The Weather.

Conditions of the weather as recorded for the 24 hours ending at 8 a. m. today:

Maximum temperature.....	92
Minimum temperature.....	70
Average.....	81
Precipitation.....	.09
Total precipitation for month.....	.73
Barometer.....	29.27

Forecast for Nebraska: Showers and thunder storms tonight and probably Friday. Moderate temperature.

THURSDAY TIDINGS.

An effort is being made to organize a golf club at Columbus.

Another wedding will happen in the Heights on the 11th of this month.

A Fourth of July with no rain is about as odd as one with no fire crackers and yet there was no rain here yesterday.

North Platte is to have a street fair the week beginning September 3, and about \$1,800 has been raised to defray the expenses.

Vail Chapman was one of the Fourth of July victims. He climbed a tree at Taft's grove and fell to the ground, breaking his arm.

The business portion of town was about as quiet yesterday as though it were Sunday. Everybody seemed to be either out of the city or at home.

Fremont's school census shows 2,644 persons of school age. A gain of 93 over the census of 1899. Fremont has

but 884 more children of school age than Norfolk.

August Schulz and Mrs. Auguste Viergutz were married at 10 o'clock this morning at the home of the bride, Rev. J. P. Mueller of Christ Lutheran church officiating.

W. O. Hall writes from Ohio that, owing to a rainstorm, his horse, Burtwood, was not started in the races but will make his first race of the season at Columbus on the 30th.

For the benefit of J. W. Edwards and J. H. Mackay, a two-year-old class has been added to the Madison race meet next week. These gentlemen will enter their horses and a good race is anticipated.

Three one-legged, penniless drunks occupied the jail last evening. This morning they became ugly and the officers turned the hose on them—just to see how it would work. They quieted down.

At Lincoln the average temperature for the month of June was one degree higher than the average for the last 15 years. Everybody realized here that it was a warm month. The precipitation at Lincoln was 1.87 inches less than the normal.

Seth P. Mobley of Grand Island, who recently went to the Philippines to take a government position, has recently been appointed chief of the consular and immigration division, a position with four departments of work and 12 clerks under his direction.

Mrs. L. Bowser, among a dozen other squatters on the old exposition site, has been summoned to appear before Judge Vinsonhaler at Omaha tomorrow and show cause why she should continue to reside on land which is claimed by W. S. Poppleton of that city.

They call the fellows who catch fish at Fremont with a sein or other illegal manner "fish thieves." William Hewell, state fish officer under Commissioner May, swooped down on a gang near that place last week and captured a 300-foot net. The offenders will be prosecuted.

Contracts for furnishing supplies to the Norfolk hospital for the insane for the quarter beginning July 1st have been awarded as follows: Coal, Glenn Rock Coal Co.; meat, Cudahy & Co.; drugs, George B. Christoph; dry goods, Johnson Dry Goods Co.; clothing, E. B. Kenyon; flour, F. L. Sanders; fancy groceries, Hargreaves Bros.; staple groceries, Hargreaves Bros.

On the 3rd the mayor of Council Bluffs, Iowa, issued a proclamation to the effect that "it would not be unlawful" to discharge firearms, shoot firecrackers, torpedoes, etc., within the corporate limits of that city. If that isn't giving the celebrators of the nation's birthday free license, nothing will. It may be expected that the "small" boy improved the opportunity to the utmost.

Twenty little misses just stepping into the land of 'teens met Tuesday afternoon at the Coryell home to help make merry the thirteenth birthday of their elder daughter Opal. The day was warm but the sun passed under a heavy cloud which shaded the lawn the greater part of the time. Games were played and at 6 o'clock supper was served. Little presents were received, which will be remembered in the coming years as tokens of their friendship. All joined in wishing Opal many returns of the ever happy birthday.

Clyde and Harry Patterson were celebrating with toy cannons yesterday morning, each having one. About 11 o'clock they loaded the weapons and were endeavoring to fire them simultaneously. Clyde had lighted the fuse attached to his and Harry was stooping over his and lighting a match when the head of it flew off and ignited the powder at the touch hole. The toy went off, sending the burning powder from the touch hole upward into the boy's face, badly burning his face and eyes. Four of the burning grains took effect in one of his eyes, three lodging on the pupil. This morning his eye was badly swollen and it is yet impossible to tell what injuries it has sustained. The particles have been removed and it is likely that his eyesight will not be injured. If, however, his pupil heads over with a white speck, his sight in the one eye will be ruined.

The weekly crop bulletin issued on the 3d from the university of Nebraska, shows the following conditions in this and neighboring counties: Madison.—Wheat and oats generally doing well; rye and hay good; wind-storm of 27th did considerable damage to corn and apples. Pierce.—Small grain generally good; corn looks well, except where damaged by hail and high wind. Stanton.—Small grain heading, but needs rain; severe wind-storm of Wednesday did great damage to corn and fruit. Wayne.—Grain generally looks well after rain, but severe storm of Wednesday damaged crops considerably. Antelope.—Severe wind-storm damaged some grain and fruit; rains beneficial to wheat and pastures, but came late for oat crop. Knox.—Corn beginning to tassel; Wednesday's hail-storm did much damage to crops, but the rain was much needed. Platte.—Corn being laid by in good condition; winter wheat and rye harvest begun, good yields; oats will be poor, unless relieved by rain.

ELECTRIC LIGHT PLANT

Sioux City Electrician Figures on Probable Cost.

WOULD PROBABLY REACH \$22,492.

Mayor Robertson Had the Manager of the Sioux City Electric Light Company Do Some Figuring for a City of Norfolk's Size and Needs.

When in Sioux City recently Mayor Robertson prevailed upon the manager of the electric light plant there to give him the approximate cost of a system such as would meet the requirements of Norfolk. He described to him the lay of the city, its population and its area, giving him the facts that would be of advantage in determining the costs.

The manager is a competent, up-to-date electrician, posted on the prices and is disinterested in the Norfolk proposition. His figures may therefore be taken as approximately fair and perhaps as near correct as it is possible to have them and not make an estimate on the grounds with all the details at hand. In his approximate of the cost he has taken into consideration what all materials and requisites have advanced in price from 25 to 33 1/2 per cent, which will partially explain the difference between the cost now and when the plants at Sioux City, Wayne and Fremont were established.

The figures given were as follows: Twelve thousand light high tension dynamo, \$3,000.

Three hundred and fifty poles in the ground, at \$10 each, \$3,500. This includes the cross pieces, insulators etc., all ready for wiring.

Fourteen miles of primary wire, \$2,180.

Fourteen miles of secondary wire, \$712.

Transformers, \$2,000.

Meters, \$2,000.

Wiring buildings, \$2,000.

Two hundred horse power simplex Corlies engine, \$4,000.

Boilers, \$2,000.

Incidentals, \$1,000.

Estimated cost of the necessary building, \$1,500.

The total cost as approximated by the Sioux City manager would be \$22,492.

LOST.—A Union Pacific train book. Leave at U. P. depot.

Gasoline stove at cost at Cash Hardware Store.

Hidden away in the stock room the Milestone management has found a few unsold copies left. These have been placed on sale at Utter's Book Store, where they can be had for 20 cents each.

The Northeast Nebraska G. A. R. reunion will be held at Pierce July 10, 11, 12 and 13. Indications point to the largest attendance in the history of the association. Speakers of national reputation will be secured.

HOW THEY CELEBRATED.

Where and How the People of Norfolk Observed the Fourth.

The popular method of celebrating the nation's birthday yesterday was with picnics and they were numerous, and enjoyable. Those taking part in these functions began leaving town early in the morning for their chosen rendezvous and teams continued to travel countryward during the greater part of the day. The stiff wind that prevailed was unpleasant in some respects but no complaints were heard about a lack of breeze.

Many citizens took occasion to visit Reed's grove, where the M. B. A. lodge of Warnerville was holding forth. There was a good crowd in attendance and a uniformly good time was had. A number of the G. A. R. and W. R. C. went from here on special invitation.

At Taft's grove members of the A. O. U. W. and D. of H. and their families met in the forenoon and with barrels of lemonade and other usual picnic features, passed the time. In the afternoon the crowd at this popular resort was exceedingly large. The only amusements in which all participated were the music from A. Guthrie's phonograph and the sending up of a balloon, which sailed over town and landed near the union depot. Bathing in the Elkhorn was quite popular. Mrs. Taylor got out beyond her depth and went under once. She was going down a second time when rescued by O. J. Johnson and J. D. Sturgeon.

Good delegations from the city went to neighboring towns and usually reported good times and large crowds.

Hay tools cheap at the Cash Hardware Store.

Call for a County Convention.

A mass convention of the voters of the populist party of Madison county, Nebraska, who will support the Cincinnati nominees, Barker and Donnelly, for president and vice president, will meet at Battle Creek July 10th, 1900, at 12:30 p. m. to elect delegates to the state convention to be held at Grand Island, Nebraska, July 20th, 1900. Also to select delegates to the congressional convention of the Third congressional district, delegates to the judicial convention Ninth judicial district, delegates to the senatorial convention for the Eleventh senatorial district of Nebraska. And to place in nomination a representative for the Twenty-third representative dis-

trict of Nebraska and to nominate a candidate for county attorney and transact such other business as may properly come before the convention.

Called this 15th day of June, 1900.

D. W. DARLINGTON,
Committeeman.

ROOSEVELT COMING.

Prospect That the Rough Rider Will Visit Norfolk

There seems a good prospect at this time that Theodore Roosevelt will be the central attraction at a big political demonstration to be held in Norfolk before the close of the campaign. A few days ago National Committeeman Schneider told Superintendent Reynolds that he had asked Roosevelt to give two weeks to Nebraska, and the reply was that while he could not promise so much time as requested, that he would certainly come to this state. Mr. Schneider hopes to secure him for at least three monster meetings, and if he succeeds in this endeavor one of those meetings will be at Norfolk. It is to be hoped that the vice-presidential candidate will come here, and it is promised in advance that if he comes this city and vicinity will give the Rough Rider such a welcome as has never before been accorded a public man by this section of the state.

Furnished rooms to rent by Mrs. Younger on the Heights.

PERSONAL.

Miss Nettie Lowe celebrated in Winside.

Kimball Barnes was a Madison visitor on the Fourth.

Mrs. A. Fisher of Madison visited with Mrs. Rasley yesterday.

Mrs. S. K. Long returned yesterday from a week's visit at Bloomfield.

G. A. Luikart of this city is attending the democratic national convention at Kansas City, Mo.

B. S. Wyatt was in the city today from Grand Island greeting Norfolk friends and acquaintances.

Mr. and Mrs. Frank Davenport were in Lincoln on the 3rd, enroute to Atchison, Kansas, to visit Mrs. Davenport's parents.

Miss Edith Morrow, who is attending the Fremont normal school, and Mr. Elmer Day of Omaha spent the Fourth in Norfolk.

Will Crabtree, who has been visiting in the city for some time, left today for his home in Joplin, Mo., going by way of Lincoln.

Ed. Walters, who formerly clerked in the shoe store of Davenport Bros., came up from Humphrey to spend the Fourth with Norfolk friends.

J. W. Gibson returned last night from his eastern trip. He has been absent four weeks and visited in New Hampshire, at Boston and in other cities during the trip.

John Broecker, who has been working in the tailor shop of his son-in-law, P. J. Fuesler, left this morning for Columbus and Kearney, where he will visit relatives whom he has not seen or heard of for 35 years.

Richard Requa left this morning for his new home in San Diego, California, where he goes to accept a good position. Richard is a young man of sterling qualities and his many friends will wish him much success in his new venture.

Dr. Frank Salter—Diseases of children.

The Mobile News says an artist in that city painted a dog so natural that the animal had the hydrophobia during the hot weather. He's the same one who painted a copy of a beer bottle with such skill that the cork flew out just as he was finishing it. And after he was married he painted a picture of his first baby so life-like that it cried and his wife spanked it before she discovered the mistake.

Sturgeon is the piano man.

Warnerville.

Gene Simson started overland for Cedar Rapids, Iowa, Friday of last week.

Charlie Brown left here Wednesday for Hamburg, Iowa, to spend the Fourth with his parents.

Master Rueben Miller took the train Monday for Omaha, for a few week's visit with his mother.

The ice cream festival given by the Modern Woodmen last Saturday evening was well attended, and the receipts were satisfactory.

Mrs. F. E. Booth returned to her home in Beatrice Sunday. Her sister, Miss Olive Munson, accompanied her for a short visit.

At the annual school meeting W. K. Pettitt was elected treasurer and an eight months' school was voted. The school board has decided to employ a male teacher.

In school district No. 18 H. J. Morris was elected director and G. W. Hills moderator. A nine months' school was voted. Miss Walker of Norfolk will teach the fall term of school.

The dwelling house of Joshua Barnes on his farm four miles west of town was destroyed by fire last Friday. The fire caught in the woodwork around the chimney. There was no insurance.
