REPUBLICAN TICKET.

- National. For President—WILLIAM MCKINLEY, Ohio. For Vice President—THEODORE ROOSEVELT, New York. For Governor—CHARLES H. DIETRICH, Adams.

The report comes from Rome that nearly 1,000 priests volunteered to take the place of their martyred brethren in China. It is such sentiment as this that means that China must some day submit to christianizing and civilizing influences.

"Buffalo Bill" Cody has announced that he will support McKinley for the presidency. Buffalo Bill's "Wild West" show has prospered under McKinley's administration, which indicates that the people have prospered.

The Stanton Register is the only kind of sheet that can aid the fusionists this fall. With an utter disregard of facts and without a semblance of honor, that paper lies and then swears to it week after week, month after month.

Hoar Scores Bryan. There was much disappointment among the "anties" when they found that Senator Hoar was going to stick to the republican party, and Bryan papers and orators which had previously been lauding the Massachusetts senator as a grand old man, an incorruptible patriot, etc., began to accuse him of inconsistency in announcing his intention to support President McKinley for re-election.

It will be remembered that Senator Hoar very vigorously opposed the ratification of the Paris treaty, and he holds now that if that treaty could have been beaten in the senate and its modification therefore insured, all our troubles with reference to the Philippines might have been averted. The treaty would have been defeated, he thinks, if it had not been for the fact that Mr. Bryan hastened to Washington and brought all his influence to bear upon the democratic senators to induce them to vote for it.

That is to say, Bryan's motive was purely a selfish one. He was "playing politics." He didn't care anything about the rights of the question, or the Filipino people, but he wanted to lay up material for assaulting the administration. If Bryan had been sincerely opposed to "imperialism," Mr. Hoar thinks the time for him to have proved it was the time when the step that led to imperialism could have been averted by opposing the treaty.

Whether we endorse Senator Hoar's charge against Mr. Bryan as to motive or not, the fact stands out that his course in favoring the ratification of the treaty

was grossly inconsistent with his present course in opposing the policy of the McKinley administration based on that treaty. Bryan is not a consistent anti-imperialist, and as between him and McKinley the genuine "anties" can have little choice on that issue. Senator Hoar's position is a very logical one, and should commend itself to all sound money men who do not fully approve President McKinley's expansion policy.

A Date to Be Commemorated. In an address delivered by Mayor Nichols of Wilkesbarre before the Pennsylvania State Editorial association, which met recently in that place, attention was called to the fact that the year 1904 will be the two hundredth anniversary of the beginning of journalism in America, and it was suggested that it was now none too early to prepare for the adequate celebration of a date so important.

Mayor Nichols told at length the story of John Campbell's Boston News Letter, the first issue of which appeared on April 24, 1704, and which lived to the ripe old age of 72 years. The idea of celebrating the event has its attractive feature, and the Wilkesbarre mayor is right in suggesting that there is no time to be lost if the commemoration is to be a worthy one.

As Boston was the home of The News Letter, the Hub might properly take the initiative and then let the newspaper men of the whole country give the proposition such encouragement and support as will assure an adequate exposition of the marvelous growth of journalism and "the art preservative" during the past 200 years.

One hundred and twenty-five Cuban schoolteachers have lately arrived in this country for the purpose of attending a summer school at Harvard, where for a month or more they will be instructed in the pedagogic methods which prevail in our best schools. The expenses attached to their coming hither and their maintenance while here are very largely borne by Harvard university and its friends.

Woman's sphere seems to be constantly broadening. The latest exploit of the new woman was in saving a bank in Maine from the assaults of masked crackers. She gave the warning which frustrated the plans of the robbers.

There is more catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & Co., Toledo, O. Sold by druggist, 75c.

Through Colorado. The Denver & Rio Grande railroad, with its numerous branches penetrating the Rockies, has two distinct and separate lines across the mountains. Tickets reading via the "Scenic Line" Denver and Grand Junction, in connection with the Rio Grande Western railway between Grand Junction and Ogden, are available over the Denver & Rio Grande either via its main line through Leadville and Glenwood Springs or via the line over Marshall Pass and through the Black Canon. Tourists to and from Salt Lake City, Ogden or San Francisco will find it to their advantage to have their tickets read in both directions via "The Scenic Line of the World," thus being able to use one of the above routes going and the other returning. Write S. K. Hooper, G. P. & T. A., Denver, Colo., for illustrated pamphlets.

FUSION TICKET IN KANSAS.

Martin Named For Associate Justice and Presidential For Governor. Associate Justice—DAVID MARTIN, Populist Governor—JAMES W. BARTON, Populist Lieutenant Governor—A. M. HARVEY, Populist Secretary of State—A. B. FRANKS, Democrat Treasurer—COWLEY MARSHALL, Democrat Attorney General—H. O. P. FARRELL, Democrat Supt. Instruction—W. W. McNALL, Repub.

PORT SCOTT, Kan., July 26.—At their convention here yesterday, Kansas Democrats surrendered to the demands of Populists and thereby made possible the lightest and most harmonious fusion that has ever existed in this state. The Populists had demanded from the Democrats the office of associate justice in exchange for that of attorney general, although the former office had previously been granted the Democrats in what was supposed to be an air-tight agreement. A fight was expected before the Democrats would give up this plum, but, led by Hon. J. G. Johnson, national committeeman for Kansas, they finally acceded to the demands of their brethren and embraced the opportunity for a love feast.

DETROIT, July 26.—Hon. William C. Maybury, mayor of Detroit, was last evening tendered the Democratic nomination for governor of Michigan by the Democratic state convention with a unanimity which rendered useless the taking of a ballot. Not a dissenting voice was heard when the vote on the proposition to nominate Maybury was acted upon and the withdrawal of the half dozen gubernatorial candidates before any vote was taken was received by the delegates with loud cheers of approval.

INDIANAPOLIS, July 26.—By the unanimous vote of the national committee of the National Gold Democracy yesterday the scheme of fusion with the anti-imperialistic movement, originating with the recent mass meeting at the Plaza hotel in New York city, was defeated, as was also the plan to place a Gold Democratic ticket in the field this year. W. B. Haldeman, proprietor of the Louisville Courier-Journal, withdrew from the meeting after announcing that he would support Bryan.

WICHITA, July 26.—The Kansas Midland railway was sold at public sale in this city yesterday by J. F. Shearman, clerk of the United States district court, to Alfred R. Peck and Harry Bronner, representing the bondholders, for \$500,000. The road will pass into the hands of the "Frisco" system.

LINCOLN, July 26.—Governor Poynter has addressed a communication to the 90 county sheriffs of the state, calling attention to their duty to prosecute violations of the state game laws.
