The oriental lecture by J. I. Taminosian, will take place this evening at the Baptist church. The speaker is thoroughly acquainted with the subject he will handle, and his talk will undoubtedly be well worth the price of admission. Cards are are out announcing the marriage of Miss Lydia Pheasant to Mr. Herman E. Gregory of Lincoln, which will take place in this city on June 14th. Mr. and Mrs. Gregory will be at home, 851 North Twenty-Third street, Lincoln, Neb., after July 1st. Norfolk lodge No. 46, I. O. O. F., at its meeting last night elected the following officers: W. B. Hight, noble

grand; H. L. McCormick, vice grand; S. R. McFarland, trustee to fill vacancy; H. L. Spaulding and C. F. W. Marquardt, representatives to the grand lodge. The mail pouches for Battle Creek, Meadow Grove, Tilden and Oakdale, which have heretofore been sent out on freight No. 23, have been discontinued by order of Chief Clerk Shearer. They were of little service as the train now runs, only a few letters being sent out in that manner. The closing entertainment of commencement week will take place this evening at the Pacific hotel at 9 o'clock, when the Alumni association will receive and banquet the members of the class of 1900. An excellent program has been prepared and the event is anticipated with pleasure by those concerned. A number of the public school teachers rested from their labors, laid aside their cares and enjoyed a picnic yesterday afternoon in Edgewater Park, where they partook of an elegant spread of good things. The picnic might be considered as a sort of farewell reception to one another, as several departed today for their homes or on their summer vacations. The anticipated case of libel has been started before the district court at Madison. Mrs. Friedrich Schmede is suing Margaret and Joseph Weber for \$10,000 for slander. In the petition it is set forth that the defendants maliciously and with intent to injure the character of the plaintiff made statements reflecting on the plaintiff's character. Enumerators commenced taking the twelfth United States census this morning and all over the country persons are now engaged in asking questions concerning the place of birth, occupation and other things which the government wants to know about the people who live in this country. The enumerators for Norfolk are: J. S. McClary, First and Second wards; Norris Huse, Third and Fourth wards; S. L. Gardner, outside precinct; T. M. Hull, special enumerator for the hospital for insane. The proposed Yankton, Norfolk and Southwestern railway is up again with all its pristine vigor. A committee from Yankton consisting of Judge Bartlett Tripp and Harry Eller met with the Omaha Commercial club Tuesday to discuss the building of connections between Yankton and Omaha. Talks were made by the Yankton representative and also by members of the club. A motion prevailed that a committee on ways and means for building the line be appointed. The chair was to name the committee later and the secretary was instructed to correspond with Mr. Graham of Ohio, who now owns the right of way and ascertain when he may be expected in Omaha. Rock-a-Bye Baby These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy. The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great." Get Mother's Friend at the drug store. \$1 per bottle. The scholars of the Eighth grade of the public schools will enjoy a picnic Monday at the mouth of the Northfork river. U. H. Hughes will go to Sioux City Monday for a week's visit with friends and from there will go to Chicago to study Y. M. C. A. methods. No complaints were heard about the heat last night and this morning. In fact the temperature was quite decidedly chilly and the warmth of a fire or heavy clothes was not uncomfortable. This division of the F. E. & M. V. road last night received the largest engine now owned by the company. It was purchased from the S. C. & P. road and will be in the charge of Engineer Gay Halverstein. A farmer living north of Hoskins had his leg very severely cut yesterday while riding a bronco, the animal running up against a barbed wire fence. The injured man was brought to town last night and, after the Doctors Salter had sewn up the gaping wound, he returned to his home. The cut was quite a nasty one and clear through to the bone. Several admirers of the singing by the school children at the Auditorium on Decoration day find fault with THE NEWS for not giving proper credit to Miss Gayhart who had the training of the children in hand and directed them during the exercises. It was not the intention of this paper to slight anyone in anyway responsible for the very beautiful and well executed exercises, and is glad to accord Miss Gayhart the honors of having successfully conducted the portion of the program in which the school shared. Word reaches the city that Miss Frances Holmes, daughter D. A. Holmes, formerly of this city but now living in Chicago, is seriously ill with pneumonia

and that but very little hope is held out for her recovery. Miss Frances has been threatened with lung trouble for some time, and last fall her father took her to Washington and later to the south, where the winter was spent, giving her the benefit of a milder climate, but on her return home a few weeks ago she was stricken with pneumonia and has since been failing rapidly. The sympathies of many Norfolk friends go out to Mr. and Mrs. Holmes in the affliction which threatens the family, and it is sincerely hoped that it may be averted. J. I. Taminosian was most unfortunate in his choice of time to entertain the people of Norfolk with his lecture on Oriental modes and customs. The people who usually patronize such features have for the past week or more been on the go almost every night, some entertainment or amusement requiring their attendance until last night they were thoroughly tired, while the alumni banquet was a competing feature. Therefore the attendance at the Baptist church was not as large as the speaker deserved. Those who did attend, however, were very much interested. Although the speaker was at some disadvantage in selecting English language to express his ideas, he made a very nice talk and those present gained new ideas regarding life in the far east. He devoted a large part of his time to a review of his personal experience, which was very interesting indeed. He illustrated customs of the people in regard to dress, worship, education and in many other particulars, making them very comprehensive to his auditors. His earnings go to the support of the Love and Peace mission in Omaha of which he is the founder and that institution in turn supports him. Rev. W. H. Eaton pastor of the Baptist church says the talks of Mr. Taminosian were received "with great delight of the hearers. He has a pleasing manner and is a forceful, impressive speaker." He recommends him as "a preacher and lecturer worthy of confidence and patronage." Mr. Taminosian will be in Norfolk again on the 17th when he will preach in the Congregational church; also at the Norfolk hospital for the insane. Miss Watson will go to Denver this week to spend her vacation with her brother and his family. Sessions & Bell are mounting an otter for Joseph Spires of Plainview. Mr. Spires was here Saturday. Officer Kane killed a dog in the west part of the city this morning that showed symptoms of hydrophobia. Miss Mason will leave tomorrow for Youngtown, Ohio, where she will spend the summer with her sister, Mrs. G. V. Scofield. The almanac states that there will be a partial eclipse of the moon on the 12th, visible to North and South America, Spain and Africa. D. P. Owen and family are preparing for their removal to Omaha, where they will make their future home. They will leave in a day or two. Mrs. D. J. Chesnutwood came up from Columbus Saturday evening to visit at the home of Mr. and Mrs. John Chesnutwood a few days. Yesterday was Whitsunday and was observed with special services by a number of the churches. Today is a holiday among the German Lutherans. The office room in the city building recently vacated by the city clerk is today being cleaned out preparatory to its use by the police officers as headquarters. Clyde Patterson has assumed the position of fireman at the electric light station and Fred Sidler, who worked there temporarily, has resumed charge of his dray line. The pupils of the Third grade, Grant building, enjoyed a picnic Saturday afternoon at Taft's grove south of the city. The little folks were chaperoned by Miss Lydia Pheasant and Miss Louise Whips. Wm. Steuffer, candidate for state treasurer on the republican ticket, was in the city this morning from West Point getting acquainted with Norfolk people. THE NEWS acknowledges a pleasant call from the gentleman. Miss Lily Chesnutwood is the proud possessor of a new box-bed buggy which was presented to her by her brother Will, who is employed in one of the Michigan sugar factories. He also presented her with a fine horse last winter and she is now fully equipped for drives and travel, through her brother's generosity. Rev. W. H. Eaton, who has been pastor of the Baptist church here for something more than two years, tendered his resignation to that congregation yesterday and it is understood that it has been accepted. Mr. Eaton stated as his reason for resigning that his wife's health was poorly and his idea is probably to change climate in the hope that she may be benefited. Mr. and Mrs. Eaton have many friends here who will be sorry to have them leave. Mr. and Mrs. Rome Miller and two friends had a lively runaway in Omaha yesterday afternoon. They were riding in an open trap, to which was attached a spirited team of colts. One of the horses fell, broke the neckyoke and let the tongue drop. Both horses then started to run and Mrs. Miller was thrown from the rear of the vehicle, striking upon the back of her head. She was carried into a nearby drug store, where it was learned that she was not seriously injured. In the meantime Mr. Miller guided the animals in front of an approaching motor car when both came to a standstill. The union meeting at the M. E. church last night for the purpose of raising funds for the starving people of India was very successful and called out a large congregation. The meeting was addressed by Mayor Robertson, Rev. J.

J. Parker and Rev. W. H. Eaton. A collection was taken which amounted to \$27.40, while \$14.70 was subscribed by those not having the cash, making a total of \$41.10. A committee of three consisting of G. A. Luikart, W. R. Hoffman and H. C. Matrau, was appointed to solicit funds from citizens who did not attend the meeting. Alfred N. Gerecke and Miss Anna Gayhart were united in marriage Saturday evening at the Catholic parsonage by Father Walsh as announced. It is understood that they will make their home in the cottage vacated by W. E. Alexander. After the couple had repaired to their temporary home the members of Company L, of which the groom is captain, surrounded the house and at a signal fired several volleys of musketry, thus producing a novel serenade and keeping everybody in town apprised of the fact that their captain had become a Benedict. The parties to the union are both well and favorably known here, the bride having taught in the city schools, while the groom was born and raised here, at present holding the position of clerk in Leonard's drug store. They have many friends who will unite in extending hearty congratulations. The officers rounded up 16 tramps today and yesterday, and this morning escorted them out of the city with instructions not to return. Several of them were taken before Judge Hayes and a scene with one young fellow while there gives indication of tramp character and shows that their one ambition is to live without work. This young fellow said he was hunting work in the beet fields. J. P. Wright was in the room at the time and said he could give him work all summer long at building fence for the railroads, but the fellow wanted to work in the beet fields and nothing else—unless, perchance, someone should want him to work in the beets, then he would probably want to huck pumpkins—anyway he turned Wright's offer of work and wages down with fine scorn. His action made Judge Hayes mad and he was warned to leave town within four hours or serve out a 30-days' sentence on the stone pile with bread and water for diet. It is understood a gang of the fellows has been having a merry time and plenty of beer in one of the groves near town. Norfolk people, or those well known here, were again honored in the Sunday illustrated editions of the Omaha papers. In the Bee a quartet of happy children is represented in a wash tub. They are the children of B. T. White, formerly of this city, now general solicitor of the F. E. & M. V. road. In the same paper is a fishing party with their string up on a line above them. One of the group is Mrs. Dwight Williams. In the World-Herald is a very good picture of Miss Maude Tannehill of this city, with the following sketch adjoining: "The gold medal in the humorous class at the high school oratorical contest, which took place at Kearney, May 11, was won by Miss Tannehill, a member of the class of 1900 of the Norfolk high school. Miss Tannehill is a native of Indiana but for the past 16 years she has lived with her parents on a farm near Norfolk and has attended the public schools at that district. While visiting the Trans-Mississippi exposition Miss Tannehill gathered material for a humorous recitation, which she christened 'Susie Smith.' Her rendition of this composition of her own facile pen won for her the gold medal in the recent contest and also won many flattering compliments both for the composition itself and upon her rendition of it. Miss Tannehill is a petite blonde with soulful gray eyes and her graceful stage presence went far to influence the sentiment of the judges, as well as the audience, in her favor." The new Cash Hardware Store has a nice line of screen doors, wire cloth, lawn mowers and gasoline stoves at the lowest prices. Call and examine them. Letter List.
