**SHERMAN GRAVEL**

Concerning which so much has been said, is a disintegrated silica granite. It has been chemically prepared by the great fires of nature in prehistoric days, so as to gradually weld together with all the flexibility of asphalt and the durability of granite. This gravel is quarried at Sherman, Wyo., on the Union Pacific, and used on that road for ballast. Travellers over the Union Pacific therefore escape the dust and dirt which makes a trip over the lines of its less fortunate rivals so annoying. **NO DUST. NO DIRT. NO JARRING. SMOOTH AND EASY RIDING.**  
For full information call on or address **E. B. SLOSSON, Agent.**

**Tumble Weeds**

Are Will Reed Dunroy's latest and best verses. They are remarkably sweet songs, these poems of the prairies and the book is a beauty.

It makes a very dainty and appropriate gift for a very near friend. If you wish a copy of the autograph edition, order of your book dealer at once.
