

FRIDAY FACTS.

R. G. Seiler drove to Battle Creek yesterday on business.

Dan Peasley arrived in the city last evening to visit friends.

Editor Langer of the West Point Republican was a city visitor today.

A boy was born this morning to Mr. and Mrs. Frank Glass of South Norfolk.

Mr. and Mrs. B. T. White of Omaha are expected here this evening to visit friends.

Jos. Leach of Niobrara arrived in the city last night for a short visit with friends.

G. T. Sprecher drove to Battle Creek last evening to make some repairs on the telephone line.

Misses Agnes and Nannie Stafford will leave Sunday on a visit to friends in eastern Iowa.

Miss Velma Covert of Columbus is visiting with Mr. and Mrs. Geo. H. Spear at the Oxnard.

Mr. and Mrs. C. W. Braasch and Miss Gertrude left yesterday for an outing at points of interest on the great lakes.

Misses Desbie and Tony Lobnow came over from Madison to spend their Fourth at home, returning yesterday.

Ray Seymour has resigned his position in Leonard's drug store and will leave tomorrow for his home in York.

Miss Julia Reckard, who has been visiting at the Davenport home, will return to Sioux City tomorrow morning.

Miss Edith McClary left this morning for Minneapolis where she will attend summer school at the state university of Minnesota.

C. S. Hayes returned this noon from his trip into the Black Hills. He reports cool weather up there with fires and warm wraps popular.

Mrs. Ella W. Strom left this morning over the Union Pacific for a visit in Wyoming, Colorado and Utah. She will be absent six or eight weeks.

It is rumored here that the popular Yellow Banks have been closed to picnickers and campers, but the truth of the rumor has not yet been ascertained.

Trinity social guild enjoyed a picnic at Taft's grove yesterday. The young ladies went down in the afternoon and were joined at supper by the young men in the evening.

The severe wind of the last few days culminated last night in a slight shower but not as much as the soil and crops could stand. It was quite refreshing however, and vegetation in the city looks good.

E. Diefenback, who had under consideration the proposition of purchasing and reopening the Madison college before it was burned, now wants to organize a stock company and rebuild the institution.

Agents of Ringling Brothers' great shows are in the city endeavoring to arrange for its appearance in the city soon. Ringlings are a favorite attraction to Norfolk people and they may depend on a large patronage.

The three one-legged tramps are still occupying the city jail. The police relieved them of two generous bottles of alcohol and since their bath yesterday they have been sobering up considerably. Their menu consists of bread and water.

O. W. Rish has his hydraulic pipe laying machine in good running order and is breaking some records. Yesterday at the residence of T. C. Van Horn he laid 58 feet of pipe in 40 minutes—a thing impossible of accomplishment working under the old method.

The girls of the M. Q. M. gave a lawn social last evening at the home of T. J. O'Neill in honor of one of their members, Miss Nora Dixon, who has just returned home from a visit to Iowa. Those participating enjoyed a delightful time. Refreshments were served on the lawn.

The family of S. F. Erskine will arrive here this evening from Sioux Falls, S. D., and will at once go to housekeeping in one of the Bishop houses on Eleventh street. Mr. Erskine has been here some time, having taken Mr. Alexander's place in this territory for McCord, Brady & Co.

Stanton Pickett: C. P. Parish came down from Norfolk last night and today moved his family and household effects to that place. In their department Stanton loses an enterprising business man and a family of desirable citizens. They have many friends here who will always wish them well.

Nicholas Miller, who has been employed by the O'Shea Brothers at Newman Grove since last fall, has disappeared and all efforts to locate him have been fruitless. He was last seen going in the direction of a wheat field and it is thought that he may have been overcome by heat and died.

The prohibition state convention is called to meet in the Auditorium at Lincoln on July 12th, at 2 p. m., to nominate presidential electors and state officers and to transact such other business as may come before it. The chairman announces that all prohibitionists from unorganized counties will be made delegates to the convention.

Walter A. Scott, general manager; Arthur W. Trenholm, general superintendent and Samuel G. Strickland, superintendent, and Evert C. Blundell, roadmaster, all officials of the C. St. P.

M. & O. road, paid a visit to Norfolk this morning while on a tour of inspection of the Nebraska division of that road. They came in on a special in charge of Conductor Gary.

While Messrs. Duffy and Edwards were exercising their horses last evening on the track north of town and driving at a pretty swift gait, the wheel of the latter gentleman's sulky broke throwing him out. He held to the lines and was dragged by his colt into the barb wire fence surrounding the track. He was swung with sufficient force against two posts to break them off but was stopped by the third and the colt broke away, running to the gate which was closed in time to stop her and admit of her capture. Mr. Edwards was quite badly bruised and the colt received quite a severe scratch on one of her forelegs in the barb wire. Dr. Johnson attended to her injuries and she will be driven again this evening.

Letter List.

List of letters remaining uncalled for at the postoffice July 9, 1900:

Chas. Beatty, Mr. Fred W. Tietke, Miss Etta Bridge, Mr. N. A. Taylor, Mary F. Campbell, Mrs. D. Chapin, Mrs. S. J. Thompson, Mrs. Margery Cosell, Richard L. Dixon, Fred Dieckman, Walter Gibson, P. H. Hess, Georgin Hughes, Frank Jackson, N. S. Kelly, Mrs. Christie Koshan, Adam Marquardt, Miss Josephine Miller.

If not called for in 30 days will be sent to the dead letter office.

Parties calling for any of the above please say advertised.

P. F. SPEICHER, P. M.

Too Much Pork: Not Enough Fat.

Without doubt the fat in pork is about as hard to digest as anything can be. A person has to have a strong digestion and must be engaged in hard work in order to take care of this food, although it is true a large number of persons depend upon it, especially through the cold weather. The fact is, however, that as a rule fat is largely deficient in our food; that is, a fat which can be easily digested and promptly assimilated by the system. Cod liver oil, as we find it in Scott's Emulsion, is the most easily digested of all fats; it is just the food the body must have to give it nerve power, brain power and digestive power.

Free of Charge.

Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at A. K. Leonard's, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person and none to children without order from parents.

No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries.

Change of Water.

Change of water often brings on summer complaint. Dr. Humphreys' Specifics will cure it. 25 cents each, at all druggists. Manual free. Humphreys' Company, New York.

August Flower.

"It is a surprising fact," says Prof. Houton, "that in my travels in all parts of the world, for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomachs and indigestion." Sample bottles free at A. K. Leonard's. Sold by dealers in all civilized countries.

GOSHEN, Ill. Genesse Pure Food Co., Le Roy, N. Y.: Dear Sirs—Some days since a package of your Grain-O preparation was left at my office. I took it home and gave it a trial, and I have to say I was very much pleased with it as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the Grain-O as well as the best coffee I ever drank.

Respectfully yours,
A. C. JACKSON, M. D.

Electric Light Not Dropped.

To the Editor of the NORFOLK DAILY NEWS: I take it that you do not willfully make a misstatement as to the doings of the city council and believing that you were misinformed as to what actually occurred at the last meeting, I desire to make this statement; that the electric light proposition was not mentioned and nothing was said as to what a plant would cost; as to the petitions not having signatures enough, petitions from the First, Second and Third wards were on file, each having more than is required; the one in the Fourth ward had not been circulated; as to the cost of the plant the committee made a full investigation and believes that you ought to give some weight to what they said instead of taking the figures of parties who are interested in not having a city plant, as the committee had nothing but the interest of the citizens at heart, while others had selfish motives.

AGUST BRUMMUND.

SATURDAY SIFTINGS.

Mrs. Chas. Rice went to Tilden last night to visit friends a few days.

Christ and John Harom of Creighton visited yesterday with J. A. Lehman.

The geodetic survey corps under E. B. Tilton is working between Pierce and Plainview.

Mrs. Pilger is laying a brick walk in front of her residence property on South Fifth street.

Miss Ella Mueller returned last evening from Lyons where she has been visiting friends.

Judge Powers and W. H. Lowe went to Madison this morning on business before the county court.

W. H. Johnson is making extensive repairs on his residence property on West Koenigstein avenue.

Mrs. N. A. Rainbolt, Mrs. W. H. Bucholz and Wynn Rainbolt are expected home from the east either tonight or tomorrow.

Sheriff George Losey of Madison is a grandpa, a son having been born to Mr. and Mrs. John Harding of Meadow Grove Tuesday.

It is noticed by the Bee that Mr. and Mrs. E. E. Drew of Omaha, both well known in this city, have welcomed a boy to their home.

Some kind of a show has erected a tent on the vacant lot at the corner of Main and Fourth streets and is about ready to open for business.

Mr. and Mrs. P. A. Shurtz of this city and Mr. and Mrs. Hugh Herbison of Madison will picnic tomorrow on the farm of Scott Simpson near Warnerville.

Messrs. Ludwig Koenigstein, Julius Altschuler and Arthur Koenigstein will leave tomorrow for Jackson's lake, where they will camp out for a week or more.

It is announced that the tennis enthusiasts of Plainview are arranging for a Northeast Nebraska tournament to be held at that place in the near future.

H. A. Pasewalk is confined to his home with a badly sprained back, the result of a strain while recently helping lift a binder into a wagon. Dr. Scobee is attending him.

A surprise took place in the Bee vacation contest this morning when Miss Celia M. Chase of Wayne overreached all previous records in Omaha or out by registering a vote of 21,182.

Wm. Parker, who has been visiting here, left this morning for Boston to resume his duties as assistant editor of the Atlantic Monthly. He will visit at Lincoln, Omaha and Chicago enroute.

The show business did not start in Madison county early but it is going to do the thing up brown when it does come. Gollamer Bros. are to show in Madison the 13th, Campbell Bros. in Norfolk the 14th and Ringling Bros. August 2nd.

The local committee at Pierce has its arrangements about completed for the G. A. R. reunion at that place next week and a splendid time is anticipated. A large number of tenters are expected and an enjoyable program has been arranged.

Police Judge Hayes this morning suspended the sentence passed against the three cripples who had been occupying the city jail and they were started out of town. One of the prisoners has property in Platte county and an effort may be made to collect his fine and costs.

Ringlings show on the 2nd will be exhibited in the Edwards pasture, north of the M. & O. tracks. The show now carries plank rings and does not cut up the sod in pastures and meadows as formerly. Iron tent pins have likewise been substituted for the large wooden ones used until lately.

W. D. Coxe, press agent for Ringling Bros.' circus, who was interviewing the newspapers of this city last evening, has been with that popular attraction about 10 years. He is a genial, whole-souled fellow, and is always able to make an advantageous contract for his show. He is a nephew of "General" Coxe of Coxe army fame.

While playing with a number of other boys yesterday morning Herman, the 8-year-old son of Mr. and Mrs. Otto Tappert, got the middle finger of his right hand badly crushed in a clothes wringer, bursting the skin, and making a severe and painful wound. Dr. Holden sewed up the injured member and hopes to save the finger.

While driving along Thirteenth street yesterday Roy Hight's horse became frightened at Frank Beck's cow and ran away. The first lunge must have smashed the cart and thrown the driver out, as Mr. Hight says the first thing he knew he was lying on the ground with one foot on the wreck of his vehicle. The horse broke loose and made for home.

Pratt Brown, editor of the Plainview Republican, had his right hand so badly shattered by the explosion of a cannon cracker on the eve of the Fourth that the first and second fingers had to be amputated and it is possible that the entire hand will have to come off. Three physicians worked over the injured man the greater part of the night. A great hole was torn in the fleshy part of his hand so that the bones protruded.

Terry Moolick of South Norfolk was the victim of a cruel joke yesterday. He was enjoying to the utmost a refreshing bath in the cooling waters of the

Eikhorn, but when he came out to dress he was confronted with the fact that his clothes were gone. He came home, not in box pleating but in barrel staves. The dimensions of his dress were not adequate and it is said that he is now suffering from a badly sunburned back. He probably hopes the practical jokers enjoyed his plight—he didn't.

Ringling Brothers' big shows will exhibit here August 2, this being one of the three towns of the state they will visit. It now requires 61 cars to carry this aggregation and it is said that its features are better than ever. It is safe to predict that August 2nd will be a big day in Norfolk, to which the average Fourth of July celebration would be only a "patchin'." W. D. Coxe, press agent, and Clay Lambert and W. K. Peck, contractors, were in the city yesterday arranging for its appearance and it may be expected that the bill boards with their gay lithographs will soon loom up.

Wayne Republican: Some people are very particular about their drinks. Down in Madison the people are kicking because the railroad company's water tank has been used by the boys of the town as a public bath. It seems a great many people of the town have been using water for drinking purposes and finally one of them found a discarded tin nail in his cup which caused an investigation with above results. At Norfolk such trifles cause no revulsion of the stomach as afflicts Madison people—they claim such things are deserved by people that become so degraded as to use water for beverage.

E. H. Tracy and A. J. Durland have formed a partnership for the transaction of a general real estate business. Mr. Durland privately and in his capacity as head or representative of several corporations, has always handled more or less real estate coming under his control and supervision, but has never had the time or opportunity to take care of the different matters coming under the head of a general business and has not pretended to do so. Mr. Tracy has been associated with him for some months and has proven himself most thoroughly at home in the work pertaining to a real estate business. The combination is therefore particularly strong and vigorous and it may be expected that the new firm will cause an awakening in and around Norfolk along the real estate line that has not been known for some time. The firm will be known as Tracy & Durland; and besides buying and selling lands will collect rentals, pay taxes and attend to all other functions of a general real estate business. The News wishes the new firm success and is practically certain that it will get it.

The fire which destroyed the immense Swamp Root medicine plant of Dr. Kilmer & Co., July 1, was the most disastrous which has ever occurred in Binghamton. However, the Kilmers resumed business next morning, though not at the old stand, which is a heap of smoldered ashes. While the firemen were yet pouring water on the burning Chenango street establishment, the Kilmers were arranging to do business somewhere else.

That this great industry might not be crippled for a moment, through the courtesy of other prominent firms and citizens, the large factory and adjoining buildings on South street were vacated for the benefit of the Swamp Root people, and possession was taken immediately, and here, by Monday July 9, this new, temporary factory will be turning out Swamp Root, the great kidney remedy, in quantities of about 60,000 bottles per day, and in two or three weeks' time the full capacity of more than four times that amount will be produced. The immense demand for Swamp Root will thus in no way be interfered with.

On the old site, with adjoining property which has just been purchased, will be erected immediately an absolutely fire-proof six-story structure, plans for which have been nearly completed.

G. A. Luikart returned Saturday noon from Kansas City, where he attended the democratic national convention.

Lewis and John Ray, Al. Holbrook and W. G. Baker accompanied a shipment of fine cattle to Omaha this morning.

Mrs. Anna E. Musselman of David City, past grand matron of the Order of Eastern Star, is visiting friends in the city.

A number of Norfolk ladies enjoyed a picnic at Taft's grove Saturday. The guest of honor was Mrs. B. T. White of Omaha.

Rev. Jeffories, of the Second Congregational church, exchanged pulpits with the Congregational pastor of Stanton yesterday.

Mr. and Mrs. C. P. Bundick and daughter, Miss Effie, are expected here today to visit their son and brother, J. N. Bundick.

A boy from Bloomfield was operated on at the sanitarium this morning, the operation being for the reduction of a dislocated finger.

W. A. Livingston, of the South Norfolk police force, has taken a vacation and has gone to Long Pine to enjoy a season of fishing.

Rev. W. H. Eaton writes from Wauconda, Ill., that he arrived at his destination safely on the 9th and that Mrs. Eaton stood the trip well.

Dr. C. S. Parker and wife returned Saturday from Spirit Lake, Iowa, where they enjoyed a very pleasant outing. They report the weather there very cool.

Miss Mabel Collamer is expected here tomorrow from Sioux City for a visit of a week or two with the Misses Minnie and Fannie Norton and other Norfolk friends.

The bill boards for Ringling Bros.' shows are being erected and it may be expected that "Advertisin' car No. 1" will shortly appear and put up gay pictures.

Miss Hildreth Sisson sang a very pleasing solo at Trinity church during the services last evening, and the special feature was greatly enjoyed by those in attendance.

E. A. Bullock left this morning for Sioux City. He was joined by Mrs. Bullock this afternoon and together they will go to Lake Minnetonka for a week's outing, after which Mrs. Bullock will visit friends in St. Paul.

A picnic was enjoyed yesterday at the old camp grounds near the mouth of Spring Branch by members of the Norfolk Relief association. A very pleasant time was had, with boating as one of the chief attractions.

Miss Gladys Turner and her friend Miss Rosa Gass, who have been visiting the former's sister, Mrs. Howard Rowe, departed Friday morning for Humphrey where they will spend a few days before returning home to Columbus.

Drs. Bear and Salter operated on a patient from Creighton this morning who had been kicked on the elbow by a horse and the operation was for the removal of some pieces of bone to permit the healing of the injured member.

Mr. and Mrs. W. H. Baird departed Saturday noon for Grand Island where they will visit a short time before going to their new home in Rocky Ford, Col., where Mr. Baird will assume his duties as superintendent of the sugar factory.

A Madison dispatch to the Bee of this morning says: John W. Clark, by his attorney, began proceedings in the district court Saturday in an \$8,000 damage case against George Krum. In the petition it is alleged that the defendant wrecked the plaintiff's home by alienating the relations with his wife, Dora E. Clark.

While riding a bicycle this morning in his bare feet, the youngest son of Chas. H. Johnson got his great toe caught between the chain and the sprocket wheel and it was some time before he was released as a wrench had to be secured and the chain removed. The toe was quite badly crushed and the wound was a very painful one.

Ernest Bridge started this morning on a trip to the eastern part of the state as the traveling representative for

"Wheatling" and other products of the Sugar City Cereal mills. He will continue to travel in the interest of the popular breakfast food. Ernest is a young man of sterling qualities, well liked by all his acquaintances and, it is confidently believed that he will make a successful representative of the Norfolk mills.

The Stanton Pickett's Fourth of July notes says: "Norfolk was well represented and their representation was a credit to any town. One conveyance that attracted especial attention was a three-seated carryall, occupied by three young couples and drawn by a handsome span of blacks. Team and carriage were handsomely decorated."

The weather bureau for several days past has been predicting rain and thunderstorms but no rain came. This morning, with the wind in the east and all indications favoring, rain it predicts fair weather. If the fair weather flag gets a soaking, therefore, it will not be surprising. The bureau has its luck in streaks. For many days it will forecast the weather very accurately and then will miss it for a few days very regularly. It now seems to be having one of its unlucky streaks.

Pierce Call: Ed Norton, of Norfolk, Tuesday completed the work of putting in an acetylene plant in the residence of D. L. Upton. Piping has also been run into the lumber office of Upton Bros., two jets being placed conveniently over the office desks. The plant has been placed in Mr. Upton's residence on trial and runs thirty lights nicely. If the light works satisfactory it will become a permanent fixture in Mr. Upton's home and office and may be used in several other buildings rented by Mr. Upton.

The two-year-old race between the horses belonging to J. W. Edwards and Dr. J. H. Mackay at Madison will take place during the annual fair, instead of this week. There is a promise of several other entries in the event and it is claimed that some of the animals are developing a speed that will spilt the 3-year-old records on that track. It is probable that the racing program this year will be one of the best yet put on. Speedy horses are becoming more numerous in the county each succeeding year and the surrounding country is also developing many speedy animals.

The Omaha World-Herald of yesterday published a very excellent likeness of Miss Nellie M. Gerecke of this city together with the following very worthy comment: "Miss Nellie M. Gerecke recently won the gold medal at the Chicago College of Music in a class of about seventy for her singing, and only missed by a fraction of a per cent of winning the diamond medal. She had been a student of the college but two years, while many of the contestants had taken a three years' course. At the very last moment her music was changed and she was given an entirely new selection, or the result might have been different. Miss Gerecke is a native of Norfolk, Neb., where she was born January 26, 1881, the daughter of Mr. and Mrs. Herman Gerecke, two of the pioneer residents. In person she is of rather slight build, a brunette in complexion, with very expressive hazel eyes, and what is known among musical people as a singer's throat. From early youth she possessed a clear soprano voice of almost birdlike quality, of great range and power, and now that she is having the benefit of fine training is sure to make a reputation that will place her among the leading singers in the country."

WOMAN

IS LIKE A DELICATE MUSICAL INSTRUMENT

In good condition she is sweet and lovable, and sings life's song on a joyful harmonious string. Out of order or unstrung, there is discordance and unhappiness. Just as there is one keynote to all music so there is one key note to health. A woman might as well try to fly without wings as to feel well and look well while the organs that make her a woman are weak or diseased. She must be healthy inside or she can't be healthy outside. There are thousands of women suffering silently all over the country. Mistaken modesty urges their silence. While there is nothing more admirable than a modest woman, health is of the first importance. Every other consideration should give way before it. Bradford's Female Regulator is a medicine for women's ills. It is the safest and quickest way to cure leucorrhoea, falling of the womb, nervousness, headache, backache and general weakness. You will be astonished at the result, especially if you have been experimenting with other so-called remedies. We are not asking you to try an uncertainty. Bradford's Regulator has made happy thousands of women. What it has done for others it can do for you. Sold in drug stores for \$1 a bottle.

A free illustrated book will be sent to all who write to
