

The Daily Nebraskan

VOL. XIV. NO. 24.

UNIVERSITY OF NEBRASKA, LINCOLN, MONDAY, OCTOBER 19, 1914.

PRICE 5 CENTS.

A PRE-MEDIC TRIP

TOUR OF INSPECTION THROUGH
ORTHOPEDIC HOSPITAL

OVER EIGHT MEN IN PARTY

Doctor Orr Gave Beneficial Lecture—
Doctors Wolcott, Barker, Dales
and Waite Present—Re-
freshments Served.

Friday night some eighty Pre-Medics found their way to the Orthopedic Hospital, near Tenth and South streets, where they were royally entertained by Doctor Orr and his co-workers.

Upon their arrival at the grounds the "will-be" doctors were escorted to a lecture hall, where Doctor Hall made plain the nature of the work being done in the hospital. His talk was spiced with statistics which tended to emphasize the importance of the maintenance of such a state institution. "The fact," said Doctor Orr, "that the state legislature is willing to appropriate \$150,000 for the advancement of this work goes to prove that our work and its value has been recognized."

After the lecture, President Updegraff of the Pre-Medic society, bestowed upon Doctors Orr, Wolcott and Barker honorary membership in the society.

Through the courtesy of the nurses the young men were shown through the institution from the basement to the upper floor. The inmates were seen in their respective rooms, i. e., in the sun parlor, where old Sol's rays have effect twenty-four hours each day, or in the inner wards. The operating room, the sterilizing room, the office, the kitchen, and even the dining room were open to the inspection of the investigators. It was in the dining room that the young men refreshed themselves for the informal dancing party which closed the event for the evening.

President Updegraff is responsible for the statement that the society is on a very sound basis and looks forward to a most successful year. Vice-president Oden, Secretary Cultra, as well as Treasurer Dackin, also have their shoulders to the wheel for making this a banner Pre-Medic year.

TENNIS PLAYERS START THEIR WORK

Several Matches Already Played—
Courts Now Getting into Fine
Shape.

Saturday saw the opening of the tennis tournament and several matches were pulled off. The weather during the past week put the tournament several days behind but the courts have been put into condition and the combatants are working overtime to decide the winner.

The results of the matches are posted in front of the Administration building. All matches scheduled in the first round must be played off today so those who have not played please take notice. Post your scores immediately so that the management will know that you have played.

The girls are taking an interest in

the present tournament and have announced that they intend to arrange a little contest of their own. In order for them to know how many are going to play those most interested have requested that all girls leave their names on the Bulletin Board in Girl's Locker Room or hand them in at office of the Daily Nebraskan.

The Modern Woman.

"She is an extraordinary woman, you know. She paints, plays, rides horseback, boxes, plays football, golf and is an aviator. It is too bad. If I knew how to darn my own socks I should marry her."—From Le Pele Mele.

SORORITIES MUST GO BEFORE NOVEMBER

High School Sororities Receive Death
Blow—National Ruling Does Not
Favor Them.

Every American high school girl who belongs to a Greek letter sorority and does not resign before November 1, will be barred from joining such sororities when she enters college, under a resolution adopted by the thirteenth congress of the national pan-Hellenic society, representing seventy thousand college sorority women. The congress will meet next year in San Francisco. Mrs. J. H. Crann of Iowa, president, was in the chair today.

Delegates discussing high school sororities said that most high school girls are too young to be members of such secret organizations. Their conduct leads to the formation of undesirable cliques, developed snobbishness in many instances, it was declared, and many of the girls became members against the wishes and without the knowledge of their parents.

GIRLS MAY SWIM AGAIN THIS WINTER

Will Have the Use of the Y. M. C. A.
Pool on Wednesday Morning—
Fifty Girls Wanted.

If there are fifty girls at the University of Nebraska who wish to swim on Wednesday morning from 9 to 11:30 and if these fifty girls are willing to pay two dollars for the privilege there will be swimming classes again this year.

As the University of Nebraska has no pool, arrangements have been made by Miss Park, the Physical Director for Women, with the local Y. M. C. A. whereby the pool at their building can be used by the girls one morning of each week. Responsible parties will be in charge of the pool and those who wish it may receive instruction in swimming. Credit in gymnasium will be given to those who are registered for the work, and all girls are urged to swim, whether they are taking gymnasium or not. The season will last ten weeks, and those wishing this enterprise completed, should sign at once at the Women's Gymnasium.

He Got Them All.

The constable in a small town received by post six "Rogues' Gallery" photographs, taken in different positions, of an old offender wanted for burglary in a neighboring city. A fortnight later the constable sent this message to the city chief of police: "I have arrested five of the men, and am going after the sixth tonight."—Everybody's.

GIRLS' CLUB PLAY

THE ALL STAR COMPANY MAKES
BIG HIT

PASS SUFFRAGE RESOLUTION

Miss Todd of California Pleads for
Women's Rights—Misses Jones
and Cummings the Star
Performers.

At 2:30 p. m. the girls of the University met at the Temple Theatre in a big suffrage rally. Miss Lowry introduced Miss Todd, of California, who talked on woman's political rights. This was interesting and to the point. She expressed the opinion that Nebraska would give her women the ballot at the November election. The applause that this opinion won indicated that it was universal.

After a few official announcements by President Lowry, the girls were entertained with the play, "Lady Geraldine's Speech." A very clever play and very cleverly presented. Miss Essie Jones, as the anti-suffragist, and Miss Cummings, as the militant suffragette, were among the bright stars in this all-star company.

Later, Miss Freda Staff introduced a resolution that the University men and women have a mass meeting Tuesday, 7 p. m., at the Temple, for the purpose of discussing the proposed amendment to the constitution concerning woman's suffrage. This resolution was accepted unanimously.

After singing the Cornhusker with their usual spirit, the girls adjourned to the parlors for a social hour and to meet such prominent advocates of the ballot for women as Miss Graham, Miss Howell and Miss Pfeiffer.

ANOTHER CHANCE
FOR KOSMET SHOW

Second Tryout Will be Held Next
Wednesday Night—Competition
Very Keen.

For the benefit of those who were not able to try out for the Kosmet Show last Wednesday night, a second chance to win a place in the cast will be given Tuesday night at 8 o'clock. Quite a few of the aspirants were unable to display their talents at the last tryout because of colds, absence from the city, etc. And it is for the purpose of giving everybody an equal chance that these second tryouts are held. Announcement of the cast will be made within a few days.

OLYMPICS SATURDAY DECIDED FOR SURE

Innocents Decide to Hold the Big
Scrap This Week—Many Events
Scheduled.

The annual olympic contests between the freshman and sophomore classes will be held on next Saturday. The event will be held on the Athletic field as in past years and no doubt will be attended by the student body in mass.

Both class presidents have appointed their committees and the latter have been working faithfully the past week in an endeavor to keep their class on top.

The following events will take place:

Shuttle race between a team from each class.

Heavy and light weight boxing.

Heavy and light weight wrestling.

Marathon race—run will be made to State Farm and back.

A tug of war.

Push ball contest—fifty men from each class.

The free for all—sophomores will defend their colors on a pole.

Several of these events are the same as last year while many of them will take the contestants by surprise, nothing like them ever having had a place in the curriculum.

ENGINEERS HOLD A SOCIAL MEETING

Mr. R. P. Wagner Gives Talk—Several
Other Little Speeches Given by
Members.

A business meeting of the engineering society was held Thursday evening in room 206 of the applied mechanics hall. An illustrated talk on city engineering was given by R. P. Wagner, this was a very thorough talk upon the subject and was enjoyed very much by all present. Mr. Wagner discussed the topic from every side and taken up in a practical way.

Dean O. V. P. Stout also spoke on general engineering subjects in a very capable manner.

Frank Campbell was elected secretary in the place of M. M. Garrett, who resigned.

A very sociable time was had and the engineers are beginning to look forward to these meetings as of growing importance.

LINCOLN DEFEATS OMAHA DECISIVELY

Wins From the Metropolis Boys—
Fastest Game on Nebraska Field
This Year.

Omaha high school went down to defeat to Lincoln high Saturday afternoon in a hotly contested game on Nebraska field. The final score was 36-0, Lincoln. This game is considered by many to be the best played on Nebraska field this season. Both teams played hard, clean football from start to finish. It was a fight clear through and Lincoln earned every point she made. The teams were about evenly matched in weight with the balance of speed on Lincoln's side. Omaha was very successful at forward passes but Lincoln demonstrated her ability to win at either straight football or at open play. Many University students turned out for this game and rooted for one side or the other. The referee was Johnson, ex-Doane, the umpire, Sanford White, all-American end from Princeton, side linesman, Obie Meyer. Omaha coach, Mills, Lincoln coach, Mulligan.

If He Were President.

If I were president of this country I would build a big cage on Ellis Island, in New York harbor, and every American who had been abroad for the first time would have to spend a week in the cage before landing. In this way about half of the nuisances would talk the other half to death about "When I was in—" and "When I was in —," and the home folks would live longer.—Luke North.

NEBRASKA TRIUMPHS

HAS LITTLE DIFFICULTY DEFEAT-
ING THE KANSAS AGGIES

THE AGGIES FAIL TO SCORE

Used the Forward Pass Almost Exclusively, But With Only Fair Success—Nebraska Is Penalized Frequently.

By H. I. Kyle

In the opening game of the Missouri Valley Conference season the Cornhuskers demonstrated that they still carried the punch necessary to win a championship by swamping the Kansas Aggies by a score of 30 to 0. The playing was exciting and spectacular because of the open style adopted by both teams early in the contest. Runs of from thirty to eighty yards were quite frequent, especially by the Nebraskans, while the forward pass was tried sixteen times by the Aggies, of which five were completed for a total gain of seventy-five yards, five were intercepted by Nebraska for a total gain of sixty yards and one touchdown, the other six being merely incompletes. The Huskers tried seven passes, every one of which failed, though none were intercepted.

The game was greatly marred by fumbling on the part of the Aggies and by penalties inflicted upon Nebraska. The Farmers are charged with eleven muffs, six of which were recovered by Stiehm's proteges, while the Cornhuskers have only one fumble to their discredit, and that one was recovered by the man who made it. As usual, Nebraska suffered greatly by reason of penalties inflicted upon her for holding and for getting offside, as well. She was set back eleven times for a total distance of one hundred yards, while the Aggies lost only fifteen yards in this way, being penalized once for holding.

Twice Nebraska's goal was in danger, the first time being in the second quarter, when two forward passes and a thirty-five yard run by Enns, the star left half-back of the Aggie team, brought the ball to the Cornhuskers' four-yard line, where the Farmers were held for downs. Again in the last period the Aggies made a strong

(Continued on page four)

STATE WATER POWER COMMISSION MEETS

Holds Meeting in Dr. Condra's Office
—Sends Report to Next
Legislature.

Last Friday the State Water Power Commission held a meeting in Dr. Condra's office. Representatives McAllister of Dakota City, Gustafsen from Mead and Palmer from Clay Center together with Dr. Condra comprise this commission. These members have been in the field most of the past week examining conditions along the Loop and the Niobrara rivers.

The commission outlined certain principles which should be maintained in the development of water power and sketched the preliminary draft of a law on water powers. They will send in a report to the next legislature.
