

The Daily Nebraskan

VOL. XIV. NO. 45.

UNIVERSITY OF NEBRASKA, LINCOLN, TUESDAY, NOVEMBER 17, 1914.

PRICE 5 CENTS.

CAMPUS EXTENSION

THREE MILLION DOLLARS TO BE EXPENDED FOR BUILDINGS.

NOTHING DEFINITELY DECIDED

Probably Will Close Twelfth Street—Old University Hall Will Remain According to Plans.

Within a reasonable length of time the University will begin to expend its appropriation of three million dollars for the extension of the campus and the erection of more than a score of new buildings. No definite action has been taken yet. Chancellor Avery is absent, attending a meeting of the national association of state universities at Princeton, N. J. The board of regents will hold their first meeting since the election on Monday, November 23d. At that time they will consider the two plans submitted and will decide whether or not they will use them.

One of the plans leaves Twelfth street open and does not propose to tear down University Hall. The other plan closes Twelfth street and does away with University Hall. This latter plan has a large court in the middle with the buildings grouped around it. Of course it is impossible to anticipate which of the plans will be used, in case either of them is, but it is probable that the one which closes Twelfth street will meet with the most approval because it does not take up so much territory. Land is so high in this downtown position that it must be used carefully. Both plans specify for the erection of approximately twenty-five new buildings. One plan has twenty-seven buildings all together, the other thirty-one.

The matter has been one of too much importance to delay the commencement of extension now that the question is settled. Within eight or ten years the University of Nebraska should have as fine a group of buildings as any college in America.

Syracuse—By catching frogs and turtles and selling them to the University of Kansas, where they are used for experimental purposes in the biological laboratories, two students, Donald Carpenter and Harvey Kerr are working their way through college.—Daily Orange.

UNIVERSITY PEOPLE HAVE ANNUAL BANQUET

Met in Omaha During State Teachers' Association—Dr. Condra Aeted as Toastmaster.

The University people had their annual banquet at Omaha during the meeting of the Nebraska Teacher's More than two hundred people were present, and a great many more would have been had it not been for the lack of room. Dr. Condra acted as toastmaster. The Nebraska students and Nebraska graduates also respond to the call for meetings and it is this spirit which keeps Nebraska at the front. When the alumni of a school take an active interest in that school's work, it shows advancement.

FLYING SQUADRON CAMPAIGN CLOSES

Governor Hadley and Other National Characters Speak—Audiences Are Enthusiastic.

The Flying Squadron, the big prohibition campaign which has been in session in St. Paul's church since Saturday, closed last night. Governor Hadley, and several other national speakers gave very interesting talks and many prohibition songs were sung by the enthusiastic crowds. It is hoped by many that the results of this campaign will be very noticeable and effective.

PAST SCORES PREDICT JAYHAWKER'S VICTORY

Results of Former Games Give Kansas 153 Chances to Nebraska's 143.

The Kansas college paper went to the trouble of comparing the former scores of the Nebraska-Kansas games and were audacious enough to prophecy that the Jayhawks would win as they had 153 chances to 143 for the Scarlet and Cream. It seems that they missed their "callations" worse than the Frosh engineers missed some of theirs in the past semester exams although that hardly seems possible.

Next year perhaps the inhabitants of the state where the palace of the winds is located will be more conservative in the predictions that they turn loose to the winds of that state as this blew up to this institution and it is now being used as an example of how the Jayhawk got a tin bill in order to pick up a forward pass. The Jayhawks are to be congratulated upon their ability to see into the future, they are veritable seers and their predictions rival those of the weather man.

Commercial Club at Iowa.

A new club has just been organized at Iowa to be known as the "Commercial Club of the State University of Iowa." It plans to do work similar in character to that done by the Commercial Club here at Nebraska.

FRESHMEN LAWS MEET TODAY AT ELEVEN

Will Make Arrangements For a Smoker to be Held in the Near Future—Committee to be Appointed.

The president of the Freshmen Law class has called a meeting of the class for this morning. The meeting will be held in the Freshman Law Room at 10:50. A general discussion will be indulged in concerning a smoker to be held soon. The smoker will be for the purpose of getting acquainted and also for a general good time. The Freshman Laws are starting in right this year and will no doubt even equal the present Senior Law class in two years. That will be going some also because Dr. Maxey states that the present Senior class is the best one which ever listened to his lectures since the class of 1913-1914 left the University.

At tomorrow's meeting a committee will be appointed to look after the details of the coming entertainment. There will probably be several of these get-together meetings during the school year.

MAXEY WRITES WORK

CONTRIBUTES TO THE LITERATURE OF THE LAW.

EMPLOYERS' LIABILITY ACT

Thirty-Five Page Pamphlet is Brief But Comprehensive—Discusses Tendency of the Courts.

The literature of the law has recently received an interesting contribution from the pen of Dr. Edwin Maxey, professor of Public Law and Jurisprudence in the University of Nebraska. His work is a thirty-five page pamphlet on "The Federal Employers' Liability Act."

In substance the article is brief but comprehensive. The main features of the Federal Employers' Liability Act of 1908, together with the causes and purposes of its passage, are made to stand out clearly, and the fundamental legal relations of employer and employee in the railroad business are amplified and explained by liberal citations of statutes, decided cases and hypothetical illustrations. Dr. Maxey, who is not only a specialist in International Law but also a clear, logical and interesting presenter of problems

LINCOLN HIGH NOW CHAMPS OF STATE

Will Play York on Nebraska Field Next Saturday—Expect a Closer Game Than With Beatrice.

Lincoln High School will play York High next Saturday on the University field. This game will decide the football championship among the high schools of the state. By defeating Omaha and Beatrice by decisive scores Lincoln has well earned the title already and it is hardly expected that the York team will be able to successfully cope with the heavy team from the Capitol city.

Leonard Purdy, captain of the 1913 Cornhusker team, is coaching York this year and stated last Saturday that if Lincoln did defeat his lighter team they would at least find a harder conflict than they had at Beatrice. York tied Beatrice two weeks ago and since that time have been working up their defense and a complete line of attack which they will use against Lincoln next Saturday.

Those of the University students who are not fortunate in having the wherewithal to get to Iowa, or who do not secure the usual hold on the bottom of the berths will no doubt attend this game. Lincoln has a line this year which is heavier than any they have had for years while the backfield is made up of men who are experienced and fast. In the Omaha game they showed their ability to run interference in University class and it is hoped that this backfield will decide to enter the University when they finish down at the High School.

Coach Mulligan has won the title of being the best high school coach in the state on account of his team's work this year. Lincoln should well be proud of their University and High School teams and of the two head coaches, Stiehm and Mulligan.

"JACK" TEMPLE SEES SATURDAY'S GAME

Expressed Himself as Well Pleased With Result—How Could He Express Himself Otherwise.

Former Cornhusker Captain "Jack" Temple was down to the annual homecoming game with Kansas and seemed well pleased with the score although he would have been much more pleased to have been in the game as it no doubt recalled the days when he and Shonka were nailing the men of Minnesota and the other teams that this great pair of tackles met and stopped.

TRAMPS WILL START SOON TOWARD EAST

General Exodus About to Begin—Special Train Will Leave For Iowa City Friday Evening.

The annual exodus is about to begin. In years gone by it was to Minneapolis or to Lawrence. By the dozens they went, in cattle cars, on the rods, under suitcases covered with blankets, under berths, anyway to get there. But this year the old ramblers will wend their way in another direction—three hundred miles eastward to Iowa City—three hundred miles, just think of it. Those who go by freight will have to start early in the week. In spite of the distance the indications are that counting those who pay their way Nebraska will have a larger representation at Saturday's game than she has had at any foreign game in years. A special train will run over the Rock Island leaving Lincoln at 9:30 Friday evening carrying the band and five hundred students. It need not be added that the trip on that special train will be worth the money, saying nothing about seeing the game after they get there. It will be a picture worth looking at—five hundred loyal Cornhuskers rising to their feet to cheer the team as they come onto the Iowa field for the first time in eight years. It will be a battle royal and no one who has seen the team triumph time after time on the home field can afford to miss seeing them invade a hostile camp and scalp the Hawkeyes.

CATHOLIC STUDENTS HEAR BISHOP TIHEN

Speaks to the Catholic Students Club Sunday Afternoon—Three Musical Numbers Completed Program.

Last Sunday afternoon, the members of the Catholic Students Club and many others were given the rare treat of an address by Bishop Tihen of the Lincoln Diocese.

The theme for this occasion was "The Search For Truth, and Its Relation of Real Education." He emphasized the necessity of real intensive study and research as essential to the development of great minds. While enjoyments are necessary, yet there is an enormous waste of time and distraction of inherent power because of too much social life in many of our colleges and universities.

Besides the address there were also three musical selections which were very much appreciated. In the absence of the president, Mr. Keefe, Miss Mary Murphy acted as chairman.

These meetings are open and the large attendance shows the interest taken in the work.

THE HAWKEYES NEXT

HOEFFEL REPORTS IOWANS ARE STRONGER THAN EVER.

EIGHT VETERANS IN LINE-UP

Cornhuskers Went Through Saturday's Game Without an Injury—Regulators Have Light Signal Practice.

By H. I. Kyle.

Every Cornhusker regular was out in uniform yesterday, for the one-hour signal practice ordered by Coach Stiehm. After the reckless abandon with which the men flung themselves at their opponents, Saturday, it is remarkable that none of them are suffering from serious injuries. The splendid condition of the Cornhuskers greatly strengthens Nebraska's chance of trimming the Hawkeyes on the 21st.

Assistant Coach Hoeffel, who scouted the Iowa-Ames game, in which Iowa was returned the victor by the decisive score of 26 to 6, reports that Iowa has an unusually fast and aggressive team, which will make the Huskers play every minute from whistle to whistle, if they are to keep their 1914 slate clean. Gross, the flashy little quarterback for the Hawkeyes, whose brilliant broken-field running in last year's game will be remembered by all who saw it, is even better at it than he was then, according to Hoeffel. Along with Gross the Hawkeyes have seven other veterans of last year's team, including such stars as Kirk, Parsons, Garretson, and Barron.

Reports from the Hawkeye camp indicate that the Iowans are confident of victory over the sons of Nebraska. In the coming struggle, basing their hopes on a comparison of their score and ours, against the Ames Aggies. They figure that they are seven points stronger than Nebraska on that showing, and they expect to defeat the Cornhuskers by at least one touchdown. They have very carelessly overlooked the fact that one Potter was absent from the Cornhusker line-up, in the Ames game.

It must be acknowledged, however, that Iowa has one of the two strongest elevens that the Missouri Valley champions have been called upon to face this season. The Hawley team has held both Chicago and Minnesota to 7 to 0 scores this year, and has won all its other games by large scores.

PALLADIANS WILL INITIATE FRIDAY

Held a Meeting For Members Only Last Saturday Night—Costume Party.

A meeting for the members only was held by the Palladian Society last Saturday night. This was a costume party and the members had a great time. The evening was given over to games of various kinds. About forty members of the society were present. After the party had enough fun they finished the evening with a dainty lunch at the Paris. Next Friday the Palladians will hold their next meeting and will initiate several new members.
