PRICE 5 CENTS.

A BUILDING NEEDED

THINGS LOOK PROMISING FOR FRIDAY NIGHT.

UNI. NEEDS UNION BUILDING

First Mixer to be Held Tomorrow Night—May be Many Like it in the Future in the Armory.

With the approach of the "mixer" tomorrow night the need becomes apparent that for a students' building where such affairs as these may be held, and which the students may use as a rest room between classes, instead of converting the library into such a place.

Although it is not expected that Armory will be unable to hold all who will come, nevertheless indications are that there will be a flattering attendance. It is easily seen that such a building as has been repeatedly proposed could be used to no loss and it would be found as useful as convenient.

The committees for the Friday night party are turning in their reports and everything points toward a successful evening. On the interest which the students take in this first "mixer" will depend its future whether it will be continued or the idea dropped. Many students have already signified their intention to come. However, if the authorities are to be convinced that it is the wish of the majority of the student body that such affairs be continued, the majority of the student body will have to attend, and present indications are that this will be the case.

In Texas.

Nebraska co-eds are overdressed—Daily Californian. From the amount of just plain co-ed visible here even on really cold days, we should say that the charge is not true as applied to Texas girls.—Daily Texan.

Census figures show that there are more than 6,000,000 farm families in the United States that are worth more than \$6,000. It is estimated that there are less than 1,000,000 families living in towns and cities who are worth more than \$6,000.

To make garments for women and children among the war sufferers, women at the University of Oregon held a sewing bee Saturday. The garments will be sent to the National Red Cross society, which is sending a relief ship to the war realm. Contributions from the students will pay for the material used.—Washington Daily.

ART EXHIBIT WILL START IN DECEMBER

Exhibit Consists of Fifty Select Paintings—First Time They Have Appeared at Nebraska

The directors of the Fine Arts College make the statement that there will be a large exhibit in Art Hall, beginning December the first. This exhibition will be without doubt the best and most important one which has ever been displayed in this University. It consists of fifty very select paintings of the best artists of Europe and America. This is the first time that these works of art have ever been on display anywhere except at the Institute but this year, at their own expense, they are sending these pictures to the various large universities of this country. Nebraska is indeed fortunate in being able to obtain this exhibition which will be the best cosmopolitan display ever shown here.

GIRLS' CLUB HOLDS LUNCHEON SATURDAY

Tickets Selling For Thirty-Five Cents Apiece—Will be Biggest Luncheon Ever Held.

Several years ago the Girls' Club started the custom of holding a luncheon on the day of the biggest football game. This year the luncheon comes on the day of the Kansas game, next Saturday. A large number of alumni is expected to be present, and there will be singing, and inspiring speeches by representative girls of the University, and by the women of the faculty. After the luncheon the girls will go to the football game in a body, and sit in the girls' section.

The tickets are now on sale, 35 cents apiece. Come and have a good time, work up a little school spirit, and get acquainted with University girls. This luncheon is an ideal "mixer" for the girls, and we want it to be the biggest luncheon in the history of the Girls' Club.

STUDENT COMMITTEE

MEETING CALLED FOR IMMEDIATELY AFTER RALLY

APPOINT LARGE COMMITTEE

Twenty-Seven Boys and Thirty-One Girls—They Will See That Everyone is Busy.

The following students have been appointed by the authorities to act as a reception committee on tomorrow night at the big all-University function. A meeting of this committee will be held immediately after the football rally this morning for the purpose of formulating plans for the carrying-out of the work on the following evening.

The young men are:
Albert Bryson
J. C. Beard
Vincent George
Bob Simmons
Kenneth Craig
Jack Emley
Kenneth Cook
Cloyd Stewart
E. E. May
Edward Shoemaker
Boyd Rist

(Continued on page 2)

PROF. SHELDON ON JURY THIS WEEK

Dismissed When Maxey's Case Came Up—Sheldon Has Served Several Times on Regular Panel.

Prof. A. E. Sheldon is serving on a jury this week. Mr. Sheldon was willingly dismissed on Dr. Maxey's case, the reason being that he might be interested. He was impeached on another jury and the prisoner upon seeing the jury, plead guilty and threw himself upon the mercy of the court. Mr. Sheldon has served several times on the regular panel and his suggestion is that the men serving on a jury do not talk. Juries which do not agree are usually hindered with too much eloquence. Mr. Sheldon states that he did not debate until the rest were through and then it had some effect.

STUDENTS PAINTING.

The students of the Fine Arts college are having their mid-semester "concours" this week. They are drawing without criticism, and after about a week the drawings will be hung in Art Hall and the best given honorable mention.

CONDRA LECTURES AT HIGH SCHOOL

Three Hundred People Hear Lecture—Illustrated by Moving Pictures of Conservation Service.

An audience of about three hundred people heard Dr. Condra's lecture at the high school auditorium Tuesday evening. The lecture was illustrated with moving pictures of State Conservation Service, of cattle and sheep industries, water power, traction engines on Nebraska farms, irrigation, soil formation, and poultry raising and marketing.

Tomorrow night the pictures of the better babies contest at the state fair and the Minnesota game 1913 will be shown.

Miss Lela Ward, '14, has been elected to a position on the faculty of the David City High School.

SPECIAL TRAIN TO IOWA FRIDAY NIGHT

All Who Can Pay or Hang on the Sides Urged to Come—Five Hundred Students to Go.

Now is the time for everyone to think about going to Iowa with the team. A special train will be run from this city, leaving here Friday night and which will arrive at Iowa City early the next morning. Each person who can afford it or is capable of riding under cushions or on side-door sleepers is urged to join the team and do all in their power to bring a victory back to Nebraska. The band is going. With their assistance along with the rooters the team will play their heads off to bring victory into the Nebraska camp. It has been intimated that over 500 students have signified their intention of going. The more the merrier. If one train will not accommodate the "gang" a second will be chartered so no need of worry. Begin planning now and talk it up with all your associates.

NO GAME YESTERDAY

MORE SECRET PRACTICE GIVEN THE TEAM INSTEAD

POTTER MAY PLAY SATURDAY

Men Are Now in Fair Condition, Though Several Are Still Handicapped by Early Season Injuries.

By H. I. Kyle

No exhibition game was played yesterday, the coach having decided that more practice was necessary in familiarizing the warriors in the new plays devised for the entertainment of the oncoming Jayhawks. As before, the practice was held secretly. We can promise the impatient fans that something startling in the way of football is due to be shown in next Saturday's conflict. This is all that can be told now; it's all a deep, dark secret, y'know.

Potter was out in his gridiron duds yesterday and it now seems probable that the doughty little general will lead the Scarlet and Cream forces in at least a part of the battle. Nebraska's football barometer has touched the high places again as a result. A feeling is prevalent among the fans that the Cornhuskers are fully fourteen points stronger with Potter in the game than without him.

Most of the men are now in fairly good condition, though Rutherford, Doyle, Norris and Howard are all still suffering from old injuries that are apt to prevent them from putting up their best game Saturday. It can be depended upon, however, that Stiehm will put the strongest possible team in the field against the Jayhawks.

The department of Greek archaeology of the University of Iowa has on exhibition a collection of two hundred tablets recently found while excavations were being made in the neighborhood of ancient Babylon. The tablets are said to date back 4,500 years, or from the days of the prophet Daniel.

Pi Phis who will attend the game Saturday are: Lucile and June Brown and Euroda Scott of Omaha, Claire Scriber of Dennison, Ia.; Hazel Thompson and Lucille Bell of York, and Charlotte Allen of St. Joseph, Mo.

UNIVERSITY BILL BOARD

Biggest Football Rally, Memorial Hall 11 a. m.
