

FOOTBALL IN WESTERN COLLEGES.

The following resume of football work is taken from the Chicago Records' dispatches:

WISCONSIN.

Football practice at Wisconsin was behind closed gates again this afternoon, and Coach King gave his men some of the hardest work they have done this year, having in view a hard game with Beloit Saturday. The scrubs gave the varsity all they could do and scored once on a fluke, Marshall picking up the ball after it had been dropped. Westcott, one of the new heavy weights, was in the line for the first time, at right guard, alternating with Deering, and did good work. All the veterans of the team were out.

MICHIGAN.

The scrubs put up a terrific battle against the varsity for forty minutes today, but still could not come within thirty yards of the goal they have not yet reached this season. On the other hand, the varsity scored four times. Herstein made the prettiest run back on a punt that has been seen this year. Unaided by interference he dodged the whole flock of scrubs for forty-five yards. Neil Snow hit an opening in the line once and went forty yards before being downed. Sweeley tried another place kick today and again failed.

PURDUE.

Purdue's team today put up a splendid practice game. Riebel, who was injured last night; Arnold, Berkey and Russell were not out. The substitutes were unable to withstand the rushes of regulars. Six touch-downs were made in the fifty minutes. McManus, as substitute for Riebel at guard, was a little slow. Tomorrow's practice will be light, to prevent an increase of the hospital list. Berkey and Riebel may be able to enter Saturday's game, but it is not likely that any of the four cripples will be used, except in emergency. A large delegation will go to Chicago Saturday to do the rooting.

IOWA.

The varsity eleven lined up today against the second team and was put through some hard work. The practice does not, on the whole, show any improvement during the week. There has been some improvement in defensive work and some falling back in the offensive. The practice today was not at all satisfactory, being very slow except at the close. Welland distinguished himself with several long runs, and Smith and Wilkins, both new men, are developing nicely. Briggs, Burrier, Herbert and Buckley of the first team are still unable to play because of injuries, but expect to take part in the Drake game. Coach Knipe says that he expects Iowa to win, but fears Drake will score.

ILLINOIS.

The varsity football team was given a rest tonight. Only signal practice was given, in which everybody displayed considerable snap and ginger. All of the players are in good condition, and a good game is looked for with Washington university on Saturday.

NOTRE DAME.

The varsity took their last hard practice before the Northwestern game this afternoon. O'Malley was changed to guard and Farragher was again at the tackle, but the regulars were not able to hold the scrubs, and two touch-downs were scored. One was on a sixty-yard run by Coleman and the other a kick by O'Dea. Hannon and Kirby both left the field on account of injuries. Cullman and Kirby each did some good line bucking and Salmon made good gains.

THE OFFICIAL SONG.

The following song will be used by the rooters at the game tomorrow. Every student, whether he is going to Minneapolis or not, should learn it.

Air: Goo-Goo Eyes.

A husky team on a football field all lined up for a game.

Two thousand rooters on the lines to help them win a name.

Yelled out at them, with a mighty roar.

The team braced up and held for downs.

Stopped Gophers' every buck.

Played fast and fierce and made good gains.

Oles lost their luck;

They failed to win, that football game.

Chorus—

Just because we made dem lulu plays.

We done gone won that game and got the praise.

We came up here to beat.

Minnesota is our meat.

Just because we made dem lulu plays.

A POINTER FROM "THE EAST."

Of course no one east of the Missouri river has any more fear of Nebraska defeating Minnesota next Saturday, than he has of Bryanism winning in Iowa next November, but the Nebraska acorn huskers would hardly touch ground if they knew how badly they have scared the Gophers.—Daily Iowan.

The University Book Store, 340 No. 11th st. The Scarlet and Cream store.

The Pioneer Barber Shop at 113 So. 11th st., where you can get first-class work.

All sizes and widths of University gymnasium shoes, 50c to \$1.50. Sanderson's.

You'll need an overcoat if you see the football game up north. Ewing has the latest. See them.

Dress up and wear scarlet and cream. It's U. of N. Be proud of it. In the meantime see Ewing's for a nice suit.

Boston school of technology has abolished its football team. The action was taken at a mass meeting of students. It is in line with the desires of the faculty who think that scientific students have not the time to devote to football.

Glasses in His Beard.

Senator Platt of New York dropped his glasses in the senate the other day. He was looking helplessly on the floor for them, when up stepped a page and, like a youthful Herrmann, extracted them from the senator's beard, in which they had caught in falling.

A Distinguished Jewish Soldier.

Colonel Goldsmith is the most distinguished Jew serving in South Africa. As an administrator he has gained the highest praise from Lord Roberts. He was once sent by Baron Hirsch to rescue from financial ruin the Jewish colonies in Argentine.

Do Away with the Cause.

A tainted breath may be temporarily purified by occasionally chewing a bit oforris root or stick cinnamon. But this merely disguises the odor. A bad breath comes chiefly from decaying teeth, and in some cases has its origin in a disordered stomach. When diseased teeth cause impure breath, recourse should be had to a dentist; when organic disease is the cause, as is very often the case, a physician should always be consulted. The breath should always be kept sweet, and people should guard against making themselves disagreeable to their associates by being indifferent in this matter. Many a woman, otherwise charming in every respect, has unwittingly repelled her acquaintances by her impure breath.—New York Weekly.

New Director of Lick Observatory.

William Wallace Campbell, who has just been elected director of Lick observatory, to succeed the late James E. Keeler, was born on a farm in Hancock county, O., in 1862. He studied astronomy at the University of Michigan under Prof. Schaeberle, and took the chair of mathematics and astronomy at the University of Colorado, and later at Ann Arbor. He has written several text-books.

Collection of American Poetry.

Professor Kocoman, librarian of Brown university, attended the sale of the famous private library of Thomas J. McKee of New York, and through funds supplied by Chancellor William Goddard was able to purchase the books necessary to complete the Harris collection of American poetry now in the possession of the university and the best of its kind extant.
