VOL. XIV. NO. 83.

UNIVERSITY OF NEBRASKA, LINCOLN, THURSDAY, FEBRUARY 4, 1915.

PRICE 5 CENTS.

KOSMET KLUB PLAY

REHEARSALS GOING FORWARD
RAPIDLY NOW

"THE EASY MARK" ON FEB. 19

Music is Now on the Press and Will
Be Sold on the Campus Soon
—All Parts Are Now
in Good Shape

The Kosmet Klub music is now on the press and will soon be here. As soon as the music arrives it will be sold on the campus. This music is the best in the history of the club's work. The words were written by Northrup, while the music itself is the product of the genius of Scott.

Constant rehearsals of "The Easy Mark" are whipping the play into shape and from all indications it is the best ever. Clever wit, good music, and an exceptionally strong cast combined are going to please the patrons of the club more than ever before.

In Jack Elliott as leading man and Miss Edith Holcomb as leading woman the best talent in the University has been uncovered. In addition to these, Miss Rowley, of dramatic fame in the Omaha High School, and Phil Warner of Lincoln are furnishing the cleverest, wittiest and most talented of juvenile leads. Then comes Bob Harley, without whom no show is complete. "Bob" predicts he will score a terrific hit this year and has made arrangements with the management to secure a block of seats for out-of-town guests. Orville Chatt, Wilson Delzell and "Lum" Doyle all promise to make things go, and such men as these are bound to ring in their share of bouquets. Mr. Kearney is new to University audiences, but after this play he will live long in the memory of lovers of amateur theatricals.

Of the girls in the cast, few need any introduction. Miss Betty Doyle, the versatile Leyda sisters, and Eva McNamara all have good parts and are bound to make a hit.

Then last, but not least, comes the chorus. This bunch of girls and boys are the great feature of the show. They have taken Scott's music and are handling it like professionals. The production is far on its way to success when it is handled by such a fine collection of singers.

All in all, the show is good and will furnish to the University on February 19th the best entertainment of the entire year.

Four rehearsals are being held this week and they will be of daily occurrence from now on. Professor Scott is sparing no efforts to put the touch of professionalism upon those taking part and last night expressed himself as being very well pleased with the work so far.

The seats will go on sale about the 9th of the month. The exact date will be announced later, so that all may have an equal chance for the best seats.

Notice

All Senior girls out to the party Saturday afternoon, February 6, at 2:30 o'clock. Ten cents charge. This is for every Senior girl in the University.

FRESHMAN LAW ELECT OFFICERS

Interesting Time in Freshman Law Room This Morning—Keen Competition For Honors

The Freshman Law class are again going to sustain their reputation as being a wide awake class. Today they will elect officers for the ensuing semester and a spirited fight is looked for. The law hop committee reports a very favorable advance sale of tickets for their dance to be given at the Lincoln a week from Saturday. A report of the election will appear in the next addition of the Nebraskan.

DR. WELCH GIVES TALK ON FIRST AID

Gives a Very Interesting and Practical Lecture and Demonstration of First Aid Methods

The few who attended the meeting of the A. S. M. E. Tuesday evening felt themselves well repaid for any trouble that they were put to in coming out. Dr. Stanley Welch gave a very interesting and practical lecture on the subject of "First Aid to the Injured." He brought out very clearly those things which were of prime importance, and the order in which assistance should be rendered, to get results. Following the lecture, he gave a demonstration of the first aid methods of treatment of most of the more common injuries. The demonstration included the removal of foreign matter from the eye and treatment of the eye until a doctor can be obtained; bandaging and putting splints on a fracture; stopping loss of blood; treatment of a wound; artificial respiration; how to make and sterilize a bandage; making of splints and many similar things, which anyone is liable to be called on to do at any time.

This lecture deserved a much larger crowd, especially from the engineers, as it was prepared for engineers, and included the treatment of injuries most met with in engineering work.

Junior Notice

Meeting of the Junior debate committee and all intending to try out for the class team today at 11 o'clock in U. 107-D. Important.

C. S. HOBSON, Chairman.

ANOTHER MAN IN POLITICAL FIGHT

Paul Babson Announces Himself as Candidate For Business Manager of New Cornhusker

Today's issue contains the announcement of Paul Babson as candidate for business manager of the 1916 Cornhusker. He is the first man to publicly announce himself for this office. Mr. Babson is a Sophomore engineer and is very well known around the campus. He has managed a business of his own ever since coming to the University.

Although no definite announcement has yet been made it is understood around the campus that Ralph Lehr is also a candidate for this position and if so these two men will no doubt put up a very pretty fight for the honor of financing next year's annual.

CHARTER DAY FETE

MIXER COMMITTEE HAS CHARGE OF PROGRAM

MATINEE DANCE TO FOLLOW

Athletic Stunts of Interest—Hope to Revive Enthusiasm in Anniversary of Founding of Charter Day February 15

Charter Day—the annual University holiday in commemoration of the founding of the University of Nebraska comes, this year, on Monday, February 15.

Somewhat different plans for this entertainment are entertained by those in charge than were carried out on former celebrations of the same character. This celebration will take on the dual aspect of an athletic contest and an all-University mixer. In this way the committee hope to revive the enthusiasm that formerly accompanied the University of the founding of our Alma Mater.

The seven usual athletic features of the Charter Day celebration: The twenty-five yard dash, the twelve-pound shot put, the pole vault, the high jump, the fence vault, the rope climb, and the running high jump will start promptly at 2 o'clock, in the armory. It is expected that this part will last about an hour and a half, after which the time will be occupied in dancing and other social entertainments, until 6 o'clock.

Gold, silver and bronze medals are to be given, as in former years, for the first, second and third prizes, respectively, in these contests. These prizes have already been ordered and will be on exhibition, at the armory, the latter part of this week. Dr. Clapp informs us that a number of last year's winners in these contests are now out of school and that therefore there is a good chance for some new blood to get into the game and carry off some of the trophies.

The following mixer committee has been chosen: Iva Dunn, Bertha Ehlers, Margaret Rustin, Ethel Stone, Ruth Whitmore, Paul Babson, Lester Dunn, Kirk Fowler, Henry Pascale, and Ed Shoemaker.

SENIOR GIRLS PLAN AFTERNOON FROLIC

Music, Dancing and Kensington Frolic Afternoon's Amusement—Refreshments Will be Served

Another party for Senior girls will be held Saturday afternoon, February 6, at the Temple. The Black Masques will again be in charge, and a fine time is assured. Those who want to sew will be provided with rocking chairs around a cozy fire, and those who want to play games will find a variety arranged for them, and those who want to dance will find an orchestra prepared to furnish the music. Altogether, every one will find her own particular enjoyment arranged for. Remember what a good time you had at the last Senior party? Come out and meet some more Senior girls, then, whom you didn't find time to meet at that other party. Ten cents will be charged to pay for refreshments.

FOURTH SYMPHONY

Will Be Given at Tuesday's Convocation Instead of Thursday—Not so Long as the Third

The Fourth Beethoven Symphony will be given next week at the Tuesday convocation, instead of Thursday. All those intending to hear this symphony will please take notice of the change. After the strain of examinations, this music will probably be most welcome and an extra large audience is looked for. This symphony is much shorter than the third.

FRESHMEN MIXER IS WELL ARRANGED

Committee Promises Live Party—Evening to be Spent With Dancing Games and Refreshments

If the Freshman Mixer is not a success it will not be the fault of the committee in charge of the affair. All sorts of diversions are being planned for the evening and all reports are that things are moving smoothly.

The time to begin has been changed from 8 to 8:15. In view of one of the requests of the committee to the effect that girls come unaccompanied and boys come alone, it is hard to understand just why the change was made, since the men fussers or would-be fussers will not be required to wait upon madly for an extra hour or so until the last straggling wisp of hair has been brought to submission and the coiffure is finished. However, the word of the committee is law. The entertainment will start at 8:15.

In regard to the forms of entertainment there will be something for everyone, varying from dancing for those who think they can, to games for those who know they can't. The dancing will be in the Armory; the rest of the program will be given in Memorial Hall.

An admission charge of twenty-five cents will be made to defray necessary expenses.

A large number are expected by the committee, and the chairman urges that all remember the time (Saturday, 8:15), the place (Memorial Hall), and forget the girl. The feminine delegation will not be wanting in numbers.

A LECTURE TO BE GIVEN BY DR. ORR

Medical Gymnasium Class to be Favored by Dr. Orr From Orthopedic Hospital

On Thursday evening of this week the class in Medical Gymnasium will be offered a rare treat in the form of a lecture by Dr. Orr of the Orthopedic Hospital. The class will meet in the gymnasium at 7 o'clock and will go to the hospital in a body. An illustrated lecture will then be given by Dr. Orr. He will explain the work and aims of the institution. The class will then be taken on a tour of the building while Dr. Orr explains the uses of the different apparatus. Mrs. Park, instructor in the course, as well as the whole class are more than grateful to Dr. Orr for his kindness in offering them the opportunity of having this interesting and instructive lecture.

ATHLETES AT WORK

CHARTER DAY ATHLETES PREPARING FOR EVENT

HUGHES IS NOT A NEW MAN

No New Man on Wesleyan Quintet—Huskers Go Through Snappy Practice—Freshmen Mix With Lincoln High

Some fifty athletes are practicing daily in preparation for the annual indoor meet on Charter Day, February 14. The meet is a big feature of the holiday which celebrates the founding of the Cornhusker school, and if present indications are worthy of consideration, it is safe to say that the meet itself this year will be characterized by feature work throughout. The gym was the setting for a lively scene yesterday afternoon. The workouts for the twenty-five yard dash, broad jump, standing high jump, light and middle weight wrestling, and gymnastics brought forth some excellent work both from the old men and from the newer pupils of Hercules. Charter Day records which have been passing a peaceful existence for the past two or three years, are doomed to undergo no little agitation when their birthday comes around. One or two of them, at least, are slated to go the way all good records go.

Wesleyan scribes take issue with the Nebraskan as to the number of years' experience their center, Hughes, has had. According to reports from the Peaceful Spot, Hughes is not a new man on the Wesleyan quintet. Hussey, who is playing guard, was not a regular last winter, although he played in one of the Nebraska games, as well as in several other minor engagements. This is interesting news. Not only must Nebraska meet a team composed of expert basket tossers, acknowledged to be one of the strongest in the valley, but they must meet an aggregation of veterans, men who have been playing together for two seasons.

University Place, more commonly known as the Peaceful Spot, is found to be peaceful no longer. Interest in Friday's encounters is reaching a high pitch. The audience which will grace the new Wesleyan amphitheatre Friday night will be diverse in its makeup. Everyone talks basketball out there from the newly elected constable to dealers in University Place real estate. And then there are those benevolent citizens who will be in attendance Friday night just to get a good look at the philanthropic sons of Nebraska whom they have heard so much about in connection with the raising of funds for erecting the new gymnasium.

Varsity practice last night was very promising, and was unusually good in view of the recent misfortune. Gardner at forward is putting up a good, consistent game, as is Thiesen, who is alternating with him at forward. Shields at center is ably filling the bounding boots of Seven Myers, whom the team lost with the beginning of this semester.

After the 'varsity practice the fresh-
(Continued on page 2.)
