It is up to you—isn't your own and your neighbor's prosperity paramount to any vagary about "imperialism?" Don't for a moment think that "imperialism" can be thrust upon this country without your permission.

Democrats are now claiming majorities in most of the large cities, but the conservative ones concede that rural portions of the states will go republican. This has the most consistent sound of anything yet noticed from a democratic source.

Norfolk's Cash Showing. There is one kind of prosperity in evidence that the fusionists cannot deny. A denial would be very ridiculous—almost as ridiculous as some of their arguments—for the facts are back of it in honest, tested, bold faced figures and can be proven from democratic sources if need be; and that is bank deposits and bank business.

In July, 1896, the combined deposits of Norfolk's two banks were \$223,000. In July, 1900, the deposits in the same institutions had increased to \$523,000, a gain of \$300,000, or more than double the figures of 1896.

banks was \$62,000. In July, 1900, the cash was \$242,000, or an increase of \$180,000.

The showing on the former business is an increase of more than 134 per cent, while the latter makes a showing of increase of almost 300 per cent.

The farmers in this vicinity are largely responsible for this increase as they control the greater share of the money secured by increased prices for their products.

It is a great showing and no mistake. GOOD WORK AT GALVESTON.

Normal Conditions Fast Being Restored To the Wrecked City.

Galveston, Sept. 20.—Normal conditions are fast being restored in Galveston. The work of clearing the streets of debris continues unabated and all relief work is now thoroughly systematized.

John Sealy, the chairman of the finance committee, made the following statement: "What we are looking after now is the immediate relief of those in distress, such as furnishing clothes, footwear and the payment of the men who are working on the streets clearing up the debris and burning dead bodies.

Houston, Sept. 20.—Governor Sayers wired the following statement to the Associated Press:

"The loss of life occasioned by the storm in Galveston and elsewhere on the southern coast cannot be less than 12,000 lives, while the loss of property will probably aggregate \$20,000,000. Notwithstanding this severe affliction I have every confidence that the stricken districts will rapidly revive and Galveston will, from her present desolation and sorrow, arise with renewed strength and vigor.

"To the people of the United States, whose munificent generosity has contributed so much to the relief of the sufferers, I, as governor, beg to tender my most profound and most grateful acknowledgments, assuring them that their generous benefaction would be held in lasting remembrance by the people of Texas.

"We have not been left to stand alone in our trouble, but messages of earnest sympathy, accompanied by large contributions in money and supplies, and also in personal assistance through the Red Cross and other benevolent societies, have had the effect to relieve the situation of much of its sadness and misfortune."

TELEGRAMS TERSELY TOLD.

Belle Mingle Archer, the actress died at Warren, Pa., Wednesday.

Dr. Hunter McGuire, who was Stone-wall Jackson's medical director, died in Richmond, Va., Wednesday.

The last of the Balaklava survivors, James A. White, is dead. He had lived near Upper Sandusky, O., since 1857.

The Republicans of the First Colorado congressional district nominated Robert W. Bonyng of Denver for congress.

Marcus Daly, who has been ill at the Netherlands hotel, New York, for some days, is reported considerably improved.

John G. Springer, secretary of the American Southdown Breeders' association, died at Springfield, Ills., Wednesday.

The Democratic convention for the Eighth district of New Jersey nominated Edward A. S. Mann of Bayonne for congress.

The plant of the Union Compress company at Texarkana burned Wednesday, with 2,000 bales of cotton. Loss, \$150,000.

The socialist congress at Mainz, after a heated discussion, adopted resolutions protesting strongly against Germany's course in China.

The navy department has received the official report on the recent speed trial of the battleship Alabama. With the exception of a few minor details of imperfection, the Alabama's trial trip proved her in all respect complete and ready for instant sea service.

STRIKERS ARE GAINING.

Miners' Chief Says That More Than 126,000 Are Idle.

MARCHERS ARE EFFECTIVE.

Succeeded In Inducing Several Hundred Miners to Join the Ranks of the Strikers—Operators Show No Disposition to Make Concessions.

Philadelphia, Sept. 20.—An interesting feature of yesterday's developments in the coal miners' strike was the meeting at Jedd, near Hazleton, of the miners employed in the four collieries of G. B. Markle. These men are in a different position from the others, as they have an agreement with their employers to submit any grievance and to wait ten days for an adjustment.

The Reading company is getting ready to reap the harvest presented to it by the tie-up in the other coal districts. Nearly all of its collieries were placed on full time and henceforth all the mines will be operated to full capacity. Meanwhile reports are coming from all parts of the country of large increases in the price of coal to consumers to keep the miners down.

All was quiet in the entire coal field. Even the much advertised clash in the Lykens region was sidetracked through the decision of the strikers to march on the non-striker at Williams-town and force them to quit work.

The mine operators, after generally maintaining a silence for several days, are showing a disposition to talk for publication, and as a result several statements from their side are printed. All breathe the same spirit. No recognition of the United Mine Workers and a fight to the finish with President Mitchell and his followers.

Marching makes the timid men and women in the Hazleton region nervous because of the terrible result of that sort of campaign in 1897, when the deputies shot down marchers, and marching began in earnest there yesterday. The marchers were peaceful, however, and they succeeded in getting several hundred men to quit work.

Roosevelt's Tour In Idaho. Pocatello, Ida., Sept. 20.—The Roosevelt special train arrived at Pocatello a few minutes after 6 o'clock last evening. During the day stops were made at Rexburg, St. Anthony, Idaho Falls and Blackfoot. Short speeches were made by Governor Roosevelt and others. Senator Shoup and Senator Carter accompanied the party through the day. Governor Roosevelt addressed two meetings here. Both were largely attended.

Bitten by a Spider. Chadron, Neb., Sept. 20.—R. K. Burns, one of the wealthiest men of this region, was seriously, if not fatally bitten by a spider while asleep on his ranch east of town. He was at once removed to the Chadron hospital, where it was found that he had been bitten in three different places over the liver. It was at first thought that he could not live, but at a later hour there is some hope for his recovery.

BANK ROBBERS DO POOR JOB Village of Claire, Ia., Started From Its Slumbers by Terrific Explosion.

Fort Dodge, Ia., Sept. 20.—Amateur bank robbers have created great excitement in the village of Claire, 14 miles northwest of here, by attempting to rob the State bank of Claire. They secured an entrance to the bank Tuesday night and sought to blow

open the vault by punching out rivets in the dial on the vault door. The crevices were filled with powerful explosives and touched off. The result evidently surprised the robbers as much as the people of Claire.

The dial and a portion of the vault door were blown through the front window of the bank and across a 70-foot street and through the window of the hotel. The noise awakened every one in town and the frightened robbers made good their escape, but without a penny of the expected booty.

\$15,000 BANK ROBBERY

Three Men Hold Up the First National at Winnebucca—Citizens Exchange Shots With the Fleeing Desperadoes.

Winnebucca, Nev., Sept. 20.—The First National bank was robbed of about \$15,000 at noon yesterday by three men, who entered the front door of the building and with revolvers made all present throw up their hands. There were five persons in the bank at the time, Cashier Nixon, Assistant Cashier McBride, Bookkeeper Hill, Stenographer Calhoun and a horse buyer named Johnson. The robbers threatened with instant death the first man who made a show of resistance. One robber at the point of a pistol made Cashier Nixon open the safe and take from it three sacks of gold coin. They threw this in an ore sack, together with all the gold coin in the office drawer. The robbers then marched the five men out through a back door to an alley, where three horses were waiting. The men were kept covered with guns until the desperadoes mounted their horses and escaped. The whole affair occurred in but five minutes. An alarm was quickly given and several shots were fired at the desperadoes as they sped through town, but without effect. The robbers returned the shots, but no one was hit. Officers and armed citizens have started in pursuit of the robbers, who took a course up the river. A posse has also started from Golconda to head them off and it is thought they cannot escape.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.

The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Hall's Family Pills are the best. Surgeon is the piano man.
