RELIEF FUND GROWS

DIFFERENT ORGANIZATIONS CON-
TRIBUTE TO THE FUND.

BUCK HEAD OF COMMITTEE

Everything Arranged For Entertain-
ment This Evening—Large
Crowd Expected—Pledge
Paper Circulated.

The committee in charge of the Belgian Relief Fund are making herculean efforts to have a large amount to send to the unfortunate Belgians. At the convocation yesterday C. A. Sorensen spoke for about ten minutes. He said in part: "England, France, Germany, the United States, and Belgium, are all members of a great family of nations. Individually we are not simply citizens of Nebraska or the United States, but citizens of the world. Little Belgium is the innocent victim of an awful war. Her wheat fields are burned, her house ruined, and hunger stalks abroad in the land. The men are bitter, the women heartsick, and the children no longer laugh and play. Prosperous Nebraska wants to do her part." This is the sentiment of the members of the committee who have this work in their hands, and they will want the co-operation of every student in this University and the help of the people outside.

The committee, which had the fraternities and sororities take the matter up, has circulated a pledge paper among them and each organization has responded nobly. The fraternities have shown themselves especially willing to help in this fund; many of them making contributions as fraternities, and many of the men making contributions in the name of their fraternity. The sororities have not all been heard from yet, but they will no doubt do as well as the fraternities. The work is under the guidance of Prof. P. M. Buck and he reports it as progressing well. The tickets for the entertainment in connection with the fund are on sale on the campus and can be secured from any member of the committee and also from others who have them for sale.

The committee is expecting a good response from the students and it is up to them to see that the committee

FOSSIL FISH AT MUSEUM.

First of Its Kind in Museum—W. H. Conklin Sends Fossil From Hubbell, Nebraska.

Mr. W. H. Conklin, president of the bank at Hubbell, Nebraska, has just donated to the Museum a great fossil fish found in quarries near his place. It is the first of its kind received at the Museum, and is the more highly prized on that account.

WYOMING TEACHERS HEAR DEAN LUCKY

Addresses Wyoming State Teachers Association at Casper—Representative of Peace League.

Dean Lucky on his trip through Wyoming made an address on the philosophy of peace before a large gathering of the Wyoming State Teachers' Association at Casper, November 25. During his stop there he met Supt. Philip Peppoon, who wished to be remembered to his Nebraska friends. Dean Lucky has been appointed as president of the Nebraska School Peace League, and it was as a representative of this league that he made his trip through Wyoming.

UNIVERSITY MIXER

SECOND MIXER WILL BE HELD
DECEMBER ELEVENTH.

CHAIRMEN ARE ANNOUNCED

Plans Being Made to Make Party Even Greater Success Than the First One if it is Possible.

The second all University Mixer will take place Friday, December 11, in the Armory. There was a large crowd at the first one and everyone had a good time, so it is to be expected that there will be still a larger crowd than before; because all who came there will come again and bring everybody else they see. The committee at least asks each one to see that he comes.

Those in charge of the coming mixer, with the aid and advice of Miss Graham, are laying very careful and elaborate plans for the event. Everyone who has had even a glimpse into the secret sessions of the committee say that unlimited interest and "pep" is shown, which cannot fail to make success even greater than before—if such a thing is possible.

It has not yet been decided just what form the entertainment will take, but it will doubtless be varied and interesting. The committee met yesterday at 5:00 p. m., to discuss the means of entertainment and the use to which the proceeds of the party will be put. It was suggested by some that the money be given to some charity organization, the Relief Fund, or the Red Cross Society. Others thought that "charity begins at home," and the University can make use of the proceeds to good advantage. The following chairman of committees were announced:

Invitation, Miss Leyda.
Decorations, Irving T. Oberfelder.
Publicity, Otto Zumwinkle.
Reception, Ruth Bridenbaugh and John Lanz.
Music, Slevvers Sussman.
Stunts, Miss Glass and Miss Jones.
Finance, Otis Taylor.

SHUBERT'S SYMPHONY NEXT CONVOCATION

A Change From the Beethoven Program—A Light, Short and Pretty Movement.

Announcement was made yesterday that an extra number in the line of symphonies would be given at convocation tomorrow morning in Memorial Hall.

Shubert's Fifth Symphony, a light and pretty movement, is the music for the program. This symphony is short and very impressive. The entire movement will be definitely explained on the programs which will be distributed before the symphony program commences.

The regular symphony orchestra, with Mrs. Raymond at the organ, will render the music.

ONE ACCIDENT ON THANKSGIVING DAY

Prof. Fogg Almost Loses His Pet Horse—Intends to Buy a Goat to Feed on Freshmen Themes.

Prof. Fogg says that the Thanksgiving vacation almost proved fatal to his pet horse, though in a way vastly different from the usual Thanksgiving route. It seems that Prof. Fogg ordered some feed for his equine to be delivered at an early morning hour. However, the feed gentleman did not obey instructions, and when the professor returned at 5 p. m., he found the poor horse in the last stages of starvation. Prof. Fogg says that he regrets that he did not buy a goat in the first place instead of a horse, as he could easily keep a goat on the trash handed in to him daily in Rhetoric 13.
