STUDEBAKER WAGONS...

Contributed much to the material development of the great West. The preference of the people North, East, South and West for the "The Studebaker" is evidenced by the greatest wagon and carriage plant on earth, and is further attested by the large orders for Studebaker vehicles placed by the U. S. Government in both times of peace and war. Quality tells the story. And quality, rather than price, should determine every purchase of a wagon or carriage—upon which so much depends—often one's personal safety, and not infrequently, life itself.

E. L. OVERTON, Agent,
Nebraska City, Neb.,

Carries a full line of Studebaker wagons and carriages, and will be glad of your patronage.
