

SOCIETY NOTES.

The Informal Teas.

Surely everyone at Nebraska knows the we have informal teas! The idea was inaugurated several years ago. Since then, and particularly the last two years, there have been series of teas at Art Hall. At the present time tea is served Thursday from 3 to 5 o'clock. At the teas, girls have an opportunity of examining excellent works of art. They also have a chance to meet the women of the Faculty, their classmates, and any special guest of the school.

At the tea tomorrow the guests of honor are Miss Mayhew, Miss Blanchard and Miss Dodge. They will talk to the girls informally.

Miss Margaret Guthrie of Omaha will arrive the latter part of the week to spend a few days at the Delta Gamma house.

Elsa Harmaan of Omaha, Mable Anderson of Pender and Hazel Sabin of Beatrice, will spend the week-end at the Alpha Phi House.

L. W. Chamberlain, formerly a student at the State University, is traveling in the east as press agent for L. R. Roberson, travelogue entertainer.

G. S. Spillman, law '08, is running for congress in the Third district, opposing Dan V. Stephens, present Democratic congressman and candidate for re-election.

The Thursday afternoon tea this week will be very interesting. Miss Drake has promised to bring Miss Mayhew and Miss Blanchard over to Art Hall to talk to the girls informally.

Ida Darlow has been chosen as a special maid to the queen at the Ak-Sar-Ben ball. Carol and Hazel Howard will also be maids. All of these girls attended University several years ago and are members of the Delta Gamma sorority.

Mr. and Mrs. R. L. Hargreaves will entertain at dinner Saturday, October 10, in honor of Mr. and Mrs. George Fawell. Mr. Fawell is a former university student and was married in Ohio in September. The dinner will be given at the Bryan home at Fairview.

The members of Delta Delta Delta sorority in Omaha will meet at the home of Mrs. R. A. Van Orsdell, 3511 Dewey Avenue, Saturday afternoon, October 10. This will be the first fall meeting of the members of the sorority in Omaha and during the winter the members will meet once a month.

A number of University students have been nominated in the contest being conducted by the Mganet Theater in which a Maxwell touring car, a \$100 diamond ring and a \$50 diamond ring will be given as prizes. The following are among those nominated: Alice Brooks, Genevieve Weesner, Gladys Wilkinson, Helen Hall, Cordelia Condra and Pauline Ensign.

Tuesday afternoon at 4 o'clock Miss Fern Elizabeth Foreman was united in marriage to Mr. Emerson Drouillard of Beatrice. Miss Foreman has been an assistant in the University Library for the past two and one-half years. The following young ladies who have been associated with Miss Foreman in the Library assisted in the dining room following the wedding service: Jessie Gloss, Adelaide Rood, Beth Etults, Mabel Zimmerman and Pearl Wolford. Mr. and Mrs. Drouillard will make their home in Beatrice where the groom is district clerk in Union Pacific round house. They will be at home to their friends after October 25.

Columbia Fresh Sing.

Freshmen at Columbia are required to be able to sing any song in the official song book by October 18. "Besides requiring the freshman to learn the songs of his alma mater," says the Columbia Spectator, "it should prove a great source of amusement to the members of the other three classes."

AGRICULTURAL ITEMS.

The Agricultural club will give their initial dance Saturday, October 10, at Fraternity hall. Tickets are now on sale in the hands of the committee, Whisenand, Ball and Elwell.

Mr. George Pugsley of Iowa is here visiting his son, Professor C. W. Pugsley, head of the extension department.

Mr. E. L. Godfrey, senior student in the College of Agriculture, has recently returned from Gage county where he assisted Farm Demonstrator O. H. Liebers. They have been especially busy gathering data on corn and potato experiments and vaccinating hogs.

Sunflowers vs. A Corn Crop.

That sunflowers use three times as much moisture as the corn plant is a fact recently found to be true at the Nebraska Experiment Station. After comparing several corn and sunflower plants during the growing season up to September 1, this year, it was found that the average amount of water used by a corn plant was four-fifths of a barrel, weighing 300 pounds. The average amount of water used by a sunflower was two barrels and a keg, weighing 952 pounds. From this it would appear that the farmer can well afford to keep down not only his sunflowers but all other weeds which are robbing the soil of moisture needed to grow a crop.

\$500 In Cash Prizes For Motion Picture Plots

AMATEURS ONLY: YOUR CHANCE

Big Prize Contest just announced; open only to those who have never before sold photoplays. Great opportunity for New Writers with New Ideas. Previous experience or special education not necessary. If you attend the movies you know the kind of ideas they want, and if you are willing to take a few lessons in spare time at home you have just as good a chance to win a big cash prize as anybody. This means you! One of your "happy thoughts" may win, and be made into a photoplay that will be shown, over your name, in theatres all over the country. Write at once, before Big Prize Contest closes, for full particulars and for free booklet "How to Write Photoplays." Elbert Moore, Box 172, C. 10 Chicago.
