THE WRONG MEDICINE!

If you take medicine when you don't need it, you do yourself an injury. If you take headache medicine when the real cause is your eyes, the headache will never be permanently relieved. Actual figures prove that six headaches out of ten are caused by Eye Strain.

THURSDAY TIDINGS.

A new 9-pound girl was received at the home of Dr. and Mrs. H. T. Holden this morning.

H. E. Glissman is painting his residence on Madison avenue and making other improvements.

The Ladies' guild of Trinity church will meet with Mrs. Morrison on Friday afternoon at half past two o'clock.

Chas. Cheime and Miss Evans are to be united in marriage in Omaha today. The bride is the daughter of the Evans piano tuners, who are quite well known in this vicinity.

The Leonard nine went to Pierce today to play a game of ball with the young lads of that city. Clyde Hayes accompanied them to umpire the game and see to it that the boys return home safely.

W. A. Connolly of Grand Island has been appointed to the position of super-

intendent of the Norfolk sugar factory and will remove to this city. He, with his family, will occupy one of the Bishop houses on North Eleventh street.

It is understood that all the Bishop houses recently moved in from Queen City Place are rented, which shows to some extent the demand in Norfolk for suitable dwellings. The Verges house will be moved in shortly and will be located on South Tenth street.

J. H. Massman, who lives four miles west of the city has put in a new cream separator which will be run with tread power. Mr. Massman milks 32 cows and last month he received \$100 for the cream they produced. The milk goes far toward feeding his 75 head of hogs.

Engineer W. H. Lowe is today establishing the corners and grades of the Bishop lot at the corner of Main and Fourth streets and the supposition is that work may soon begin on the business block which Mr. Bishop has contemplated erecting, but that does not necessarily follow the work being done by Mr. Lowe.

The little daughter of Mr. and Mrs. George Risor had the misfortune to fall over a wash boiler yesterday and in some manner cut a great gash in her throat. Fortunately the jugular vein was not severed and it is presumed that the other organs of the neck were not injured. A surgeon sewed up the wound and the child is getting along all right.

Under the auspices of Clarence Salter a very pleasant boating party was enjoyed on the Northfork last evening by about 20 young people. The start was made at 5 o'clock and a lunch was eaten at a pleasant spot two or three miles up the river. The party returned by moonlight and, on invitation of Mr. Salter, partook of strawberries and ice cream at the Bon Ton restaurant. The occasion was most enjoyable throughout one of the pleasant features being the music furnished from instruments taken along by various members of the party.

Mrs. William Bridge and Mrs. Robert Utter very pleasantly entertained a company of lady friends yesterday afternoon from 3 to 6. The party first met at the home of Mrs. Bridge, where a novel and most successful feature was presented. Cards were distributed on which were 55 questions, the answer to each being the name of some citizen of Norfolk. Much amusement was occasioned in finding and making the replies. After the most correct guesser had been determined the ladies were invited to another kind of entertainment and proceeded to the home of Mrs. Utter where tables were neatly spread on the lawn under the trees. Dainty refreshments were there served thus completing a very pleasant afternoon. The weather for the occasion was most propitious.

F. K. Fulton has been promoted to assistant postmaster of Norfolk at a salary of \$1,000 per year. The office is also allowed one more clerk at \$400 per year and Miss Minnie Norton, who has been working there, but has not been on the pay roll, will take that position. The Norfolk office is fast assuming a metropolitan aspect and when the free delivery system is inaugurated its arrangement will be about perfect. In addition to the above there was another increase of \$100 in clerk hire and Mrs. Sprecher will help Rie Tatman and Miss Norton as clerk. After the first of July Postmaster Sprecher will extend the boxes or partition separating the private from the public office to the front window and will put in windows for the carriers to be used after the city has placed itself in shape for a free delivery system.

Webster's definition of charivari is that it is a mock serenade designed to annoy and insult, but as used in the present day it is mainly intended to influence the parties to a wedding contract to "set 'em up." Whatever the use or intention of the practice it certainly has never risen above Webster's first definition—that of annoyance—and it is sometimes converted into lawlessness and disorderly conduct. The practice has been so frequent that every couple getting married or even contemplating marriage are visited by a noisy crowd of young men and boys who persist in their unwelcome attentions until patience is beyond question and the "gang" must be either bought off or driven away by force. The practice is to be deplored and should be discouraged by all who respect peace and harmony. A charivari by friends of the couple is not so bad, but when every Tom, Dick and Harry esteems it his duty or privilege to annoy or destroy the property of the people concerned it is high time that the law took a hand and suppressed the practice. The custom of treating holds out certain inducements to this class of people and should be discontinued and the charivari parties be given to understand that the assistance of the peace officers will be invoked to disperse them. Fun is all right in its place and when not carried to extremes, but there is no question that the charivari practice is out of the bounds of fun, except perhaps to the noisy element most interested. It is to be hoped that the young men and boys will desist in the practice and not make it necessary for the law to take a hand.

GREGORY-PHEASANT.

Herman E. Gregory of Lincoln and Miss Lydia Pheasant Married.

This morning at 10 o'clock, in the presence of a company of relatives and intimate friends, Miss Lydia B. Pheasant was united in marriage to Herman E. Gregory of Lincoln, at the home of the bride's mother, Mrs. Belle C. Pheasant, on Philip avenue, Rev. G. H. Main of the M. E. church officiating.

The wedding march was played by Miss Ruth Matrau and Miss Birdie Whippis, niece of the bride, carried the wedding ring in the heart of a large American beauty rose.

The house was very tastefully decorated in pink and white, roses and carnations being abundantly used. The bride was attired in a dress of white silk mull, with chiffon and lace trimmings. Her traveling dress was a neat brown tailor made suit.

After the ceremony and congratulations a dainty wedding breakfast was served. The presents were numerous and handsome.

Mr. and Mrs. Gregory departed on the noon train for Lincoln, where they will make their future home, their dwelling being all in readiness for housekeeping.

Mr. Gregory holds the position of mail clerk in the United States service, with a run between Omaha and Lincoln.

The bride is one of Norfolk's loveliest daughters and has made this her home since early childhood. She was a graduate of the Norfolk high school, class of '93, and has been a teacher in the schools here for several years past.

The sincere wishes of a large circle of Norfolk friends will accompany Mr. and Mrs. Gregory to their future home.

An Ideal Climate.

The first white man to set foot on Utah soil, Father Silvestre Velez de Escalante, who reached the Great Salt Lake on the 23rd day of September, 1776, wrote in his diary: "Here the climate is so delicious, the air so balmy, that it is a pleasure to breathe by day and by night." The climate of Utah is one of the richest endowments of nature.

On the shores of the Great Salt Lake especially—and for fifty miles therefrom in every direction—the climate of climates is found. To enable persons to participate in these scenic and climatic attractions and to reach the famous health, bathing and pleasure resorts of Utah, the Union Pacific has made a rate to Ogden and Salt Lake city of one fare for the round trip, plus \$2.00, from Missouri river, to be in effect June 21st, July 7th to 10th inclusive, July 15th and August 24. Return limit October 31, 1900.
