STUDENT COMMITTEE PLAN FOR FRESHMEN

Chairman Hewitt Has Force of Men
Meeting Trains—Unique Plans
Arranged For Next Fall

The freshman is the peculiar concern of the New Student Committee. The chairman of this committee, H. G. Hewitt, Law '19, is planning an innovation for next fall. At that time an attempt will be made early in the year to have every first-year man invited out to some Lincoln home for dinner on Sunday. This plan has been tried in a small way here in one or two churches and in a large way in other universities. The plan has been successful and has given to the freshman a greater realization of the interest that his college town takes in him.

Just at present Mr. Hewitt has a force of twenty-five acting as a committee meeting trains and welcoming the basket ball players in the tournament.

WAR SUMMARY

"To fight or not to fight! This is the important issue in Greece today. Shall she remain neutral or shall she increase the number of warring nations? She evidently has reached a crisis and must soon make a decision, which will either do or undo her. The King of Greece is connected by marriage to the German Kaiser and consequently desires to remain neutral and avoid all trouble. On the other hand, the minister of Greece, M. Venizelos, advocates war and the sending of troops to aid the allies against the Dardanelles. Unable to agree with the King's policy and foreseeing the danger of a rupture in the political realm of Greece, the Premier Venizelos and his cabinet have resigned. M. Zalmis, governor of the National bank, has been selected as the new minister because he favors peace. Greece must act carefully if she would avoid taking part in this great war and her action will, no doubt, hinge greatly upon the results of the operations of the Dardanelles. Other conditions of the war remain almost unchanged with each country endeavoring to hold her own. The greatest interest probably centers around Dardanelles, where the allied fleet is persistently bombarding the forts, hoping every minute to see them give way, and thus open up a new trade route, Russia will then gain possession of the trade route promised to her years ago by England, and she will find a ready market for her large crops of wheat, which means that the price of American wheat will make a sudden decline and then—what?

The falling of these forts means the capture of Constantinople and the driving back into Asia Minor of the Turks, an uncivilized and unreligious class of people, who have long hindered the advancement of southeastern Europe.

Germany's food supply is almost exhausted and she is ravaging Denmark to find sustenance for her soldiers.

Italy, too, is getting busy and may soon be numbered among the hostile nations. But old U. S. A. still waves her neutral flag. Three cheers for our U. S. A.

ELOCUTION STUDENTS JUDGED CONTESTS

Several Members of Class Have Acted
as Judges at Various Places
This Week

Students of the department of Elocution are much in demand this week for judging declamatory contests in various towns of the state. Tuesday night Le Mar Stanley went to Wymore, Hallie Workman went to University Place, and C. Nell Brown, Lucy Hewitt, and Leon Snyder judged at Ashland. This not only gives impartial judges for the contests, but also gives the students much valuable experience.
