HIGH SCHOOL TOURNEY TO BE HELD IN MARCH

Intercollegiate Basketball Tournament Will Be Held in Lincoln Again This Year

The fifth annual Intercollegiate Basketball Tournament will be held this year in Lincoln from March 10 to 13, under the auspices of the University of Nebraska. Manager Guy Reed has sent letters to every high school in the state setting forth the requirements for eligibility, and inviting the schools to participate in the coming tournament.

The prospects for this year's tournament are the brightest. Last year there was nothing of the kind held in the United States that equaled the aggregation of high school basketball teams at Lincoln. There is every reason to believe that this year's tournament will be fully as large as last year's, and probably even larger.

The Lincoln Commercial Club has offered its support in every possible way, and has promised the use of the Auditorium for the final deciding games.

The games will be played according to the rules of Amateur Athletic Union, thus eliminating some of the rough playing in college games. It is expected that the receipts of the tournament will be sufficient to pay the traveling expenses of the visiting teams.

MAILING LIST IS TAKEN FROM OFFICE

Someone Representing Himself as a Member of Staff Takes List from Western Newspaper Union

During the past few days a person REPRESENTING himself as being a member of the Daily Nebraskan staff, called at the Western Newspaper Union and asked for a copy of the Nebraskan mailing list. As he said he was to use it for checking purposes, it was given to him by one of the printers.

In fairness to the candidates, or prospective candidates, who have either filed their applications or are considering making applications, this list should be returned to the business manager of the Daily Nebraskan.

It was the intention of the committee to release a complete list of the subscribers to the Daily Nebraskan as soon as the various students filed their applications. Owing to the fact that one list was secured without the knowledge of the business management, these lists will be withheld until this list is returned to the office.

If the party who has the list will kindly return it to the office of the Auditor of Student Accounts today the complete lists will be furnished to the candidates as they file their applications.

The committee which has charge of the election does not hold the party who has the list in his possession guilty of any serious crime. The committee simply wishes to make the election as fair as possible for each candidate or prospective candidate.

"THE EASY MARK" NAME OF NEW KOSMET PLAY

Northrup Finally Announces the Name of the Play—Got Inspiration in Omaha

The Kosmet Klub show has at last been duly christened and baptized. Ever since the announcement of the choice of a play dealing with a college theme was first announced people have been asking "what's the name of the show, anyway?" Now it's all settled. While loitering around in Omaha during Christmas vacation, Northrup received an inspiration. He announced the name at the last rehearsal as being "The Easy Mark."

THE CLASS DEBATES

DATES FINALLY SET FOR INTER-CLASS DEBATES

FOUR CLASSES ARE WORKING

Final Contest Will Be on Beta Kappa Day—Subject Deals With the Present Struggle in Europe

Dates for the interclass debates this year were set at the last meeting of the interclass debating board. The tryouts will be held in February. The Junior-Senior and Freshman-Sophomore debates will take place on February 26 and 27. The debate between the two winning teams, deciding the interclass championship, takes place at convocation on Phi Beta Kappa Day, March 22.

The Juniors and Seniors are entirely at variance as to which class will be represented on Phi Beta Kappa Day, nor are the Freshmen and Sophomores entirely agreed on this point. The Freshmen, placing their hopes in a number of spellbinders from the State High School Debating League, are laying for the Sophomore's goat, but the second-year men are equally determined to defend their "themed pet," having gained considerable experience along this line last year under the tutelage of Doctor Maxey.

The question to be debated this year is: Resolved, That the government of the United States should prevent the sale of munitions of war by citizens of this country to European belligerents.

This question has recently confronted our national administration and is at present before Congress.

Lawyers in Washington have decided to visit the University of Washington soon and they will then take occasion to look over the equipment with a view of making suggestions as to changes.

THE UNIVERSITY GLEE CLUB GAVE PROGRAM

Encouraging Reports Are Made in Regard to the Work of Those on the Program

The University Glee Club appeared yesterday afternoon on the program of the Matinee Musicale in the Temple. Together with Mrs. Arthur Gutzmer, contralto soloist, they presented the Brahms Rhapsody, based on Goethe's beautiful poem, "Harfreise in Winter."

"This rhapsody is exceedingly difficult, but was splendidly done by the boys, who are certainly to be congratulated on the kind of music they are selecting for their programs. The increasing interest in good music is a very encouraging sign," say those in charge.

Several of the band boys played in the orchestra.

Out of three hundred Yale students that voted on the question of compulsory chapel each day, in the week, only eight voted to abolish it.

The play was written by Mrs. Fred Laird, who took a course at the University of Nebraska in play writing several years ago under Professor Ford. Among the Cornhuskers taking part were John Carrol, Delta Tau Delta; Thomas Stribbling, Phi Delta Theta; Wade Martin, Fred Laird, Alpha Tau Omega, and Perry Smith, Sigma Chi. Mrs. Laird was a member of the Delta Delta Delta sorority while in the University.

FOOTBALL FIGURES

SOME STATISTICS OF THE PAST SEASON

MANY RECORDS SHATTERED

Parke H. Davis, of Princeton, Has Compiled Interesting Statistics of the 1914 Gridiron Season

Intercollegiate football, during the past season, was played by 450 colleges, 6,000 secondary schools, and by 1,500 teams not connected with educational institutions, but representing organized athletic associations, large and small. Thirty-four thousand games were played and 152,000 players participated in the sport. Notwithstanding the distraction of war and the handicap of tight money from every section come reports of increased attendance. Estimates place the total number of spectators attending football games in the United States during the fall of 1914 at 6,292,000 persons. The culminating assemblage, of course, was at the Harvard-Yale game at New Haven, where almost 70,000 people gathered and occupied almost twenty-nine miles of seats.

In the vast network of schedules overspreading the entire country it is impossible to select the various sectional champions without relying to some extent upon the consensus of
