

THE WINNERS NAMED.

Proceedings of the Republican County Convention.

STRONG RESOLUTIONS ADOPTED.

Delegations Reported From Every Precinct in the County—Nominees Placed on the Ticket Inside of Two Hours and the Convention Adjourns.

From Saturday's Daily: Clerk District Court... U. C. SCHAVLAND, County Clerk... PHILIP BAUCH, Treasurer... R. C. MILES, Sheriff... S. L. GARDNER, County Judge... S. A. MACKAY, Superintendent Public Instruction...

The republican county convention met today at Battle Creek, as per call, in the opera house, for the purpose of naming candidates for the various county offices to be filled at the general election this fall, choosing delegates to the state and judicial conventions and transacting such other business likely to come before the meeting.

When Chairman S. A. Mackay called the convention to order at 11:10 this morning there was a very complete representation from the various voting precincts, all earnest in their desire to name a winning ticket and with little difference of opinion concerning the timber of which it should be constituted.

The first order of business was the making of a temporary organization. For this purpose W. M. Robertson of Norfolk was chosen as temporary chairman and James Nichols of Madison as temporary secretary.

After taking his seat, the chair appointed a committee of five on credentials consisting of F. H. L. Willis, M. Gross, E. A. Bullock, C. A. Randall and C. H. Snyder.

A committee of three on resolutions, consisting of S. O. Campbell, F. H. L. Willis and C. J. Stockwell was also named.

These preliminary proceedings completed, the convention adjourned until 1:30 p. m., in order to give the committees an opportunity to prepare their reports and allow the delegates to get dinner.

The convention was called to order again at 2 o'clock and the Battle Creek band rendered a selection "Hail to the Chief." After they had finished the convention extended a vote of thanks their music being highly appreciated by the delegates.

The report of the committee on credentials showed that every precinct in the county was represented by a delegation.

The temporary organization was made permanent.

The committee on resolutions reported as follows: Resolved, That we heartily endorse the patriotism and statesmanship of the administration of President William McKinley.

Resolved, That we reaffirm our approval of our allegiance to the principles of the republican party as expressed in the national platform of 1896, believing that to their enforcement during the last three years is due the unexampled prosperity now enjoyed by this nation and its high position among the powers of the earth.

Resolved, That we take just pride in the glorious achievements of the American arms on land and sea in the late war with Spain. Especially do we commend the soldiers of the First Nebraska whose deeds of heroism and silent suffering on field and in camp while upholding our national flag, have added imperishable lustre to the name of our commonwealth.

Resolved, That we commend the soldiers of the Second and Third Nebraska regiments, who by their prompt response to their country's call and their soldierly conduct through all the difficulties of their military service have set examples of patriotism worthy of emulation.

The report of the committee was unanimously adopted.

After other work of the convention was transacted the nomination of candidates for the county officers was taken up.

For clerk of the district court Chris Schavland who has held the position so satisfactorily during the past term was renominated without opposition.

Philip Bauch was named for county clerk.

For Treasurer R. C. Miles was placed in nomination.

Norfolk's candidate for sheriff, S. L. Gardner, was successful in having his name placed on the ticket.

S. A. Mackay, chairman of the county central committee, was named for county judge.

For superintendent of public instruction George Snyder, a young teacher in the Tilden schools, was nominated.

Dr. Edward Tanner of Battle Creek, who has for years past so well filled the position, was renominated for coroner.

For county surveyor W. H. Lowe of this city was placed on the ticket.

After the county ticket had been nominated the delegates representing the First Commissioner's district got together and named Chris Smith for the position.

The ticket put up is a strong one and the delegates departed feeling that they had well served the interests of the party which they represent.

From Monday's Daily: The breaking of the telephone wire to

Battle Creek Saturday afternoon cut short the report of the republican county convention, although the main facts were given. In nominating the ticket announced utmost harmony prevailed, every candidate except one being selected by acclamation. The one exception was on county clerk, where a ballot was taken, giving W. McDonald of Meadow Grove 38 1/2 and Philip Bauch of Madison 53 1/2 votes, whereupon motion prevailed that the nomination of Mr. Bauch be unanimous. Messrs. Schavland, Bauch, Miles, Gardner and Mackay appeared before the convention and thanked the delegates for the nominations, and Charles Snyder made a ringing speech on behalf of his son, Geo. Snyder, placed on the ticket as superintendent of public instruction, who was sergeant of company B, First Nebraska, and at that time was in Lincoln with his regiment.

THE NORFOLK NEWS: THURSDAY, SEPTEMBER 21, 1899.

READY TO MAKE SUGAR

Norfolk Factory Will Start Monday Morning.

A LONG CAMPAIGN IS EXPECTED.

Will Commence Slicing With about 1,500 Tons of Beets in the Sheds—The Early Start is a Good Thing for Farmers as Well as Business Men.

From Saturday's Daily: The Norfolk sugar factory will start upon its ninth campaign next Monday, and the prospects are for a longer run than usual this year, owing to the fact that in addition to the crop raised for this factory a portion of the beets intended for the Ames plant will be worked here. It had been intended to start the factory today but the time was deferred two days more so that there would be no doubt but that sufficient beets would be in the sheds to prevent having to wait after the start was actually made.

The factory has presented a scene of activity for many weeks, while the repairs were being made, but during the past ten days the employees have been unusually busy finishing up those repairs and getting everything in readiness for the beginning of the campaign. While the inside of the factory has been busy, since last Tuesday morning farmers' wagons loaded with beets have been rolling toward the plant in an almost endless procession, while many more have been coming in on the train. It is estimated that by Monday morning there will be 1,500 tons of beets in the sheds, of which about 40 car loads will have been shipped in by rail. Besides this a great number of cars of coal and lime have been received, and when the wheels of the great plant are put in motion at 7 o'clock Monday morning, there will be an abundance of supplies of all kinds on hand, and everything will go off like clock work. About 20 hours after the first scale of beets are sliced granulated sugar will commence to appear at the refinery end of the factory, and from that time on until the campaign closes there will be a constant stream of sugar pouring into sacks from the mouth of the drying drum. The article thus produced is the finest quality of granulated sugar, and can not be distinguished from the best southern made cane sugar, which is attested by the fact that the Norfolk sugar factory took the first prize at the Omaha exposition in 1898 for quality and purity.

The tonnage of beets harvested so far is fair, and if the season continues favorable for growing by the time the late beets are harvested the yield will make a good average crop. The beets thus far are testing very well indeed, the average being about 14 per cent, while a few fields have gone as high as 16 to 17 per cent, and one exceptional field has given 17 1/2 per cent. The early starting of the factory should and will be appreciated by the growers, as it will enable them to harvest all their crop before cold weather sets in.

The early start at the factory is also a benefit to the business interests of the city, because with the beginning of work at the factory fall trade of the merchants invariably opens. Not only is the money which is paid for the beets put into circulation, but the work in the factory, where between 200 and 300 men are employed, together with the work of harvesting in the fields, proves an immediate and powerful factor in stimulating the trade of the city. There is no doubt but that every man who works this fall in this vicinity can secure employment. While the sugar company always considers applications made by people living here first, if not enough men apply for positions, then of course they must take those from away. This has been the case in several instances in preparing for this campaign.

Attend College This Year. Never in the history of our country was there a greater opportunity than the present for educated young men and women. What an auspicious moment for those who are just now on the threshold of life.

Grand Island Business and Normal college has for fourteen years been the leading institution of its kind in the western states and last year more than twice as many calls were received for its graduates as could be supplied. Everything necessary for a successful start in life is taught—business, normal and shorthand courses. Expenses low. Board only \$1.50 per week. One year's time given on tuition if desired. College record sent free, or for six cents will send elegant catalogue.

A. M. HAREES, President, Grand Island, Neb.

Southern Literature. Interesting literature regarding the South is now being distributed by the Southern Railway—"Southern Homes" folders, large map folders, "Land of the Sky" booklets, Southern Fields, "Minerals and Mines" books, etc., mailed free to any address. "The Empire of the South," a very handsome volume of about 200 pages, profusely illustrated, also issued by the Southern Railway, and sent to any address upon receipt of 25 cents, which amount approximates cost of delivery. Address—Wm. H. Taylor, Ass't Gen'l Pass. Agent, Southern R'y, Louisville, Ky.

THE NEWS' JOB DEPARTMENT IS COMPLETE IN EVERY PARTICULAR.

Back Hawk, the most noted of the chiefs of the Wisconsin Winnebago Indians, died in the town of Brockway, aged 90 years. Black Hawk has been well known in the western part of Wisconsin for the last fifty years, was always a friend of the whites and on several occasions prevented the Winnebagos from taking the war path against the palefaces.

Redlands, Cal., has a giant mowing machine, which cuts a strip of wheat fifty feet wide.

Its wonderful resources and superior advantages to homeseekers are set forth in a handsome illustrated pamphlet just issued by the Frisco Line Passenger Department. Copy will be mailed free on application to Bryan Snyder, General Passenger Agent, St. Louis, Mo.

Patents Sold. The United States Patent Office records show that 141 patents were received patents this week had sold either a part or the entire interest in their inventions. This means that 32 per cent of the inventors have been successful in selling their inventions.

Amongst the prominent manufacturers who bought these inventions are the American Shoe Machinery Co., Portland, Me. The Gorham Manufacturing Co., Providence, R. I. Brown & Sharpe Manufacturing Co., Providence, R. I. Winchester Repeating Arms Co., New Haven, Conn. Western Electric Co., of Chicago. Scoville Manufacturing Co., Waterbury, Conn. American Electric Vehicle Co., Chicago. Bethlehem Iron Co., South Bethlehem, Pa. Inventors desiring free information as to the law and practice of patents may obtain the same in addressing Sues & Co., Registered Patent Attorneys, Omaha, Neb.

Locomotive Runs. During the past few months, the Baltimore and Ohio railroad has materially extended the runs of the passenger locomotives on through trains. Formerly engines were changed on an average every 100 or 150 miles. It was thought that the mountain grades of the Baltimore and Ohio railroad would prevent an extension of the runs. However, the experiment was made. It has proved successful and reduced the number of locomotives formerly required by twenty-four, which can be used in other branches of the service and save the purchase of more motive power. Under the new plan, locomotives are double crewed and make from 7,000 to 8,000 miles a month, as against 3,500 to 4,000 under the former method.

The best qualified to judge reckon that the fortune left by A. T. Stewart, which he left to the care of the late Judge Hilton, amounted to about \$40,000,000. Mrs. Stewart survived her husband ten years, and the great Stewart fortune survived her ten years. In 1876 Stewart died; in 1886 Mrs. Stewart died, and in 1896 the last of the visible Stewart millions disappeared in the wreck of Hilton, Hughes & Co.

We will forfeit \$1,000 if any of our published testimonials are proven to be not genuine. Tax Pro Co., Warren, Pa.

A pun is merely a play on words, but it's hard work to understand some of them.

Mrs. Barnard Thanks MRS. PINKHAM FOR HEALTH.

LETTER TO MRS. PINKHAM NO. 18,900. "DEAR FRIEND—I feel it my duty to express my gratitude and thanks to you for what your medicine has done for me. I was very miserable and loathing flesh very fast, had bladder trouble, fluttering pains about the heart and would get so dizzy and suffered with painful menstruation. I was reading in a paper about Lydia E. Pinkham's Vegetable Compound, so I wrote to you and after taking two bottles I felt like a new person. Your Vegetable Compound has entirely cured me and I cannot praise it enough."—MRS. J. O. BARNARD, MILLTOWN, WASHINGTON CO., ME.

An Iowa Woman's Convincing Statement. "I tried three doctors, and the last one said nothing but an operation would help me. My trouble was profuse flowing; sometimes I would think I would flow to death. I was so weak that the least work would tire me. Reading of so many being cured by your medicine, I made up my mind to write to you for advice, and I am glad that I did. I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and followed your directions, and am now well and strong. I shall recommend your medicine to all, for it saved my life."—Miss A. P., Box 21 Abbeot, Iowa.

The government is paying from \$200 to \$600 a day for each vessel carrying horses, supplies and army baggage to the Philippines, and \$1,000 a day for each vessel that carries troops.
