Engineering Society

Meets Wednesday, December 16, 7:30 p. m., in M. E. 206. Talk on "Power Farming and the Fremont Power Farming Contest," by Prof. L. F. Seaton. Dr. Condra will show moving pictures of the contest. Meeting in charge of the Ag. Engineers. All are invited.

The University of Nebraska has never failed to give the Oliver their heartiest support to attractions of merit, and much interest has been aroused in the engagement of the San Carlo Grand Opera Company, tonight, Wednesday and Wednesday matinee. This meritorious organization is deserving of most liberal patronage for all of the operas selected for Lincoln—"Lucia," "Carmen," "Faust," and "Rigoletto." The Providence Journal in speaking of the San Carlo artists, said:

"Signora Vaccari renders difficult passages with rare voice, feeling and technique, while ensemble is equally finished in execution and interpretation."
