

MONDAY MENTION.

Max Lenser of Tilden spent Sunday at home. Paul Newow of Battle Creek was a Sunday visitor in Norfolk. Dr. Alden of Pierce was in the city today enroute to Fallerton. Ed Jenkins of Columbus is visiting with his brother, C. D. Jenkins. The infant child of Mr. and Mrs. Lester Parker is reported to be very sick. Irvin Gerecke is able to be out again, his attack of sickness not proving as serious as had been feared. The Early Hour club will give its second dance of the season at Mast's hall next Thursday night. Mr. and Mrs. Willis McBride of Madison spent Sunday with his mother, Mrs. H. McBride of this city. J. K. Boaz is confined to his home with an attack of sickness which, it is feared will prove typhoid malaria. J. F. Hopperley, the market gardener, is compelled to use a cane owing to a lame ankle, the result of an old sprain. Mrs. L. Sutton and Miss Anna Peterson of Bloomfield, who have been visiting friends the past week, went home today. The little son of Mr. and Mrs. J. D. Larrabee was badly burned last evening by some hot tea which was accidentally spilled. Mr. and Mrs. Fred Hilgert of Pierce visited with Dr. Bertha Ahlman Saturday. Mrs. Hilgert and Mrs. Ahlman are sisters. Mrs. M. C. Walker entertained a number of Heights people Friday evening at a bean bag party. The occasion proved very enjoyable. Miss Opal Madsen entertained the boys and girls belonging to the recently organized club last Saturday evening in a very pleasant manner. Mr. and Mrs. S. K. Dexter arrived last evening from Lowell, Mass., to visit friends, while Mr. Dexter will look after his cold storage interests. The household economic department of the woman's club met this afternoon with Mrs. T. J. Morrow, who gave a demonstration in the art of cookery. Poles for the extension of the telephone service to Magnet, Wausa and Bloomfield, have been shipped and the work of building the line will soon begin. Dr. H. L. Scoggin is packing his household furniture and will store it for the winter. Mr. and Mrs. F. G. Coryell will occupy the house on Norfolk avenue being vacated by him. Superintendent C. H. Reynolds has gone for a trip over the Albion line to look after some damage done by a recent storm. About a mile of track has been washed out or damaged along that line. Victor Seymour came up from Lincoln and spent Sunday with Norfolk friends. Mrs. Seymour and Miss Reynolds, who have been visiting at the home of R. H. Reynolds, accompanied him home today. The entertainment given Saturday night by Victor Lee, the magician, was well patronized and those present were delighted with his mysterious acts in legerdemain, all of which were very cleverly performed. J. W. Smith, living on South Ninth street, is seriously ill. He served three years in the war of rebellion, being a member of Jas. A. Garfield's regiment, the Forty-Second Ohio. He is but a recent arrival in Norfolk. A company of about 35 ladies spent a delightful afternoon Saturday with Mrs. J. K. Boaz at her home on North Tenth street, and had the pleasure of meeting Mrs. Ellis of Des Moines, Iowa, who is the guest of Mrs. Boaz. Delicious refreshments were served. The union temperance meeting at the Congregational church last evening under the auspices of the Anti-Saloon league was largely attended, the building being filled. J. H. Oxnam presided and the program as published was rendered. The talk of Secretary Hughes of the Y. M. C. L. was especially well received. The work of excavating for the new Bishop block at the corner of Fourth and Main streets was commenced this afternoon, the water having been sufficiently drained off to admit of it. It will require several days to excavate for the cellar and foundation, after which the masons will begin the erection of the block. The Nebraska Telephone company has arranged to receive state and national election returns for the benefit of town and toll customers. The central office is to be especially fitted up for the purpose. Arrangements, which will undoubtedly be successful, are being made to receive the returns at the Auditorium. A long distance telephone will be placed in the building and the returns will be thrown upon a large screen by a stereopticon as fast as received and copied. For cleanliness, economy and comfort the Retort Oak has no equal as a heater. See them at Hamstreet's. In order to vote intelligently you should hear both sides talk of political issues. Attend the Meiklejohn meeting tonight.

TUESDAY TOPICS.

Mrs. Friend of Hadar is a city visitor. Herbert Morey is a city visitor from Pierce. A. J. Durland left on the noon train for Watertown, S. D. Mrs. A. Hitchcock was a visitor in Norfolk today from Pierce. Ernest Hamilton of the sugar factory has gone to Ames for a few days. George Williams departed for St. Paul, Minn., today on a business trip. Mrs. W. Spencer of Ainsworth is in the city visiting her son, W. E. Spencer. W. O. Hall has sold his trotting horse, Burtwood, to Mr. McKellup of Sheldon, Iowa. The Wednesday club will meet with Mrs. W. H. Bucholz tomorrow afternoon at 2:30. Editor C. F. Montross of the Battle Creek Republican had business in Norfolk yesterday. Mrs. H. C. Dingman has been called to Iowa by a message announcing the illness of her mother. Mrs. W. W. Roberts returned last evening from Creighton, where she had been visiting over Sunday. B. Judkins of Egan, this state, who has been visiting his nephew, Ed. Norton, left today for St. Paul, Minn. The Y. P. S. C. E. of the First Congregational church will hold a business meeting tonight in the church parlors. Editor U. E. Foster of the Plainview News, was in town this morning and took the Pierce county ballots home with him. A trainload of 11 cars of horses came in this morning over the Union Pacific enroute to Sioux City and another trainload of 29 cars passed through about 11 o'clock. Fred Sidler has sold his dray line to Miller Green, who will operate it in connection with his own. Mr. Sidler's intentions for the future have not been definitely determined. Miss Winifred Jefferies has returned from Weber, Wayne county, where she has been teaching school and will enjoy a short vacation before returning to take up her work for the winter. A good crowd attended the Halloween social given last night by the Y. M. C. L. in the rooms in the Mast block. The entertainment proved very enjoyable, cake and coffee were served for refreshments. Edward, the 5-months-old son of Mr. and Mrs. S. W. Spellman, died Saturday night of lung fever and the funeral was held from the house yesterday afternoon at 3 o'clock, interment being in Prospect Hill cemetery. The Music Students club held a very enjoyable meeting last evening at the home of Mr. and Mrs. E. A. Bullock. A fine program was rendered and Miss Nelle Gerecke favored those present with a vocal selection. John Waechter, a former resident of this vicinity, but who now lives on a farm in Boyd county, is here on business. He reports that crops in his section of the state are very fine and some of the corn will go 60 bushels to the acre. The News is under obligations to the Journal for the use of its press, from which this paper was issued last evening. The News press was employed in making election ballots and it would have been very inconvenient to change it for newspaper work. The voting place for the outside Norfolk precinct has been changed from the old Daniel wall paper store to the building of Adam Reiland, on Main street, opposite Winter & Shultz harness shop. The change was made necessary because the Daniel building is now rented and being used as a storehouse for machinery. Invitations have been received by Norfolk friends to the wedding of Miss Grace Murer, daughter of Mr. and Mrs. John Murer, formerly of this city, and George Wilcox of Griswold, Iowa, the wedding to take place November 8th. Miss Laura Durland is to be bridesmaid. Mr. Wilcox is a hardware merchant at Griswold. The "Quo Vadis" company has arrived in the city and will give the performance this evening at the Auditorium, the prospects being that the building will be filled. The work is intensely interesting and if the company can give even a faint conception of the spectacular features described it will be well worth attending. The company brought a large amount of scenery. The republicans of Battle Creek are arranging for a grand rally next Friday night and expect that enthusiasm in large chunks will prevail. H. C. Brome of Omaha, one of the best political speakers in the state, will furnish the principal address, while a torch light procession, with fire works, will be the demonstrative effort of the evening. Norfolk people should help swell the crowd on the occasion. Arrangements for the Meiklejohn meeting at the Auditorium tomorrow evening are about completed and it is expected that there will be a large and enthusiastic attendance. The committee on reception is Mayor W. M. Robertson, Bart Mapes and Judge J. B. Barnes. On decoration—N. Hills, J. S.

McClary and W. H. Rish. Mr. Meiklejohn, as assistant secretary of war, is in position to give new and interesting facts concerning the administration, and its plans and purposes. He is a good speaker and all who attend will be well repaid for their time and trouble. The musicians of Norfolk met last night and organized the Norfolk Military band and orchestra. Gus Marquardt was chosen as leader and manager; Max Asmus is secretary and treasurer; Geo. Heller, W. C. Ahlman and Rudolph Christichilles compose the board of managers. The boys are prepared to furnish good music for all occasions. The band will consist of from 10 to 16 pieces, while an orchestra of from 5 to 9 pieces can be furnished. The people of Norfolk know that the members of the organization are fine musicians and with a permanent organization they will furnish music unequalled by the best. Norfolk was visited last evening and today by a number of noted sugar men connected with the American Beet Sugar company, who arrived last night to look after the company's interests in Norfolk. They were Robert Oxnard of San Francisco, Cal.; Jas. G. Hamilton of New York City; E. C. Howe of Los Angeles, Cal.; W. S. Pardonner of New York City; Mr. Hascho of Oxnard, Cal., and Mr. Farrar of Grand Island. The party was accompanied by A. H. Merchant of Omaha, assistant general freight agent of the F. E. & M. V. railroad company. The party, except Mr. Oxnard and Mr. Howe, departed this noon. Word has been received that Dan Whitney, proprietor of the Elkhorn Valley house at Tilden, died last Saturday and has been buried. He has been sick for some time and as he was well advanced in years, his recovery was doubted from the first. Mr. Whitney was an early settler in Norfolk and previous to coming here had been in the employ of an eastern railroad. "Uncle Dan" was well known to a large number of people and his hostelry was particularly popular with the traveling public. He was eccentric on political and religious subjects and was particularly fond of playing the violin, with which he amused his guests day and night. His children are all musically inclined and at one time they had a family orchestra that rendered very good music. He leaves a wife, four sons and three daughters. Rev. W. R. McKim has recently received from a friend a copy of the Galveston, Texas, Sunday News, of the 21st which contains an account of the storm as observed by Dr. Isaac M. Cline, local forecast official and section director, with a diagram showing the barograph tracing produced by the atmospheric pressure. The report says: "The barometer commenced falling during the afternoon of the 6th and continued falling steadily but slowly up to noon of the 8th, when it read 29.42 inches. The barometer fell rapidly from noon until 8:30 p. m. of the 8th, when it registered 28.48 inches, a fall of pressure of about one inch in eight and one-half hours. After 8:30 p. m. the barometer rose at the same rapid rate that had characterized the fall." The report also gives a map showing the damage in the city nearly one-half of which was totally destroyed. Tomorrow night, the 31st, is Halloween, the name popularly given to the eve or vigil of All Hallows, or festival of All Saints, which is the 1st day of November. In former times it was the occasion for various kinds of amusements, a popular practice in England being the cracking of nuts, ducking for apples in a tub of water and the performance of other harmless fireside revelleries. The people of Scotland enjoyed the evening in about the same way, but the ceremonies partook of a more superstitious character, with witches and hobgoblins as entertainers, and fortune tellers to point out the future to the lads and lasses. This sort of thing was evidently too slow for young America and it has been the practice for years for youths of this country to play mad pranks out of doors. No one objects as long as a certain amount of discretion governs their actions, but when it comes to the willful destruction of property and positive annoyance and discomfort of people it is time that the practice should be discouraged and the early steps looking toward the suppression of lawless acts on the part of the police should receive the hearty approval and support of the people Norfolk. Free of Charge. Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at A. K. Leonard's, will be presented with a sample bottle of Boschee's German Syrup, free of charge. Only one bottle given to one person and none to children without order from parents. No throat or lung remedy ever had such a sale as Boschee's German Syrup in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggist will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by dealers in all civilized countries. The Retort Oak has the only positive check known in stove construction. The control of fire is absolute. Hamstreet will answer all inquiries.

WEDNESDAY WRINKLES.

Sheriff Geo. W. Losey was a city visitor yesterday. Mrs. Hulbert is quite sick at her home in South Norfolk. Mrs. J. W. Hawk of Plainview is visiting Mrs. W. W. Roberts. The infant child of Mr. and Mrs. Lewis Stewart died last night. Mrs. G. S. Martin has returned from Omaha, where she went to bury her late husband. L. C. Cramer had his foot quite badly crushed yesterday while unloading steel rails at South Norfolk. The Ladies society of the Congregational church will meet tomorrow afternoon at 2:30 with Mrs. H. J. Cole. Frank Russell's little daughter, who has been very sick with rheumatism at the home of her father on South Second street, is improving. E. D. Perry has disposed of his restaurant in South Norfolk to a man from Ewing named Corner, who is to take possession a week from today. J. H. Conley went to Wayne yesterday after a bicycle which was stolen from him recently. The fellow who stole the property is under arrest in St. Paul, Minn. Albert Albers, who lives three miles east of Pierce, had his shoulder dislocated last Saturday during a runaway. It was reduced yesterday by Drs. Salter and Bear. Guy Barnes has been appointed by the commandant as captain of company D in the cadet battalion of the state university. Kimball is first sergeant in the same company. Dr. Frank Salter authorizes the statement that Colonel Tracy Miles and Richardson Drug Company Leonard are wading the Pierce sloughs in pursuit of the elusive ducking. A letter from one of the Norfolk boys as Rocky Ford, Col., states that Fred Roberts is sick with typhoid fever and that this disease is quite prevalent in that part of the country. Miss Ethel Campbell entertained a company of boys and girls at a party last night at her home on South Eleventh street. The evening proved very enjoyable to those attending. Mr. and Mrs. Dave Shores are the proud parents of a baby boy, born this morning. It is said that Dave claims he looks like Mark Hanna and will be named William McKinley. J. S. Shurtz has received word announcing the death of his brother, in Ohio, which occurred Sunday, at the ripe age of 75 years. The old gentleman was a teacher and leaves an estate valued at \$100,000. Misses Hattie and Mattie Lenser, who have been visiting at their home on South Thirteenth street, left this morning over the Union Pacific for New York City and will visit friends in Iowa and Illinois enroute. Mr. and Mrs. O. R. Eller expect to arrive at Lincoln today and will at once commence keeping house. Their trip included a visit to Washington, Old Point Comfort and other prominent cities and places of interest in the east. The tea given by the members of the Woman's home missionary society at the home of Mrs. L. M. Beeler last evening was very well patronized regardless of the fact that the weather was most unfavorable, and the ladies cleared a neat little sum. August Schulz and bride, formerly Miss Bertha Schelen of Bazile Mills, arrived last evening and will make their home in Edgewater Park. Mr. Schulz is very popular among the young folks of Norfolk, being a member of St. Paul's Lutheran choir. His bride is also well and favorably known here. Their friends unite in extending best wishes for their future happiness. Hon. Geo. D. Meiklejohn, assistant secretary of war, is to address the people of Norfolk and vicinity on the political issues of the day at the Auditorium this evening, and all who attend will be well entertained. Ladies are especially invited to be present. He is a pleasing talker, in close touch with the administration and none who desire to keep posted can afford to miss hearing him. A large audience filled the Auditorium last evening, in spite of the storm, to see "Quo Vadis," and the production was fairly well rendered, the characters of Caius Petronius, Chilo Chilonides and Poppoea being especially well taken. The play is spectacular and intensely interesting and requires a large amount of special scenery. One notable lack in last evening's performance was the number of people in the cast. With such a play the more persons taking part the better it is and it appeared not more than a dozen were on the stage. Tobias S. Richardson, for a number of years bookkeeper at the Norfolk hospital for the insane, died yesterday morning at his home in Fullerton of heart trouble, produced by overwork or a strain received when working for the telephone company. His remains will be brought to Norfolk tomorrow evening on the 9 o'clock Union Pacific train. They will be met by members of the I. O. O. F. and K. P. lodges, to which he belonged and taken to the home of Mr. and Mrs. C. D. Jenkins until the next day, when the body will be taken to Pierce for interment. Mr. Richardson has many friends in Norfolk

who will greatly regret to learn of his death. The people of Norfolk are convinced that Prospect Hill is one of the most beautiful cemeteries in the state now, and when the association announces its intention of still further improving the property it would seem that there is but little room for work along that line. But the organization is a progressive one and if they make an announcement of this character it may be depended upon that something beneficial will be done. County Surveyor W. H. Lowe has been engaged to survey some more lots on the north side and if the weather permits the south fence will be moved back 15 or 20 feet, as it is now in the road. Next spring other extensive improvements are contemplated. The association is now out of debt and what it makes now above expenses, it is understood will be spent for improvements. Who Fills the Dinner Pail? Every full dinner pail contains these articles: 2 ham sandwiches.....5 cents 2 eggs.....3 cents Bread and butter.....2 cents Tomato.....2 cents Pie or pudding.....3 cents Sugar, salt and pepper.....1 cent Fruit.....2 cents Drink.....2 cents Total.....20 cents The farmer produces all of these except the coffee or tea, and perhaps not all of the sugar. It is to the interest of the farmer to see that the wage earner has a chance to live such as he has enjoyed during the republican administration.—Exchange. WARNERVILLE. There will be a dance in the hall Friday evening, November 2d. One of Geo. Wheeler's children is seriously ill with typhoid fever. Roger Carberry leased his farm to Charles Underwood for next season. Violets, dandelions and strawberry vines are all in bloom here, October 30th. R. W. Linn is making preparations to build a new house on his farm, south of town. W. H. Loomis has leased his farm to Fred Pettit and will move his family to Norfolk in the near future. Roger Carberry went to Guthrie county, Iowa, last week to see his brother, who is sick with typhoid fever. Ed Creamer, who went to Cape Nome in search of gold in the spring, returned last week. He says he brought back more rheumatism than gold. There will be a republican rally in the hall Thursday evening, November 1st. James Nichols of Madison and others will address the people upon the political questions of the day. Several of our farmers have finished husking corn. They report the yield at 25 to 38 bushels per acre. The Elevator Company is paying 25 cents per bushel for new corn, a higher price than has been paid for several years at this season. X-Ray Treatment for Cancer. The treatment of cancer has always been considered of such doubtful result and accompanied with such suffering and disfigurement that any authentic record of a cure without the use of the knife is of not only professional but general interest. We noted some months ago that Mrs. B. H. DeNice was taking X-ray treatment for a cancer. Time enough has now elapsed since the completion of the treatment to announce a complete cure. Mrs. DeNice had a well-defined cancer on her lower lip, so diagnosed by seven prominent physicians of Southern California, who told her that the knife was the only hope. She finally decided, however, to take the X-ray treatment of the English and German expert specialists of Los Angeles. She took the first treatment on June 14, and the last on August 18, when all evidence of the cancerous condition had disappeared. The two months since that time have not brought any reappearance of the symptoms and it can reasonably be called a complete cure. The only means used was the X or Roentgen ray directed upon the cancer, which gradually was overcome until the tissues were entirely healthy. This use of the Roentgen ray is quite new, and is a most wonderful adaptation of this wonderful form of electrical energy. Other physicians who diagnosed and watched the progress of this case have expressed their satisfaction with it, and their intention to secure an equipment for X-ray treatment. Mrs. DeNice has authorized the strongest recommendation of the treatment.—Chino Valley Champion. What a Printer Does Not Do. A printer doesn't rush to the doctor when he is out of sorts. Nor will he go to the baker when he is out of pie. Nor to Hades when he wants the devil. Nor to the Bible when he wants a good rule. Nor to the gunshop when he wants a shooting stick. Nor to the cabinet shop when he wants furniture. Nor to a bank when he wants quoin. Nor to a girl when he wants a press. Nor to a lawyer when he has a dirty case. Nor to the butcher when he wants "phat."—Printing Times. Sewing Machine Contest. The judges' account of the vote cast

October 29 to 9 a. m. for the respective candidates in J. D. Sturgeon's Colored Porters' Sewing Machine Contest: We the undersigned judges appointed to count the votes cast in the above named contest hereby certify that the votes cast to date are as listed below: Al Johnson.....231 Dave Shores.....205 P. F. SPEICHER, OSCAR UHLE, Judges. Members of either fusion parties should come out and hear what Assistant Secretary of War Geo. D. Meiklejohn has to say at the Auditorium tonight. Mother's Friend. Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga. says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it." A prominent lady of Lambert, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours." Get Mother's Friend at the drug store, \$1.00 per bottle. THE BRADFIELD REGULATOR CO. ATLANTA, GA. Write for our free illustrated book, "BEFORE BABY IS BORN." F. C. CORSETS MAKE AMERICAN BEAUTIES.
