Aguinaldo's footrace still continues.

Unconditional Surrender Grant has a worthy successor in Gen. Otis.

The state fair will not be held this year. The attempt to combine it with the Omaha show was a failure.

Veracity is a virtue in the discussion of public questions that the people who are abusing the president and his advisors seem to be short on.

The heaviest passenger engine ever built has just been put into service on the Burlington road, running out of Chicago. It weighs 127 tons.

Bixby praises "the sweet month of May" in the following strain:  
 "You usher in the bloom upon the trees,  
 The corn leaps forth from out the silent earth,  
 And grass and weeds and pumpkin vines have birth,  
 And halm is borne on every passing breeze."

Edward Atkinson evidently didn't know it was loaded. It may be a surprise to him that while Uncle Sam is a kindly old gentleman, he is really a bigger man than the Boston statistician and has rights that even a little American is bound to respect. Edward will be wiser as he grows older.

The State Journal says that binding twine can be made in Nebraska from Nebraska hemp at three or four cents less per pound than the price charged by the combine and leave a good profit. It would seem as if provision ought to be made to manufacture it by the state. Minnesota has employed its prison labor in this way for some years to the great advantage of the farmers, saving them thousands of dollars. Why should not Nebraska do likewise?

The Omaha Bee thinks that "we should not be deluded by such extravagant and exaggerated ideas regarding trade in the Orient as some of the expansionists put forth." It is true that there are some people who may be over sanguine regarding the possibilities of markets in the east, but THE NEWS suggests that neither should we be disturbed by the asinine shrieks of timid souls who shrink with horror from any genuine display of robust Americanism.

Chauncey M. Depew is credited with saying that the republican party will have practically no opposition in 1900. This sounds unwisely sanguine to us. There need be no fear but what there will be opposition—intense, unrelenting and vituperative. But if the party will pursue the even tenor of its way there is every reason to believe that, with President McKinley as a candidate, it will win a splendid victory at the polls. Mr. Bryan's nomination will only make the result more certain. Wm. J. will never poll as many votes again as he did in 1896.

Secretary Alger is outspoken in his convictions regarding the results of the Spanish war. He said in his speech at Detroit Tuesday evening: "The people of the United States are an unselfish people; they have never sought territorial accession except to the benefit of the people who came with it. The flag of this nation has been hoisted over Cuba, Porto Rico and the Philippines, in lands whose people have for centuries been oppressed by Spanish misrule. Whatever else may be we can be assured as it has been raised in Porto Rico and the Philippines there it will remain. One of these islands we hold in trust; the others are ours."

Nebraska is furnishing bright men for the eastern markets. They are not the least of her products. Ohio took Canfield when it wanted a man for the president of the state university and now Iowa is after MacLean to occupy a similar place. When a successor was sought for the pulpit so eminently filled by Henry Ward Beecher and Lyman Abbott, Rev. Dwight Hillis, whose early years in the ministry were spent in Nebraska, was chosen. Among the presidents and superintendents of the great railroads of the country, the number of men who gained their experience in this state is conspicuous. There is something in the soil and climate here that not only produces splendid crops and herds, but nurtures magnificent men. Stand up for Nebraska!

Women Suffragists End Their Session. GRAND RAPIDS, Mich., May 4.—The convention of the National American Woman Suffrage association closed last night, presided over by Miss Anthony, who gave the closing address. The convention has been pleasing and successful and remarkably free from disagreements and friction and has aroused great interest in the subject among women of this city. Arrangements were made for the transmission of a great "thought wave" to the czar's peace convention at The Hague on May 15. The meeting of the association next year will be held in Washington.

**SEIZED AS SEDITIOUS.**

Mr. Atkinson's Anti-Imperialist Documents Taken from Mails.

ORDER SENT FROM WASHINGTON.

Pamphlets Addressed to American Officers in the Philippines Stopped at San Francisco Under Instructions From Postmaster General Smith—Boston Man Explains His Work.

SAN FRANCISCO, May 4.—The local postoffice officials yesterday seized some of the pamphlets sent out by Edward Atkinson, vice president of the Anti-Imperialist league of Boston. The pamphlets are addressed to Admiral Dewey, General H. G. Otis, General Miller and Professors Schurman and Worcester.

Postmaster Montague had received instructions from Washington to seize and hold, subject to further orders, any pamphlets mailed to Manila by Edward Atkinson. These directions apply only to third class matter, no authority being given to seize under any suspicion any letters or other sealed matter.

In accordance with these orders from the postmaster general Mr. Montague ordered a rigid inspection of all mail lying in the office en route to Manila. The search revealed the presence of the printed documents which had been mailed to the military commanders and to the members of the Philippine commission. On the wrapper of each, near the address, are the words: "If not delivered within five days return to box 112, Boston."

In an interview in Boston Mr. Atkinson admitted sending the pamphlets to Admiral Dewey, Generals E. S. Otis, General Miller and Profs. Schurman and Worcester. He claimed they are simply private editions of documents ordered printed by the United States senate. Two of the pamphlets are entitled: "The Hell of War," and "Criminal Aggression." The third has no specific title and contains copies of speeches delivered by Senator Hoar, ex-Governor Bontwell and Judge Edmunds.

Postmaster Montague has ordered that a close watch be kept on the mails and that all the objectionable pamphlets from Edward Atkinson arriving here en route to Manila be seized.

Shot by a Chance Acquaintance. CHICAGO, May 4.—David J. Wile, an attorney, lies at the Post Graduate hospital, probably fatally wounded by three shots fired by a young woman named Mabel Birk. After wounding Wile Miss Birk shot and killed herself. The shooting occurred in a parlor of the Hotel Anthony. According to the lawyer's statement he had met Miss Birk in a professional way only. He claims that they met on the street yesterday accidentally and that the young woman asked him to accompany her to the hotel, where she would sing for him. Wile was seated on the piano stool, running over the keys when, without any warning, his companion shot him three times. One of the bullets struck Wile just above the small of the back, another lodged in his neck and a third back of his right ear. The single missile which ended the life of the young woman penetrated the breast.

Monument to Blue and Gray. CHATTANOOGA, May 4.—The beautiful granite monument erected by the state of Kentucky in Chickamauga park was dedicated yesterday with imposing ceremonies. Major Thomas H. Hays of the Kentucky commission, in an eloquent address, then formally tendered the monument to Governor Bradley. The monument was accepted for the government by General H. V. Boynton, president of the Chickamauga-Chattanooga National Military Park commission. The monument, which is one of the handsomest at Chickamauga, was erected to the memory of the Kentuckians who wore both the blue and the gray, and both sides are equally represented in the inscriptions.

Arresting Warbler Rioters. WARDNER, Ida., May 4.—A company of the Fourth cavalry from Walla Walla arrived here at noon. Thirty-five dynamites were arrested in one group and others are now being picked up. There are now 60 under arrest at the soldiers' camp. The rioters scrambled over the hills in frantic efforts to escape. Only one tried to resist. He was promptly overpowered. The prisoners were marched to camp. Nearly all are Italians, only a few Americans. Coroner France has impaneled a jury of merchants. Inquest on mob violence victims began yesterday. No more rioting is feared until arrests begin on Canyon creek.

Carbondale Strike Settled. DES MOINES, May 4.—One hundred negro miners arrived yesterday from Indian territory. They refused to go to work, being union men, but if they attempt to go in there will be a clash. The committee of strikers met the mine operators yesterday and settled the Carbondale strike, 300 men returning to work. The operators grant 50 cents, mine run, and an eight hour day, which amounts to a victory for the men.

Hail Storm in Wisconsin. LA CROSSE, Wis., May 4.—Nearly an inch of rain fell in 15 minutes yesterday. The rain was accompanied by hail, which broke thousands of panes of glass in conservatories. At Pittsfield several buildings were blown down. At Black River Falls hail stones an inch in diameter fell. Several buildings were struck by lightning and bridges and dams were washed out.

Under Military Rule. BOISE, Ida., May 4.—Governor Steunenberg last night issued a proclamation declaring Shoshone county in a state of insurrection. This will result in placing the government of the county, in so far as may be necessary, under military rule.

Madison. Sheriff Losey was in Norfolk Saturday.

Miss Linnie Stuart returned to Lincoln Saturday.

J. Reimers of Grand Island was doing business in the city Wednesday.

Mrs. Stuart and son, Charley, returned to their home in Lincoln Sunday.

Editor Bob Scott of the Battle Creek Enterprise was in the city last Wednesday.

H. B. Allen drove over to Stanton Monday returning Tuesday morning with Ben Wood.

The telephone at the court house has been removed by order of the county commissioners.

Attorney Kilburn of Battle Creek was attending to business at the court house last Wednesday.

Attorneys Dan Koenigstein and Burt Mapes of Norfolk were in the city on business last Wednesday.

Attorney Nichols left for Newman Grove this morning expecting to make a trip to Columbus before returning.

Attorney James Nichols was called to Creston Monday afternoon returning late in the evening. Tuesday he went down to Columbus on matters in court there.

The school board of this city at a recent meeting elected Prof. Mossman principal for the ensuing year and Miss Eva O'Sullivan of West Point as assistant principal.

W. P. Evans of the Norfolk Times-Tribune was in the city last Wednesday and Thursday looking after business interests in connection with the Reporter of this place.

The news of the promotion of Lieutenant Fred Gegner of company F, First Nebraska, reached here the other day and a cablegram of congratulation was sent him at Manila.

Thomas Mortimer shipped four carloads of fine bred bulls to points in the west last week. They are to be distributed among different herds in Montana and Colorado.

Ed Albright, formerly of Madison but for the past few years an inmate of the Soldiers' home at Grand Island, fell down stairs at that institution last Friday night and broke his neck.

The severe rain storm that visited this place Tuesday afternoon proved to be one of the most destructive that has been seen in this part of the country for some time, 3.65 inches of rain falling between 4:30 and 9:00 p. m. Many business houses about town lost heavily from damage to stock in cellars and store rooms. Brinkman & Son estimate their loss at from \$150 to \$200 and several others were also heavy losers. The law offices of Reed and Allen recently repainted, papered and remodeled are now in a sorry plight. The paper and plastering are off in large patches and most all the woodwork will have to be refinished. Their loss is estimated at from \$75 to \$100. Many others suffered damages to a limited extent but the total loss would probably figure up to no small sum. It is to be hoped that such storms may be few and far between.

Progress of the Steel Combine. NEW YORK, May 4.—The Times says: Further progress toward consolidation of the big steel interests of the country was made yesterday at a meeting held at the Holland house in which Judge W. W. Moore of Chicago, H. C. Frick, representing the Carnegie interests, and other prominent steel men of the country took part. After the meeting there was a rumor that an offer of \$150,000,000 had been made for the Carnegie interests and that Mr. Frick had taken it under consideration for consultation with Mr. Carnegie.

Dr. S. P. Kellogg is Dead. PITTSBURG, May 4.—Rev. Dr. Samuel P. Kellogg, one of the best known theologians in the country, died suddenly yesterday at Landour, India, where, with two other eminent scholars, he was engaged in translating the scriptures into the Hindostanee language. The tidings of his death were received in Pittsburg in a cablegram sent to his brother-in-law, Edward A. Woods.

Iowan Ends His Life. SAN JOSE, Cal., May 4.—A man supposed to be W. W. Patterson of Iowa City, Ia., about 60 years of age, was found dead in his room in this city yesterday. He had committed suicide by hanging himself to the post of his bed. He received regular remittances from friends until a few weeks ago.

No May Day Disturbances. LONDON, May 2.—At Brussels and Madrid there were the usual demonstrations, but in most continental cities there was no suspension of work and no disturbance of order. Labor day seems to be losing its former significance, the number of celebrations being relatively very few.

Beware of Ointments for Catarrh that Contain Mercury. as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and

made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.  
 Sold by druggists, price 75 cents per bottle.  
 Hall's family pills are the best.

**Give the Children a Drink**  
 called Grain-O. It is a delicious, appetizing, nourishing food rich to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about one-fourth as much as coffee. 15 and 25 cents.

**New and Original Advertising.**  
 It is interesting to watch the new styles always to be found in the advertising of Hood's Sarsaparilla. The present line of advertisements is especially unique, each beginning with a familiar proverb and leading up to the good qualities of this famous medicine. The argument in every case is clinched by condensed testimonials from people the medicine has cured. It is gratifying to see the continued success of an article of genuine merit. While other preparations come to the surface and after a short time disappear, Hood's Sarsaparilla has steadily maintained its place in public confidence.

**To Cure a Cold in One Day**  
 Take Laxative Bromo Quinine Tablets. All druggists refund money if it fails to cure. 25c. The genuine has L. B. Q. on each tablet.
