to receive milk Saturday, April 1.

J. L. Ring of Battle Creek shipped his household goods from this station Tuesday to Columbus, where he goes to take charge of a flouring mill. Catarrh Cannot be Cured with local applications, as they cannot reach the seat of the disease. Catarrh

Grain-O Brings Relief. to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25 cents per package.

Your Best Interest Will be served by making sure of health. It will be a loss of time and money to be stricken with serious illness. Take Hood's Sarsaparilla and purify your blood. In this way all germs of disease will be expelled, sickness and suffering will be avoided, and your health will be preserved. Isn't this a wise course?

Hood's Pills are the only pills to take with Hood's Sarsaparilla. Price 25 cents.

'Tis Worth a Bag of Gold.

This applies to nothing better than the glorious Spring time that moves all verdure to life and brings around the day when all humanity can have an opportunity to cleanse their blood and thus put into operation all the health and vigor that is possible. Everybody naturally turns to America's Greatest Spring Medicine, Hood's Sarsaparilla, to prepare themselves for the joys and pleasures of summer. It never disappoints.

Cold. For 42 years I had cold or sore throat, which was distressing and troublesome. Rheumatism also annoyed me. Hood's Sarsaparilla cured me completely and the swelling has entirely disappeared. A lady in Michigan saw my previous testimonial, and used Hood's and was entirely cured of the same trouble. She thanked me for recommending it. Mrs. ANNA SUTHERLAND, 406 Lovell Street, Kalamazoo, Mich.

Blood Poison. I lived in a bed of fire for years owing to blood poisoning that followed small pox. It broke out all over my body, itching intensely. Tried doctors and hospitals in vain. I tried Hood's Sarsaparilla. It helped. I kept at it and was entirely cured. I could go on the house-tops and shout about it. Mrs. J. T. WILLIAMS, Carbondale, Pa.

Bad Blood. Although past 70 years of age I am thoroughly well. It was three bottles of Hood's Sarsaparilla that made me so after spending over \$50 in medical attendance. My trouble was a raw sore on my ankle. Mrs. LOUISA MASON, Court Street, Lowell, Mass.

Kidneys. My kidneys troubled me, and on advice took Hood's Sarsaparilla which gave prompt relief, better appetite. My sleep is refreshing. It cured my wife also. MICHAEL BOYLE, 3473 Denny street, Pittsburg, Pa.

Rheumatism. My husband was obliged to give up work on account of rheumatism. No remedy helped until he used Hood's Sarsaparilla, which permanently cured him. It cured my daughter of catarrh. I give it to the children with good results. Mrs. J. S. McMATH, Stamford, Ct.

Hood's Sarsaparilla Never Disappoints. Hood's Pills cure liver ills, the non-irritating and only cathartic to take with Hood's Sarsaparilla.
